# **LUND® NIGHTFX™ Guide Lights**

### **Short Copy**

New NIGHTFX™ Guide Lights are the <u>latest innovation from Lund!</u> Featuring plug n' play functionality, installation is simple: attach the lights anywhere on your truck, plug into the OBD port and watch them light up the night when you open any door of your vehicle or use your key fob. The lights will remain on for 30 seconds and fade off.

## **Long Copy**

NIGHTFX™ Guide Lights are the latest innovation from Lund® featuring plug n' play functionality. Installation is simple: attach the lights anywhere on your truck and plug into the OBD port. The lights are powered from the OBD, requiring no additional wiring. Activate the lights using your factory key fob or when any door to the vehicle is opened. They remain on for 30 seconds then fade off. Lights are sold as a set of four, made in the USA and are backed by a 3-Year Limited Warranty.

#### **Features & Benefits**

- Bright LED lights provide extra visibility (15 Lumens per Light)
- Low profile design so you can install under nerf bars, in wheel wells, truck bed, the options are endless
- Plug n' Play Functionality allows for quick installation
- Power comes from the OBD port with no extra wiring required
- Light output broadcasts across a large surface area
- Lights respond when you press the unlock button on the key fob or when any door is opened
- Backed by a 3-Year Limited Warranty
