

# S90-200-20, 2-TON HAND CHAIN HOIST WITH 20' LIFT

101932

JET® S90 Series hand chain hoists were designed with reliability and durability to perform in light-duty industrial applications. Easily maintained and serviced, the JET® S90 is available in capacities from ½ ton to 10 ton and standard lifts of 10, 15, 20, and 30 feet (custom lifts available). The JET® S90 is the ideal contractor grade hoist.

## FEATURES

- Safety
- The Weston style double ratchet pawl brake design splits the load to opposite sides of the ratchet gear for greater load security and increased safety
- Industrial rated alloy steel hooks rotate 360 degrees for easy rigging and slowly stretch to indicate an overload situation
- Durability
- Grade 80 black oxide coated load chain for added durability
- Intended for the harshest environments, the heat treated load plates and case hardened corrosive resistant internal parts extend the life of the hoist
- NEW! Secured with Allen screws and lock nuts, the cast-steel safety latches are more durable than stamped steel latches and will not bend out of compliance with lifting regulations
- Needle bearings support the load sheave to increase efficiency and promote smooth operation
- Impact resistant all steel construction for added durability and protection
- The smaller body and lightweight design are ideal for confined areas and low headroom applications
- Standards
- This product complies with ANSI / ASME B30.16 and HST-2 Standards
- Load tested to 125% of capacity with certificate
