

# INSTALLATION INSTRUCTIONS

## Part Number: VF2057

This filter fits: SEE CATALOG FOR CURRENT APPLICATIONS

**K&N® Cabin Air Filters** replace your vehicle's stock cabin filter with a reusable design that cleans and freshens incoming air. They are electrostatically charged to grab and hold dust particles. K&N® cabin air filters help control odors while they help capture most mold, mildew, fungus, spores, bacteria and germs.

**When applicable, refer to owner's manual for manufacturers installation/removal instructions. The following are helpful steps when replacing/servicing cabin air filter with K&N® cabin air filter.**

1. Open glove box and remove glove box shelf to gain access to cabin filter housing door. (Fig. 1 & 2)
2. Remove cabin filter housing door. (Fig. 3)
3. Remove cabin filter tray. (Fig. 4)
4. Remove dirty cabin filter from tray. (Fig. 5)
5. Install K&N® cabin filter into tray.

**NOTE: K&N® cabin filter will only fit one direction. The K&N® cabin air filter has features built in for clearance of ribs located in cabin filter tray. (Fig. 6, 7 & 8).**

6. Reverse steps 1-4 to complete the cabin filter installation. With the cabin filter installed, clean an area and apply the K&N® Stop Decal. The decal will help notify other that this is a reusable cabin filter.
