

JVC

2017 **MOBILE**
ENTERTAINMENT

Come onboard, where leading-edge innovations interface your smartphone with your car to enrich your driving experience. Take your favorite apps for a drive, view content on a big screen, and operate it all with touch-screen intuitiveness. Immerse yourself in quality sound that you can customize to match your taste. JVC—Enjoy the ride.

Apple CarPlay™ via USB

Apple CarPlay is a safer way to use your iPhone in the car. Simply talk to Siri or touch the receiver's display and get directions from Apple Map, make phone calls, listen to voicemail, send and receive texts, and listen to music all in a way that allows you to stay focused on the road.

Note: Apple CarPlay is available with iPhone 7, iPhone 7 Plus, iPhone 6s, iPhone 6s Plus, iPhone 6, iPhone 6 Plus, iPhone SE, iPhone 5s, iPhone 5c or iPhone 5 with iOS 7.1 or newer. The service may not be available in certain countries.

Android Auto™ via USB **androidauto**

Bring Android convenience into your car. Just plug-in via USB and have easy access to everything from Google apps to Google Maps from the JVC receiver. Access Android Auto's features by touch or voice command; make and receive phone calls, listen to your favorite music, and best of all, with less intrusion and interruption so you can drive safely.

Note: Android Auto is compatible with Android phones running Android 5.0 (Lollipop) or later. The service may not be available in certain countries.

Android™ Music Playback via USB

Simply connect your Android smartphone or tablet to the receiver via USB and enjoy a complete "plug and play" music playback solution.

Sound Optimization

High-Resolution Audio Playback

You can enjoy playback of 96kHz/24bit audio which contains about 3 times the musical information of music CDs (44.1kHz/16bit), or even 192kHz/24bit High-Resolution Audio files with their approx. 6.5 times data volume.

Time Alignment

By selecting the speaker type and the distance to the center of the listening position, the head unit will automatically adjust the timing of the sound output from each of the speakers so that the sound from each of the speakers will arrive exactly at the same time to the listening position.

K2 Technology for Enhanced Digital Sound Quality

K2 reproduces the original master sound by up-converting the frequency range and bit rate. For example, K2 up-converts a CD data (44.1kHz/16bit) to 48kHz/24bit, and reproduces higher resolution sound.

iDataLink Maestro

iDataLink
maestro

Advanced Vehicle Integration

iDataLink Maestro RR (sold separately) enables the retention of the factory steering wheel audio controls, factory amplifier, secondary displays and can even display vehicle information (performance data, climate controls, battery voltage, etc.) when connected to compatible vehicles.

*Available features may vary depending on the vehicle. The iDataLink Maestro RR is sold separately by Automotive Data. To find an authorized dealer please visit <http://maestro.idatalink.com/>

Linked to Your Life. Ready for Your Ride.

Bluetooth® Wireless Technology

JVC Streaming DJ

Connect up to 5 Bluetooth devices simultaneously, so you and your friends can take turns streaming music like a DJ. Move to the groove and get the party pumping to the max.

iPhone®/Android™ Automatic Pairing

Just connect your iPhone or Android device* via USB and the automatic Bluetooth pairing function will work to complete the pairing.

*JVC Music Play application is required.

2 Phones Full-Time Connection

You can connect two phones full time via Bluetooth, with secure and simple pairing.

Internet Radio & Digital Radio

Pandora / iHeartRadio / Spotify Control

Listen to Pandora, iHeartRadio, and Spotify from your smartphone with smooth control on the headunit via USB or Bluetooth connection for iPhone, and via Bluetooth for Android devices.

SiriusXM Ready

SiriusXM Radio is available with selected models. You can listen to over 100 Channels of music, sports, and entertainment.

Extra Convenience

JVC Remote Control App via Bluetooth®

Control the receiver's source directly from the smartphone using simple finger gestures with "JVC Remote" app* now available for both iOS and Android. You can even customize your audio setting, and see detailed source information such as song title, artist name and album art etc. from the smartphone.

Hear Every Sound, Feel Every Beat

DR Series Speakers

Carbon Mica Cone

Robust and lightweight carbon mica material provides highly responsive, clear and undistorted reproduction.

Balanced Neodymium Tweeter

Provides detailed high range and smooth mid range. Installable vehicle types are greatly increased thanks to its shorter height.

Wide Opening Grill

Grill's opening ratio is 30% wider than the conventional model, enabling increased durability and clear sound.

Hybrid Surround

Rubber Coated Cloth with increased mobility enables high efficiency and improved follow-up to audio signals.

Small-Design Tweeter Cover

Newly developed small cover significantly reduces areas that interfere with the woofer cone. High-quality sound is assured.

DR Series Amplifiers

• Toroidal Transformer

Stable power supply is assured thanks to a large-size toroidal transformer. Its high winding density and low flux leakage improves conversion efficiency of the power. The result is natural and powerful music playback throughout the volume range.

• Enhanced GND

KS-DR3001D/DR3005D offers a copper plate for the ground. Its low resistance value reduces loss of voltage to deliver clear sound with less distortion.

• Speaker-level Inputs for Easy Installation

DR Series amplifiers feature speaker level inputs with Auto Turn-on function. Installation is possible without having to detach the headunit.

RMS Power (4Ω)	150W x 1	40W x 2	40W x 4
Bridged (4Ω)	-	120W x 1	120W x 2
Frequency Response	20Hz - 200Hz	5Hz - 50kHz	5Hz - 50kHz

Subwoofer

CS-W120

12" Subwoofer Unit

	CS-W120
Type	12" Subwoofer Unit
Peak Power	1000W
RMS Power at 4Ω	150W
Frequency Response	25Hz - 2,500Hz
Surround	High-Density Foam
Magnet	21.3 oz Motor

Receiver/Speakers Packages

CS-J620

KD-R480

KD-PKR480

- KD-R480 CD Receiver
- CS-J620 6-1/2" 2-Way Coaxial Speakers

CS-J620

KD-R780BT

KD-PKR780BT

- KD-R780BT CD Receiver
- CS-J620 6-1/2" 2-Way Coaxial Speakers

Amplifier/Subwoofers Packages

CS-W120

KS-AX202

CS-PK202

- KS-AX202 2-Channel Power Amplifier
- CS-W120 12" Subwoofer Unit

CS-W120 x 2

KS-AX201

CS-PK2120

- KS-AX201 Mono Class-AB Amplifier
- CS-W120 12" Subwoofer Unit x 2
