WORK VAN
EQUIPMENT

KARGO MASTER

IT'S THE VALUE PROPOSITION!

For over 40 years,

Kargo Master has been giving you more. More function, more strength, more durability, and more style than any other manufacturer of

truck and van equipment. When you purchase Kargo Master, you get the best products, the best warranty (lifetime), and the best price.

Located in Rancho Cordova, California,

Our state-of-the-art 60,000 square foot manufacturing facility enables us to make our products completely in-house. Design, fabrication, powder coating, and packaging all take place under the watchful eye of company founder, Dave Lewis. Innovation, automation, and critical process controls is what gives us the competitive edge, which in turn gives you a better deal.

We manufacture and sell productivity

Every Kargo Master product is thoughtfully designed to make you more efficient, more organized and more profitable. Faster, easier and safer, that is what we're

all about. It's tough out there. You can't afford to waste any time accessing or storing your tools and supplies. Get there, get it done and get going with Kargo Master equipment.

EZ ADJUSTABLE SHELVING

Quick, Easy & Economical

EZ Adjustable shelving is thoughtfully designed to reduce noise and rattle.

FEATURES AND BENEFITS

- Convenient formed shelf supports and permanent “pressed-in” fasteners enable you to assemble EZ shelf units in less than 15 minutes. Contoured end panels provide flush fit to van side, widest possible van aisle.
- Full steel shelf back provides additional strength and convenience.
- Position the middle shelf to accept Kargo Master standard drawer cabinets, or select two other practical shelf heights. Or, install an optional 4th shelf as an accessory. Middle shelf height can be adjusted with shelf unit mounted in the van.
- Each shelf comes with built-in 2” lips to contain cargo. Assemble with shelf lips down or up.

Part #	Description
48320	Adjustable Shelf Unit 32" W x 46" H x 14" D Grey
48420	Adjustable Shelf Unit 42" W x 46" H x 14" D Grey
48520	Adjustable Shelf Unit 52" W x 46" H x 14" D Grey

4832T	Transit Connect Adjustable Shelf Unit 32" Grey
48424	Adjustable Sprinter Shelf Unit 42" W x 60" H x 14" D Grey
40160	Extra Shelf For 48420 Grey

ALL-WELDED SHELF UNITS

FEATURES AND BENEFITS

- All shelves rest on half shear buttons for additional strength and support. Shelves welded to end panels gives greater support and eliminates rattle.
- No assembly required. Quick, easy, and less costly to install.
- Contoured top enables shelves to fit flush against van walls.
- Welded steel back panels give additional rigidity and support.
- Shelving is coated with hard scratch and chip resistant powder coat.
- Four widths available, 26", 32" and 42" (carries items up to 80" long).
- Numerous time and space saving accessories available.
- 2 3/4" shelf lips INCLUDED!

Floor Drawer Unit

- Heavy-Duty long (56") 3 drawer cabinet can be installed on the floor behind the bulk-head (side door pull out) or above the rear wheel well (rear or side door pull-out using accessory wheel well stand)
- 52" drawer extension provides ready access to equipment and parts while standing outside the van.
- Each heavy-duty drawer has a 250 Lb. load capacity.
- Unit includes 1 - 11" deep drawer and 2 - 5" deep drawers.
- Includes 4 plastic bins & bin dividers.

Part # 40250

Part # 40250
(wheel well stand
sold separately)

Pivot Pro™ 3 Long Drawer Unit On Rotating Wheel Well Stand

- Designed to support fully loaded Long 3 Drawer Cabinet.
- Allows Drawer Cabinet to be rotated slightly so drawer will clear the van rear door jam.
- Heavy-Duty ball and roller bearings ensure smooth stable rotation.
- Stand has positive stops to lock cabinets in rotated and non-rotated position.

Part # 40260 + 40250

250 Lb.
Load Capacity
(for each drawer)

UTILITY ECONO VAN RACK

FEATURES AND BENEFITS

- Available with 2 or 3 heavy-duty 1 3/4" square steel crossbars.
- Wide mount feet clamp securely to rain gutter. Feet coated at bottom to protect rain gutter paint.
- Each model fits full sized Ford, GM, and older pre-Sprinter Dodge.
- No drilling or cutting required.
- Zinc epoxy primed for superior rust resistance. Chip resistant **WHITE ONLY** powder coat.
- Ladder stop included.
- Low profile uprights enable access to low clearance parking facilities.

Part #	Description
40823	Utility Van Rack 2 Cross Bar-Rain Gutter Mount WHITE
40824	Utility Van Rack 3rd. Middle Cross Bar-Rain Gutter Mount SINGLE

Ratchet StrapTie Down

THE WORLD'S BEST CARGO RETENTION SYSTEM

Utility Van rack uprights are specially made to mount retractable strap mechanism.

- Securing ladders, sheet goods or building materials has never been easier.
 1. Release the retractable ratchet strap
 2. Wrap around your cargo and hook into the rack upright.
 3. Flick the ratchet lever and **BAM**, everything is locked down.
- No more fumbling with loose bungee cords or straps.
- You will save enough time to pay this Rack + Ratchet Strap system off in a month.

Part #	Description
40825	Utility Van Rack 2 Cross Bar-Rain Gutter Mount - RATCHET STRAPS INCLUDED

PRO II VAN RACK

FEATURES AND BENEFITS

- Full length of van (165" L x 55" W) for maximum cargo capacity.
- 4 heavy-duty 2" diameter crossbars to fully support long and short loads.
- Rear roller bar makes easy loading.
- Level cross bars support sheet goods, elevated standing platform, lumber, ladders, pipe, etc.
- Wide mount feet clamp securely to rain gutter.
- Feet coated at bottom to protect rain gutter paint.
- Each model fits full sized Ford, GM and all full size vans with rain gutters.
- No drilling or cutting required.
- Zinc epoxy primed for superior rust resistance.
- Available in chip resistant black powder coat only.

Includes NEW Rear Roller Bar for Easy Loading

- Rear roller bar makes it easier to load heavy ladders, bulky items, sheet goods and protects the top of the van.

Part #	Description
40870	Pro II Hvy-Duty Material Rack - Feet and Bars Kit W/Rear Roller
40880	Pro II Hvy-Duty Material Rack - Side Channel Kit

CLAMP & LOCK LADDER RACK

FEATURES AND BENEFITS

- Rugged crossbows are low over van roof to reduce overall vehicle height and to facilitate loading and unloading.
- Easy to reach lockable clamp arm firmly secures ladder to rack.
- Curb side clamp mechanism included. Order driver side mechanism (40813) sold separately.
- Wide mount feet clamp securely to rain gutter. Feet coated at bottom to protect rain gutter paint.
- Ladder grips are adjustable to secure extension and step ladders of all sizes.
- One model fits full sized Ford and GM vans. No drilling or cutting required.
- Zinc epoxy primed for superior rust resistance. Chip resistant white powder coat.
- Quick and easy to assemble and install.
- Driver side load retainers included.

Part #	Color	Description

40802+40813x2	WHITE	Low Roof Sprinter/NV DOUBLE Clamp & Lock

EZ LO-DOWN LADDER RACK

FEATURES AND BENEFITS

- Models available for covered service bodies.
- Heavy-Duty mechanism gently lowers and raises ladder into position. In lowered position, horizontal ladder is only 4 ft. above grade for easy loading and unloading. This is about 15" lower than competitor models. Helps prevent injury.
- Assist and dampener arms included.
- Rugged crossbows are low over van roof to reduce overall vehicle height and to facilitate loading and unloading.
- "Auto Lock" adjustable clamps firmly secure ladder to rack.
- 40853 includes curb side Drop-Down mechanism only. Order driver side mechanism (40863) sold separately.
- Wide mount feet clamp securely to rain gutter. Feet coated at bottom to protect rain gutter paint.
- Rung grips are adjustable to secure step or extension or ladders of all sizes.
- One model fits full sized Ford and GM vans. No drilling or cutting required.
- Zinc epoxy primed for superior rust resistance. Chip resistant white powder coat.
- Quick and easy to assemble and install.
- Driver side load retainers included.

TRADE PACKAGES

Why Choose A Equipment Package

The traditional Kargo Master Trade Packages have been designed, and field tested to provide all the storage and organizational capabilities you need to work quicker, safer, and more profitably. But please, do yourself a favor and consider one of our **EZ Trade Packages**. These unique storage systems incorporate the patented Kargo Master Pivot Pro drawer system. For very little additional money, you can access all of your most frequently used tools and supplies from outside the van. No longer will you be forced to crawl over the inevitable aisle clutter to access your stuff. Kargo Master Pivot Pro drawer system.

Partition, 60" Shelving & Drawer Units

Part #	Description
4061S	Sprinter Partition Panels With Solid And Fixed Center (Wing Kit Included)
48424	Tall Adjustable-Shelf 42"W x 60"H x 14D
40250	Steel 3 Long Heavy-Duty Drawer Unit

TRUCK RACKS

WHY KARGO MASTER?

DURABILITY: WE HATE RUST TOO!!! That's why every steel component of every Kargo Master rack is **Zinc Epoxy Primed** beneath the gloss **Marine Grade Polyester Powder Coat Finish**. This system provides **Over 5 Times The Corrosion Protection** of a conventional un-primed powder coat. All fasteners are **Yellow Zinc Plated or Stainless Steel**. No other manufacturer goes to this expense to protect your rack and your vehicle.

STYLE: All Kargo Master racks are made from **Round Tubing** that is stronger than square, and easy on the eye. Our premium full length racks have a sleek **"Flying Wedge"** appearance, with well proportioned top and bottom tubes. In the rear, the top tube resolves into the rear leg, forming an attractive rounded **Grab Loop**. We use clean **Swaged Tube Joints** that disappear. Fasteners are **Smooth Button Head** for OEM appearance. Finish is **Black Gloss (steel)** or **Clear Coated Metallic Flake (aluminum)**. **FEAST YOUR EYES!!**

STRENGTH: Don't be misled by published rack load capacity. There is no industry standard for measuring capacity. There is a big difference between supporting a static load and supporting that load while coming to a hard stop, veering around a tight freeway off ramp, or bouncing over pot holes or railroad tracks. **Kargo Master Are The Strongest** production racks available, and it is easy to understand why. We use **Bigger Thicker Round Tubes**, with **Extensive Gusseting** of legs and cross bars.

Pro II & Econo Truck	2" Dia. x .083" Thk. High Tensile Strength Steel Mech. Tubing
Pro III	1 5/8" Dia. X .083" Thk. High Tensile Strength Steel Mech. Tubing
Pro IV	2" Dia. x .120" Thk. T-6 Aircraft Aluminum.

These premium materials provide the **Highest Rack Capacity/Rack Weight Ratio** in the industry. Think of a mountain bike frame. Know this for sure. Your Kargo Master rack is, and if the **Capable Of Supporting More Weight Than The Truck It Sits Upon** rack frame bends, cracks, breaks or mechanically fails in any way, **We Will Replace It Free, Forever**

LOAD CAPACITY AND SAFETY

We are frequently asked about how much weight our racks will carry. Rack capacity is different from the amount of weight that can be carried safely by, or without damaging the body of your vehicle. While our racks are "rated" to carry a certain load, that does not necessarily mean you can, or should carry such a load on top of your rack! The manufacturer of your truck has specified a GVW (gross vehicle weight) limitation. That specified carrying limit is designed around the stock springs, tires, body strength and other components. Additionally, you must remember that any load on top of your rack will significantly change the handling and braking characteristics of your truck and may increase the vehicle's tendency to roll over. Overloading may also damage the bodywork of your truck. Never exceed the manufacturer's cargo weight recommendations and use common sense when loading your vehicle.

RACKS FOR PICK UP TRUCKS

RACKS FOR TRUCKS WITH SHELLS

MEDIUM-DUTY ECONO LADDER RACK

Fits All Trucks With Cab High Shells

Part # 30060 Mounts on truck bed rail, features sturdy 2” tubing, beefy 1/4” tk. foot plates, and two height settings, 24” or 27”. (High Setting Shown)

RACKS FOR TRUCKS WITH SHELLS

HEAVY-DUTY PRO II CARGO RACK

Camper Shell Front Mount Assembly

With camper shell applications, the rack footplates cantilever out from the side of the truck. This unique Kargo Master front mount assembly eliminates stress that can bend or otherwise damage thin sheet metal used in late model truck beds. Mounting is safe, simple, and solid as a rock. Front mount assembly is included with all Camper Shell racks.

MEDIUM-DUTY PRO III CARGO RACK

For Mini/Mid Size Trucks Only

Part # 80030 Mounts on truck bed rail features 1 5/8" tubing, heavy duty front mount assembly shown above, beefy 1/4" tk. foot plates, and a load capacity consistent with smaller mini/med trucks. Dimensions same as Part # 80020, except width E is 55", and heights C and D can be increased 6" with accessory leg kit Part # 31650.

Fits All Size Camper Shells

Part # 80070 Mounts on top of camper shell. Perfect for fiberglass shells that wrap around truck bed rails. No notching for foot plates. Top mount feet can be located at any length or width between 39"-45" apart. Heavy rubber gasket between shell top and mount plate provides waterproof seal. Rack is 108" long. **NOW IN METALIC SILVER.**

MOUNT OPTIONS FOR CAMPER SHELL

Taller Legs For High Rise Shells

These extended camper shell legs (set of four) are longer than standard to provide extra clearance for high rise camper shells.

Part # 31650 6" Taller for Mini Trucks - Pro III (80020 ONLY)

Part # 31550 3" Taller for Full Size - Pro II (01110 ONLY)

Part # 31530 6" Taller for Full Size - Pro II (01110 ONLY)

Part # 31540 6" Taller for F250 & F350 (01130 ONLY)

RACKS FOR FULL SIZE TRUCKS WITH COMMERCIAL CAPS

- Rugged crossbows are low over cap roof to reduce overall vehicle height and to facilitate loading and unloading.
- Easy to reach lockable clamp arm firmly secures ladder to rack.
- Curb side clamp mechanism included. Order driver side mechanism (40813) sold separately.
- Ladder grips are adjustable to secure extension and step ladders of all sizes.
- Zinc epoxy primed for superior rust resistance. Chip resistant white powder coat.
- Quick and easy to assemble and install.
- Driver side load retainers included.

Part #	Color	Description
40801	WHITE	Commercial Cap Clamp & Lock Ladder Rack (curb side only)
40813	WHITE	Clamp & Lock Mechanism Only (add to 40801)

RACKS FOR PLATFORM BODIES

Platform racks are supported in front by the existing cab guard. The rear legs are height adjustable by cutting, with mount brackets that bolt to the platform body frame.

**** PLEASE SEE PAGE 31 FOR PART #'S ****

COVERED BODY EZ-LODOWN LADDER RACK

- Heavy-Duty mechanism gently lowers and raises ladder into position. In lowered position, horizontal ladder is only 4 ft. above grade for easy loading and unloading. This is about 15" lower than competitor models. Helps prevent injury.
- Holds extension and step ladders.
- Assist and dampener arms included.
- Adjustable clamps firmly secure ladder to rack. No Straps or bungee cords.
- Zinc epoxy primed for superior rust resistance. Chip resistant white powder coat.

Part #	Color	Description
40858	WHITE	Single Wheel Covered Body Bows & Feet Kit
40859	WHITE	Dual Wheel Covered Body Bows & Feet Kit
40863	WHITE	EZ Lo-Down Mechanism (add to 40858, 40859)
40813	WHITE	Clamp & Lock Mechanism (add to 40858, 40859)

RACKS FOR TRUCKS WITH SERVICE BODIES

- Big 62" Width Cross Bars Provide More Carrying Capacity.
- For 8 Ft. and 9 Ft. Service Bodies - Standard and Extended Cab.
- Service Body Racks accept all Pro II accessories. Mount clamps are available to attach your custom accessories.

These highly crafted racks are quick to assemble and install. Rear leg mount brackets attach to the rear panel of the body. Brackets are located at the reinforced outside corner of the box where they can be raised or lowered without hitting tail lights. The height of the rack over the cab can be optimally set for all makes and models of truck or service body. Mount brackets set the legs off 5/8" from the rear panel to accommodate top opening boxes.

AVAILABLE IN WHITE

Fits Virtually All Makes And Models Of Service Body

1700 Pound Capacity!

Lifetime Frame Guarantee!

7" Vertical Leg Adjustment.

2" Frame Length Adjustment.

These highly crafted racks are quick to assemble and install. Our exclusive high strength round steel tubing and patented, precision fit interlocking components provide all the carrying capacity your truck and service body can handle. Our unique rear mounting brackets attach in areas where the rear body panel is reinforced. Telescoping front legs ensure optimal cab clearance.

OPTION A PURCHASED SEPERATLEY

When it is not possible to attach the included rear leg mounts to the back panel of your service body, an alternative is to mount the rear legs on top of the box. In order to do this, you must purchase our accessory mount kit # 70060

OPTION B PURCHASED SEPERATLEY

When it is not possible to attach the included rear leg mounts to the back panel of your service body in the ATTACHING AREA as shown above, an alternative is to mount the rear legs below the box lid and above the tail light/box lock. In order to do this, you must purchase our accessory mount kit # 70060

CUSTOM RACKS FOR FLEETS AVAILABLE

If you are looking to outfit a large fleet of service bodies, and need something a little different than the standard Kargo Master product, our engineers and designers would be happy to work with you. So long as the materials of construction and tooling stay basically the same, we can change the dimensions, mounts, color, etc. to exactly meet your needs. We can also provide specialized accessories. Please call us to discuss. You will find our price and lead time very reasonable.

TRUCK RACK ACCESSORIES

IMPORTANT: Unless Otherwise Noted, All Accessories Below Are Steel, And Will Fit Only 2" Dia. Pro II and IV. Parts With Red Astersisk* Will Fit Pro III, But Bushing Part # 31700 Is Required.

▲ Window Guard

Protects rear cab window while adding support to both the rack and truck bed. For all Pro-II racks. Powder coated 16 gauge cold rolled steel.

Part # 31080 Pro II Steel Full Size

Part # 31710 Pro IV Aluminum Full Size

Additional brackets required (31080C) for use with 01040 Leg Kit, or Pro III.

Extra Cross Bar Pro II, III & IV

Provides additional support points any where you need them. Removes quickly for bed access or taller loads.

Part # 31110 - 2" Steel Black - Pro II

Part # 31600 - 1⁵⁸" Steel Black - Pro III

Part # 31690 - 2" Aluminum Silver - Pro IV

◀ Conduit Box Kit

Carrying stall safely secures tubing or pipe to your rack. Made of heavy gauge powder coated steel. Includes complete mounting bracket kit. Use with our load dividers or when boxes are used in pairs, cargo can be locked to prevent theft.

Part # 31000

◀ Water Jug Mount*

Mounts Igloo™ style water barrel to leg of any Pro-II pick-up rack.

Part # 31160

◀ Utility Hook

Side mount hook holds coiled materials within easy reach of ground.

Part # 31150

◀ Light Mount*

Mounts emergency flasher lights to any location on side rails.

Part # 31170

◀ Load Dividers*

Clamps to cross bar tubes to control cargo movement. Use separately or with conduit box.

Part # 31020 (pair)

◀ Front Bar Wind Deflector*

All truck racks makes some wind noise when air rushes around front U bar. This clamp-on deflector can be adjusted to significantly reduce noise.

Part # 31570

Ladder Mount

Driver side or Passenger side - Our lockable "Jaws" clamp securely mounts ladder to the outside of any Pro-II truck or van rack. Preserves space on top of rack. Easy to reach from ground level.

Part # 31050
