

Klever S/T KR52

The Kenda Klever S/T utilizes an asymmetrical tread design and advanced engineering to supply confident, all-season performance for vehicles requiring speed-rated technology. The Klever S/T is designed to provide a long tread life, maximum ride comfort and a balanced tire performance for snow and wet weather for a wide range of CUVs and light SUVs.

KR52 Benchmark Test Results

Disclaimer: Indexed tests results shown were conducted on 225/65R17 via 3rd Party Sheldon Avenue Engineering.

Asymmetric tread design effectively balances inside and outside tire performance

Strong shoulder blocks enhance handling and cornering stability.

Increased sipe and lateral groove densities improve traction performance, efficiency, and driving stability in wet and snow conditions.

Wide lateral groove widths improves wet traction & resists hydroplaning.
