

K&N INSTALLATION INSTRUCTIONS

Part Number 33-2940

This filter fits: **SEE CATALOG FOR CURRENT APPLICATIONS ***

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter is a direct replacement for the stock air filter, and no modification will be required. However the following procedures **MUST** be followed to ensure the proper fit and seal of the K&N Filter.

INSTALLATION

1. Open the stock air boxes.
2. Remove the stock air filter elements and clean the inside of the box.
3. Place the K&N air filter #K332913RE (Fig. 1) into the passenger air box, and K&N air filter #K332938LE (Fig. 2) into the driver side air box.
4. Re-install the air box lids.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
