

TRUCK HUB SEAL INSTALLER KIT

Includes:

- 1 - Handle Extension
- 2 - Handle
- 3 - Washer
- 4 - Flanged Nut
- 5 - 5-31/32" Driver
- 6 - 6" Driver
- 7 - 4-13/16" Driver
- 8 - 6-5/16" Driver
- 9 - 5-11/16" Driver

The set includes 5 drivers. The driver is designed to hold the seals to make installation easier. Includes handle extension for driving bearing races and seals on hubs with deep brake drums without removing the drums. For applications that do not need the length of the two-piece handle use only the handle with the solid end. Do not hammer on the tapped end of the handle extension. Use the included hardened washer between the driver and handle to protect the aluminum driver.
