

INSTALLATION INSTRUCTIONS

Part Number E-9233

This filter fits: **See current catalog for applications**

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter is a direct replacement for the stock air filter, and no modifications will be required. However the following procedures **MUST** be followed to ensure the proper fit and seal of the K&N Air Filter.

Installation

1. Remove the stock filter from the air filter housing.
2. With a damp rag wipe out any dust or dirt that may be on the inside of the airbox.
3. Using the provided K&N sealing grease apply a bead around the perimeter of the airbox base. (Fig 1)
4. Install the K&N Air Filter onto the airbox base with the K&N logo on the driver side of the airbox. (Fig 2).
5. Re-install the airbox lid in the reverse order of remove.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
