MEET KOOKS NEW HIGH PERFORMANCE COATING PARTNER

Across numerous industries, Calico Coatings is customizing coating solutions that reduce friction and wear, save fuel and increase performance for their clients. Calico's arsenal of coating solutions include ceramic, Teflon®, thermal, dry film, PVD and more.

BALL AND SOCKET CLAMPING SYSTEM

With more than 25 years experience and manufacturing, Torca clamping systems provide a simple and effective way to connect exhaust system components and a broad variety of pipe joining and mounting applications.

GLOBAL EMISSIONS SYSTEMS INC.

A leader in environmental practices for motor enthusiasts. Specializing in the design, engineer and manufacture of world leading emission control. Technologies that dramatically reduce smog and greenhouse gas exhaust emission for any commercial fuel burning engine.

BRANDED PRODUCTS

2015 Ford Mustang GT 5.0L 4V. Four options available Headers and connection pipe kit, OEM to 3" cat back, 3" cat back X or H pipe and OEM axle back exhaust.

2014-2015 1500 series Silverado 5.3L and 6.2L Headers, 3" OEM Y-pipe connection and 3" cat back exhaust systems available.

2014-2015 Z28 Camaro LS7 1 7/8 and 2" Headers, OEM connection pipe to cat back exhaust system.

2009-2015 Dodge Ram and Dodge Durango 5.7L HEMI. Headers, Y-pipe connection and cat back exhaust systems available.

2005-2014 Dodge/Chrysler 300C, Magnum, Charger and Challenger. 5.7L HEMI, SRT8 6.1L and 6.4L HEMI. Headers, connection pipes and exhaust systems available.

2010-2014 6.2L Ford Raptor, headers Y-pipes and dual exhaust with your choice of polished Stainless Steel or black powder coated exhaust tips.

Designed for the 1963-1982 Corvette, this classic 304 grade Stainless Steel Header comes in two primary sizes 1 3/4" x 3" and 1 7/8" X 3".

Merging "Eco" friendly and Turbo "Boost" in the Ford F150 V6 platform, Kooks new 3" turbo back Y-pipe will increase performance in horsepower and torque.

A redesigned C5 Header for better fitment and easier installation with extensive testing to the X-pipe has resulted in increased horsepower and torque.

2013 SEMA NEW PRODUCT AWARD for the 2012-2013 Jeep Cherokee SRT8 6.4L HEMI Long Tube Header and complete exhaust system.

A complete line of Headers and X-pipes are available to fit all C6 models; 2005-2012 C6 Corvette base, Grand Sport, ZO6, ZR1 and 60th anniversary editions.

Kooks new TRI-Y header and 3" high flow connection pipes designed for the 2002-2009 GM SUV with the Inline 6 cylinder.

Kooks Headers and Exhaust developed a Stainless Steel Long Tube Header and torque scavenging X-pipe for the new 2014 C7 Corvette Stingray.

Designed for the 2011-2014 Mustang GT 5.0L as a mid length OEM replacement Header with 1 7/8" primaries, 3" collectors and 3/8" hand ported flanges.

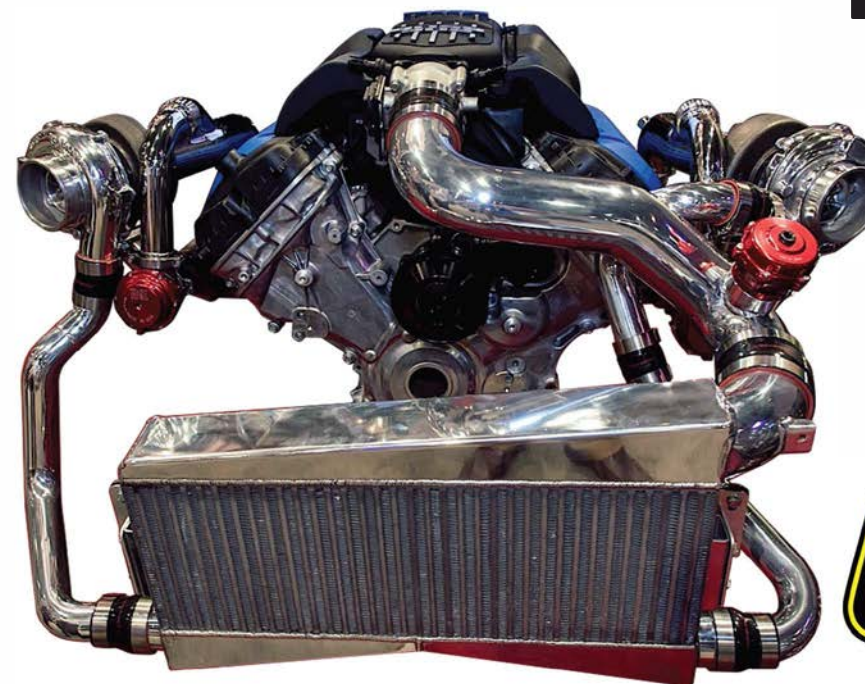

The Green Revolution is here, with ultra high performance green cats! The only North American EPA certified hi-flow catalytic converter on the market today.

LIMITED LIFETIME WARRANTY ON ALL KOOKS STAINLESS STEEL PRODUCTS.

EXHAUST ELEMENTS

COMPONENTS

Exhaust Elements	
Headers	
1	Made from 304 Stainless Steel or Mild Steel, available in various primary tube sizes, Headers are the first step in performance gains for any vehicle. Kooks Headers include gaskets, bolts and oxygen sensor extensions when required.
X, H, Y-Pipes & Stock Connection Pipes	
2	While Y-pipes and stock connection pipes are used for OEM connections points, X-pipes are used primarily for high end RPM performance and race applications. H-pipes create lower end power and are used for street cars that need performance with a comfortable sound level. All Kooks connection pipes are designed to be used with Kooks Long Tube Headers.
Cat Back Exhaust System	
3	An exhaust system from the first factory connection point behind the catalytic converters, includes mufflers and tips.
Axle Back Exhaust	
4	Connects to OEM factory exhaust. Includes mufflers and tips.

Kooks latest offering for the 2014-2015 Chevrolet SS with the LS3 engine package is here. This performance exhaust system has engineering estimates of 40+ horsepower. Starting with 3/8" laser cut flanges, made of 304 grade stainless steel and your choice of 1 3/4" or 1 7/8" primaries, these long tube headers with a 3" collector is just the beginning. 3" connection pipes include x-pipe for an even flow of exhaust gas pressures into the axle back polished oval race mufflers and quad 3" slash cut polished tips. All stainless steel products come with Kooks limited lifetime warranty.

The sound you expect, the quality you demand, the performance we guarantee.

Option 1.

Headers and Connection Pipe Kit Long Tube Headers offered with 1 3/4" or 1 7/8" primaries and 3" collectors. Connection pipes are offered with Kooks ultra high performance "GREEN" cats, standard race cats, or an off road version without cats. This option mounts to the factory OEM exhaust. Same kit is to be used with option 3.

Option 2.

OEM to 3" Cat Back Exhaust Connects to the factory manifold and cat system. Comes with 4" polished or black tips and 3" oval race mufflers or muffler delete pipes.

All systems are mandrel bent and made from 304 grade Stainless Steel.

Option 3.

Comp Series 3" Cat Back X or H pipe exhaust system. Must be used in combination with a choice of Long Tube Header and connection pipe kit from option 1. Comes with 4" polished or black tips and 3" oval race mufflers.

Option 4.

OEM Axle Back Exhaust Connects to the OEM factory tail pipes with a cut point. The axle back exhaust system comes with 4" polished or black tips and 3" round race mufflers or muffler delete pipes.
