

BATTERY CHARGING SYSTEM

KICHARN14

- Kit Includes:**
Battery Charger
2-Pin Connector
5' of Wire
Alligator Clamp Harness

The KICHARN14 Battery Charging System is a plug 'n' play kit designed to connect directly to your main wiring harness for the simplest, most practical charging solution. It's no longer necessary to have to pop your hood and deal with awkward clamps- mount the connector in the most convenient spot, and just one simple connection later and you're battery is on it's way to a perfect bill of health.

Option 1 Built-in Charging Setup

Option 2 Removeable Alligator Clips

For a more traditional, less permanent solution, kit includes standard alligator clips.
