

Klever H/T₂ KR600

Kenda recognizes the need for a versatile and value-priced light truck tire for highway driving. We developed the Klever H/T2 at the Kenda American Technical Center in Akron, Ohio to provide a great ride with strong wet and snow performance for the light truck segment. Advanced modeling and compounding give the Klever H/T2 extreme durability allowing Kenda to offer a 50,000 mile warranty on LTR sizes and a 60,000 mile warranty for P-metric sizes.

Disclaimer: Indexed tests results shown were conducted on LT265/70R17 via 3rd Party Sheldon Avenue Engineering.

Computer optimized footprint for excellent wear and handling under multiple load conditions.

Strong shoulder blocks enhance handling and cornering stability.

Snow SIPES and increased lateral groove densities improve traction performance, and driving stability in wet and snow conditions.

Wide circumferential groove widths improves hydroplaning & wet traction.

KENDA
