

# Installation Instructions

## Part Number 33-2440

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter is a direct replacement for the stock air filter, and no modifications will be required. However the following procedure **MUST** be followed to ensure a proper fit and seal of the K&N® Air Filter.

### INSTALLATION

1. Unfasten the two airbox clips.
2. Remove the air filter tray and OE air filter.
3. Install the K&N® Air Filter into the airbox. (Fig. 1,2,3)

**NOTE: the large end of the air filter will be inserted first with tabs facing the top**

4. Install the OE tray making sure its completely sealed against the air box. (Fig.4)
5. Refasten the airbox clips. (Fig. 5)

**THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.**
