

ToughPad FZ-G1 w/iKey Keyboard
Mounting Station
Model No. 450-4149

Loosen locknuts on back of Mounting Station. Remove brackets.

Place your iKey Keyboard into Mounting Station, making sure locking connector is passed through opening.

Replace brackets and tighten locknuts.

Position iKey Keyboard hinge/connection point to match mounting station angle.

Place Toughpad FZ-G1 onto iKey Keyboard and Mounting Station.

Secure connector to rear of iKey Keyboard.
