Welcome to March Performance

Serpentine Systems, Brackets, Pulleys & More

Ultimate Systems & Lowest Price Using
Top Brand Name Accessories

Precision, Performance & Style

All March Performance pulleys and brackets are manufactured with a unique blend of durability, performance and "STYLE!" With over 35 years of aircraft and automotive manufacturing experience you can be assured that our systems will fit perfectly and run true!

Quality American Made Materials

All kits are machined from American Made 6061-T6 aircraft grade aluminum, and then we hard coat all high wear surfaces to increase pulley life. Hardened to 65 Rockwel "C" scale. Harder than steel, two times harder than forged aluminum!

"No Polishing Required!"

All March Performance brackets and pulleys are available with clear or black powder coatings that eliminates the need for laborious polishing in those hard to reach places. We use only the finest powders, Guaranteed not to chip or yellow. Many kits can be had in attractive Quality Chrome as well.

More Styles & Finishes More Choices

- ➔ **Chrome accessories and powder coating finish eliminate polishing.**
- ➔ **Larger crank pulleys aid in driving your alternator, water pump and A/C unit at idle and low speed cruising where it counts!**
- ➔ **Hard anodized water pump pulleys and idlers prevent wear.**
- ➔ **Grade 8 hardware holds strong.**
- ➔ **Press-on power steering flange eliminates need for you to press on pulley.**

G.M. Late Model Performance Pulleys

**GM
LATE MODEL**

The Right Choice in Performance Pulleys

- 1. POWER & AMP**
Our pulley systems are designed to give superb performance while maintaining perfect electrical charging. Even at idle.
- 2. DURABLE HARD-COATED SURFACES**
March Performance billet aluminum pulleys are hard-coated and reinforced in areas of high stress and wear.
- 3. MAINTENANCE-FREE POWDER COATINGS**
Our show quality billet pulleys stay looking new with our exceptionally durable clear powder coats

Our Aluminum sets are CNC machined from 6061-T6 billet for extra strength and wear. Finished with "No Polishing" clear Powdercoat.

Performance Series Increases horsepower by reducing accessory drag. 12.5 h.p. at rear wheels typical. Eliminates belt throwing. Designed for normal street driving.

Power & Amp Series Increases horsepower by reducing accessory drag. 11 H.P. at rear wheel. Designed for vehicles with high amperage needs. **EXCELLENT** for towing and heavy stop and go driving.

**CLEAR
Powder Coated
NO Polishing Required**

Serpentine Conversion Pulley Sets

Replaces V-Belt Pulleys for No-Slip Operation

Performance Ratios Our performance serpentine pulley sets replace your V-belts and eliminate belt throwing while retaining your standard rotation water pump. Increases horsepower by reducing accessory drag. 12-15 h.p. at rear wheels typical. Precision CNC machined to run perfectly true. 6061-T6 aluminum for extra strength and wear. Finished with a "No Polishing" clear powdercoat.

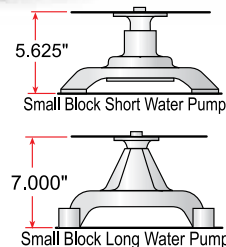

Mid Performance Ratios Uses performance crank pulley and high water flow water pump pulley.

High Water Flow Ratios Increases cooling by speeding up water flow and fan speed. This helps at critical low speed driving where most overheating occurs.

Serpentine & V-Belt Brackets

"High Performance" Alternator Brackets

Performance Series 6061-T6 Powdercoated billet aluminum brackets are precision CNC machined for perfect fit and alignment. To get belt tension perfect we supply you with high strength stainless steel tensioning rods and chrome moly rod ends. Available in a variety of mounting styles. Show quality ULTRA, low cost DELUXE and economy CUSTOM. (Requires alternator with 6&12 o'clock mounting position)

Part #20120 **ULTRA** Clear powder coated.

Part #20121 **DELUXE** Clear powder coated.

Part #20121-09 **CUSTOM** Low cost version of #20121 (silver powder coated)

Alternator Rear Support Bracket

Bracket allows engines that have no accessory holes to use long water pump bracket kits #20120, #20121 and #20121-09

Part #20122-09

Part #20121 Deluxe

Part #20121-09 Lower Cost
Silver Powder Coat

LONG WATER PUMP

Part #20120

Chrome Alternator & Power Steering Brackets

Now Get March Performance Style and Quality in a Low Price Chrome Steel Bracket

Our distinctive March Performance chrome plated alternator and power steering brackets provides a bit of style to any Chevy small block motor. Precision machined from heavy gauge steel for strength, reliability, perfect fit and alignment. Chrome plated for beauty. To get belt tension perfect on the alternator we even supply you with a high strength stainless steel tensioning rod and chrome moly rod ends.

Application:

Chevy small block with long water pump. Serpentine or V-belt pulleys.
Alternator requires passenger side cylinder head accessory hole.

#P80120-06 CHROME Alternator Bracket.

Includes Chrome Alternator Bracket, Stainless tensioning rod and rod ends and all Mounting Hardware

#P80160-06 CHROME Canister Style Power Steering Bracket

Includes Chrome Power Steering Bracket, Lower Support Bracket, Mounting Hardware

NOTE: P80160-06 may not fit with 1978 and newer metric Canister Style pumps

LONG WATER PUMP

"Inward Mount" Ultra Alternator Bracket

Alternator bracket fits serpentine and V-belt applications. Comes complete with tensioning rod and grade 8 mounting hardware. **Will Work with Vortech Heads. (Requires heads with accessory holes and alternator with 6&12 o'clock mounting position)**

Part #20721 Drivers Side Mount

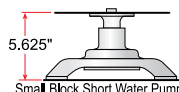

Part #20720 Passenger Side Mount

"Inward Mount" Ultra A/C Bracket

A/C bracket fits serpentine and V-belt applications. Comes complete with tensioning rod and grade 8 mounting hardware. Powder coated to eliminate polishing. **(Requires heads with at least 2 accessory holes and Sanden 505 or 508 compressor)**

Part #20722 Passenger Side Mount

Application: Ideal for narrow tall hooded cars, requires 13" above center of water pump, will fit some later cars. Check hood clearance, diagram on page 20

SHORT WATER PUMP

Matching Alternator, Water Pumps, Power Steering Pumps, A/C Compressors, Etc..... See Pages 71-76

Serpentine & V-Belt Brackets

"Inward Mount" Deluxe Alternator Bracket

Alternator bracket fits serpentine and V-belt applications. Comes complete with tensioning rod and grade 8 mounting hardware. **Will Not Work with Vortech Heads.**

#21001 Small Block Fits short water pump Chevys (Requires heads with accessory holes and alternator with 6&12 o'clock mounting position)

"Inward Mount" Deluxe A/C Bracket

A/C bracket fits serpentine and V-belt applications. Comes complete with tensioning rod and grade 8 mounting hardware.

#21002 Small Block Fits short water pump Chevys (Requires heads with at least 1 accessory holes and Sanden 505 or 508 compressor)

Application: Idea for narrow tall hooded cars. Requires 13" clearance from center of water pump shaft to hood. Works best with 1969 or later heads. **NOTE: Will Not Work with Vortech Heads, see brackets 20720 and 20721 above**

"Inward Mount" Custom Alternator & A/C Bracket

Short Water Pump

Fits 1957 and earlier cars and trucks. 1957 and later check for hood clearance, 14.5" minimum from center of water pump shaft to hood. Clear powder coated to eliminate polishing.

Part #20700 Fits short water pump small block Chevys (Will not work with Vortec heads) (Requires Sanden 505 or 508 compressor and alternator with 6&12 o'clock mounting position)

"Outward Mount" Ultra Alternator & A/C Brackets Short Water Pump

Our Performance Series 6061-T6 Powdercoated billet aluminum brackets are precision CNC machined for perfect fit and alignment. To get belt tension perfect we supply you with high strength stainless steel tensioning rods and chrome moly rod ends. (Requires heads with accessory holes and alternator with 6&12 o'clock mounting position, A/C requires Sanden 505 or 508 compressor)

Part #20131 Alternator Bracket Drivers Side Mount

Part #20132 Alternator Bracket Passenger Side Mount

Part #20171 A/C Bracket Passenger Side Mount

Application: Ideal for wide bodied low hood cars 1955 and later.

"Ultra Drive" Compact Design Front Mount Serpentine Kit

SHORT WATER PUMP

**CHEVY
SMALL BLOCK**

**Alternator, Air Conditioning and Optional Power Steering
Short Water Pump, Reverse Rotation Design**

The Ultimate Show Kit!

Designed for mounting accessories below the valve covers and in between the width of the heads. Precision CNC machined from 6061-T6 aluminum for strength and perfect fit. Hardcoated on high wear areas. Clear coated to eliminate polishing in those hard to reach places.

Application: Kit is designed to fit Ram Jet, Tuneports, Single and multi carb engines. Will not fit pre 1982 corvettes without modification to chassis

Kit 1. Ultra: as pictured Includes: • Chrome Sanden A/C compressor • 140 Amp Chrome Alternator, Tuff Stuff • Aluminum reverse rotation water pump • Tuff Stuff Type 2 power steering pump • Dayco Spring Loaded tensioner with Housing Cover • A/C bracket & nose cover • Alternator bracket • Power steering bracket and housing cover • Crank pulley • Hard Coated Water pump pulley with fairing and nose cover • Alternator pulley with machined fan and nose cover • Power steering & Tensioner Covers • Wing Cross emblem • A/C line fittings • Grade 8 mounting hardware

Kit 2. Deluxe: Ideal for cars with minimal engine to radiator clearance, see dimensional diagrams. **Includes:** All above mentioned parts, **Minus** - A/C nose cover - Alternator pulley nose cover - Water pump pulley nose cover - Tensioner pulley nose cover - Power Steering pulley cover

Kit 3. Custom: A low cost system that gives up nothing in performance. Uses non-polished A/C compressor, Water pump and alternator with standard steel alt fan. **Includes:** All above Deluxe Kit parts, **Minus** - All nose covers - Power steering housing cover - Tensioner housing cover

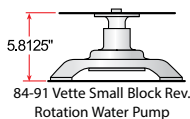

Optional Accessories for Custom Kits: • #392 A/C nose cover • #222 Alternator fan • #331 Water pump nose cover • #307 Alternator pulley cover • #20257-B Power steering housing cover • #780 Tensioner pulley nose cover • #20256-B Tensioner housing cover • #302 Power steering pulley cover

Optional All Kits: • #450 Billet Aluminum remote power steering reservoir, (See Page 73) • Stainless Braided Power Steering Lines Kts • #P624 Polished Stainless Fastener Kit

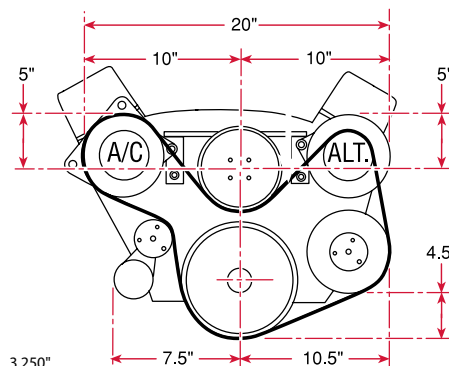

Our larger diameter crank pulley aids in driving your alternator, A/C, and water pump at idle where it counts.

"Style Track" Serpentine Kit

Alternator, Air Conditioning And Optional Power Steering and Alternator & Power Steering Only Option

March Performance all Billet Aluminum Style Track serpentine system is created with a combination of style and low price. The highly styled one piece bracket provides a rigid support for the alternator and A/C compressor; a separate bracket allows the option of power steering or no power steering.

These kits makes use of a unique easy to use belt tension adjustment tool. Once the belt tension has been set, the adjustment tool is easily removed and stowed away until the next time the belt requires adjustment. As a result, the Style Track displays a much cleaner appearance. For the ultimate in convenience an optional spring loaded tensioner is available.

Application: Chevy Small Block, Does Not fit Coves.

NOTE: No cylinder head accessory holes needed for mounting. Chevelle, Monte Carlo, El Camino, 1970 and newer camaro and S10 will require remote power steering kits

Kit Includes: • 105 Amp Chrome Alternator • Alternator pulley with fan and nose cover • Matching Chrome Sanden A/C compressor • Aluminum Water pump and Hardcoated pulley • Alternator and A/C Brackets • Crank pulley (Larger Dia for better accessory drive) • Belt Tensioning Tool • All Mounting Hardware

Kits with power steering include: • GM Type 2 power steering pump (does not include hoses or reservoir) • Canister Style power steering pump • Power steering pulley with nose cover • Bracket with mounting hardware.

Optional: • #450 Billet Aluminum Remote P/S Reservoir (see Page 73) • #21105 Spring Loaded Tensioner Kit • Stainless Braided Power Steering Line Kit (see Page 73) • 418-06 Chrome A/C Manifold • 140 Amp & 320 Amp Alternator • P625 Polished Stainless Fasteners For Kits 21100, 21150, 21155 • P626 Polished Stainless Fasteners For Kits 21185, 21190

Alternator & P/S Only Kit #21185 with Billet Accessories

Our larger diameter crank pulley aids in driving your alternator, A/C and water pump at idle where it counts.

"Revolver" Serpentine Kit

SHORT WATER PUMP

CHEVY
SMALL BLOCK

Alternator, Air Conditioning And Optional Power Steering
and Alternator & Power Steering Only Option

Revolver

Same combination of style and low price as our popular Style Track alternator, A/C, and power steering kit, but with Revolver styling.

One piece bracket provides a rigid support for the alternator and A/C compressor; a separate bracket allows the option of power steering or no power steering. This kit makes use of a unique easy to use belt tension adjustment tool. Once the belt tension has been set, the adjustment tool is easily removed and stowed away until the next time the belt requires adjustment. As a result, the kit displays a much cleaner appearance.

Application: Chevy Small Block.

NOTE: Chevelle, Monte Carlo, El Camino, 1970 and newer Camaro and S10 will require remote power steering kits

Kit Includes: • 105 Amp Chrome Alternator, • Billet Alternator, (Kit 21085) • Alternator pulley with fan and nose cover • Matching Sanden Chrome A/C compressor • Aluminum Water pump and Hardcoated pulley • Alternator and A/C Brackets • Crank pulley (Larger Dia for better accessory drive) • Belt Tensioning Tool • All mounting hardware

Kits with power steering include: • GM Type 2 power steering pump (Kit 21160), does not include hoses or reservoir • Chrome or Billet Canister Style power steering pump (Kit 21165 21090) • Power steering pulley with nose cover • Bracket with mounting hardware.

Optional: • #450 Billet Aluminum remote power steering reservoir, (See Page 73) • Stainless braided power steering line kits • 140 amp & 320 amp Alternator • P625 polished stainless fasteners for kits 21110, 21160, 21165 • P626 polished stainless fasteners for kits 21085, 21090

"Pro-Track" & "Pro-Track II" Serpentine Kit

Alternator, Air Conditioning and Optional Power Steering

**CHEVY
SMALL BLOCK**

SHORT WATER PUMP

Pro-Track

**Light weight, Extra Strength,
Race Proven 1" Thick Bracket**

For the Performance oriented engine builder March Performance's All Billet Aluminum Pro-Track serpentine system is just the ticket. This 1" thick one-piece alternator and air conditioning bracket is not only strong, but light.

A separate bracket allows the option of remote or canister style power steering or no power steering. Pro-Track makes use of a unique easy to use belt tension adjustment tool. Once the belt tension has been set, the adjustment tool is easily removed and stowed away until the next time the belt requires adjustment. For the ultimate in convenience an optional spring loaded tensioner is available.

Application: Chevy Small Block.

NOTE: No cylinder head accessory holes needed for mounting. Chevelle, Monte Carlo, El Camino, 1970 and newer camaro and S10 will require remote power steering kits

Kit Includes: • 105 Amp Chrome Alternator, • Alternator pulley with fan and nose cover • Matching Chrome Sanden A/C compressor • Aluminum Water pump and Hardcoated pulley • Pro-Track Alternator/A/C Bracket • Crank pulley • Belt Tensioning Tool

Kits with power steering include: • GM Type 2 power steering pump (does not include hoses or reservoir) • Or Saginaw Canister style Pump • Power steering pulley with nose cover • Bracket with mounting hardware.

Optional: • Optional Spring Tensioner #21105 • #450 Billet Remote Power Steering Reservoir • Stainless Braided Power Steering Hose Kits • 418-06 Chrome A/C Manifold • 140 amp & 320 Amp Alternator • P625 Polished Stainless Fastener Kit

"Style Track Street Rod" Serpentine Kit

Alternator, A/C & Optional Power Steering

Street Rod

Designed specifically for applications where the amount of forward clearance is an issue.

Highly styled one piece alternator and A/C bracket mounts the components above the intake allowing them to mount further back gaining the critical forward clearance needed in most pre 1940's applications. This kit utilizes the top manufactured components currently available on the market such as a Sanden 7176 chrome a/c compressor, A 105 amp chrome CS-130 case alternator and two options for power steering pumps. and effective belt routing eliminate belt squeal typically caused by belt slip and misalignment.

Application: Chevy Small Block

Kit Includes: • 105 Amp Alternator, Chrome • Alternator pulley with fan and nose cover • Chrome Sanden A/C Compressor nose cover • Water pump and Hardcoated pulley • Alternator / A/C Bracket • Crank pulley • All mounting hardware

Kits with power steering include • GM Type 2 power steering pump Kit #22250 (does not include hoses or reservoir) • Saginaw Canister steering pump Kit #22255 • Power steering pulley with nose cover • Bracket with mounting hardware.

Optional: • #450 Billet Remote Power Steering Reservoir • Stainless Braided Power Steering Hose Kits • 418-06 Chrome A/C Line Adapter. • 140 amp & 320 amp Alternator

March Quality and Innovation
for the Budget Engine Builder

Designed for the budget minded builder with the same March Performance quality and innovation as our Style Track kits. Complete with pulleys and a strong compact one piece combination alternator and A/C bracket, 6061-T6 billet aluminum

Top brand name accessories such as Sanden and Tuff Stuff. No Slip operation. Replaces your low performance V-Belt Pulleys. Simple to bolt on! Eliminates belt throwing. Larger crank pulley aids in driving your alternator, A/C and water pump for better cooling and improved charging during low speed driving. CNC machined from solid billet 6061-T6 aluminum. All accessories including Alternator, A/C compressor, power steering unit, water pump, pulleys, brackets and all mounting hardware. Available in Ultra Style with pulley covers and a Clear Powder Coating, or an economical black or silver Powder coat

Application: Chevy Small Block

Kits Includes: • 105 Amp Satin Alternator (Chrome In Ultra Kits) • Alternator pulley with alternator fan • Sanden Satin Aluminium A/C Compressor (Chrome In Ultra Kits) • Alternator & A/C Bracket • Water Pump & Pulley • Crank Pulley • Power Steering Kits includes Pump, Brackets and Pulley • Mounting Hardware.

Standard Mount "Ultra" Serpentine Kit

Alternator with Mid Mount Passenger Side Air Conditioning optional Power Steering Standard Rotation

This ingeniously designed mid mount serpentine kit incorporates a combination bracket that provides a compact and strong mounting for the alternator and air conditioner. Replaces your low performance V-belts, pulleys and brackets while retaining your standard rotation water pump. Eliminates belt throwing. Complete with stainless steel tensioning rod, chrome moly rod ends and necessary grade 8 mounting hardware.

Application: These kits fit most mid and full size cars from the early 1950's and newer. Kit also fits 1969 and later Camaros and Nova's. Other cars check water pump nose to radiator clearance. Long water pumps extend out 8" from the engine block, plus clearance for mechanical or electric fans. **Requires one accessory hole in passenger side head for mounting.** NOTE: if using 9600 billet pump with driver side a/c may require modification to A/C bracket.

Ultra Kits Includes: • Alt./Air Conditioner brackets and idler • A/C nose cover • Crank pulley • Water pump pulley with nose cover • Alt. pulley with alternator fan and nose cover • P/S kits includes power steering brackets and pulley • Superior grade 8 mounting hardware **For kits with accessories See "All Inclusive Kits" Below**

Optional: • 360 Power Steering Nose Cover (Page 74) • 417 A/C manifold (kits with passenger side A/C mount)

"Ultra" Small Block Serpentine Kit

Alternator, optional Power Steering and A/C
Standard Rotation/Long Water Pump

Ultra Kit Styling

Replace your low performance V-belts, pulleys and brackets with this compact Mid Mount kit that places your alternator and power steering pump below the center line of the water pump. Available with a drivers side mounted A/C option.

Simple to bolt on! while still retaining your standard rotation water pump. Serpentine belts eliminate belt slippage and throwing. Kits are available with performance pulleys for increased horsepower or high water flow ratios for increased cooling. CNC machined from solid billet 6061-T6 aluminum. This translates into a spectacular looking new machine finish with perfect fit and extra high strength. Comes complete with stainless steel tensioning rod, chrome moly rod ends and necessary grade 8 mounting hardware. Performance pulleys increase horsepower by approximately 12 h.p. depending on accessories driven.

Application: These kits fit most mid and full size cars from the early 1950's and newer. Kit also fits 1969 and later Camaros and Nova's. Other cars check water pump nose to radiator clearance. Long water pump kit extends out 8" from the engine block with nose cover in place, plus clearance for mechanical or electric fans. **Requires one accessory hole in passenger side head for mounting.**

NOTE : Modification may be necessary to rear p/s bracket if using ZZ4 style timing cover. **NOTE:** If using 9600 billet pump with a/c kits may require modification to a/c bracket

Ultra Kits: Includes: • Crank pulley • Water pump pulley with nose cover • Alternator pulley with alternator fan and nose cover • Alternator Bracket with relocation arm and adjustment rod • Power steering kit includes power steering brackets and pulley • A/C kits include Bracket, idler and A/C clutch cover • Superior grade 8 mounting hardware

Optional: • #360 Power Steering Nose Cover
• Stainless braided power steering line kits

"Sport-Track" Mid Mount A/C Serpentine Kit

**March Quality and Innovation
for the Budget Engine Builder**

Designed for the budget minded builder complete with pulleys and a strong compact one piece combination alternator and A/C bracket.

CNC machined from solid billet 6061-T6 aluminum. All accessories including Alternator, A/C compressor, power steering unit, water pump, pulleys, brackets and all mounting hardware. Available in a black or silver face plate

Application: Chevy Small Block Long water pump.

Kits Includes: • 105 Amp Alternator • Alternator pulley with alternator fan • Sanden Air Conditioner Pump • Alternator & A/C Bracket • Water Pump & Pulley • Crank Pulley • Power Steering Kits includes Pump, Brackets and Pulley • Mounting Hardware.

Optional Accessories:

- Nose Covers (Page 75)

Mounts the A/C low and on the passenger side for a compact and clean appearance

Shown with Optional Nose Covers

Inward Mount Serpentine Kit

Ultra Style for Single Carbureted Engines Standard & Reverse Rotation

Inward mounting places the alternator and A/C higher and towards the center of the motor to fit applications with narrow hoods. This bracket kit comes complete with stainless steel tensioning rods and chrome moly rod ends for high performance operation.

Application: Fits most cars. Requires 13" clearance from center of water pump shaft to hood. Works best with 1969 or later heads, 1969 - 1984 heads require tapping one hole in passenger side head, later heads simply bolt on. **Will work with Vortech Heads. If using ZZ4 style timing cover you will have to modify short water pump for clearance.**

Kit Includes: • Alternator bracket • A/C kit includes A/C bracket, hardware and nose cover • Tensioning rods and adjustable rod ends • Crankshaft pulley, water pump, pulley and nose cover • Alternator pulley with fan and nose cover • Grade 8 Mounting Hardware • Power steering kits include bracket and pulley

Optional Matching Billet Accessories:

- #450 Billet Aluminum remote power steering reservoir, (See Page 73) • Stainless braided power steering line kits • #20723 Idler Kit (prevents slippage when mechanical fan is used with std. rotation water pump) non A/C applications changes belt size see instructions. (will not work with kits #20726 and #20727)

Outward Mount Serpentine Kit

Outward Mount Alternator and A/C Optional Power Steering

This system bolts to the front of any 1969 or later small block Chevy heads. Precision CNC machined from solid billet 6061-T6 aluminum to fit perfectly and handle high torque and vibration. This bracket kit comes complete with stainless steel tensioning rods and chrome moly rod ends for high performance operation. All necessary hardware included. Matching serpentine pulleys are precision CNC machined from 6061-T6 aluminum. This is the same material we use for NASCAR pulleys! These pulleys will not fracture like common cast pulleys. High tensile strength means much longer wear. We go as far as hard coating the high wear areas on our pulleys! Our high water flow ratio increase water flow and fan speed. This helps at critical low speed driving.

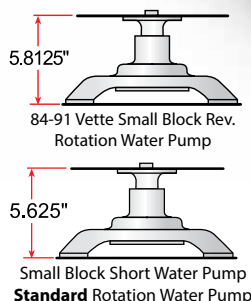

Application: These kits fit most 1955 and newer Chevys and Corvettes 1963 to 1982. Water pump with nose cover extends 6.5" from the engine block, plus clearance for mechanical or electric fans. Requires 2 accessory holes in head for mounting. Kits with power steering must have side motor mounts (55-57 chevys)

NOTE: Chevelle, Monte Carlo, El Camino. 1970 and newer Camaro, and S-10 require remote power steering kit. If using ZZ4 style timing cover you will have to modify short water pump for clearance.

Kit Includes: • Alternator and A/C brackets • Tensioning rods and adjustable rod ends • Alternator relocation arm • Idler bracket with dual idlers • Heater hose extension fitting • Crank pulley, Water pump pulley with nose cover and alternator pulley with fan and nose cover • A/C clutch cover • Grade 8 Mounting hardware • Power steering kit includes power steering bracket and pulley

Optional Accessories: • #450 Billet Aluminum remote power steering reservoir, (See Page 73) • Stainless braided power steering line kits

"Ultra" Outward Mount Serpentine Kit

Outward Mount Alternator and A/C Optional Power Steering

This system bolts to the front of any 1969 or later small block Chevy heads. This bracket kit comes complete with stainless steel tensioning rods and chrome moly rod ends. All necessary hardware included. Matching serpentine pulleys are precision CNC machined from 6061-T6 aluminum. High tensile strength means much longer wear. We go as far as hard coating the high wear areas on our pulleys! Our high water flow ratios increase water flow and fan speed. This helps at critical low speed driving.

Application: This kit is designed to fit 1955 or later Chevys and 1968-1982 Corvettes. Kits with A/C require 1984-1991 Corvette reverse rotation short water pump. Requires two accessory holes in head for mounting. Kit with power steering must have side motor mounts (55-57 chevys). If using ZZ4 style timing cover you will have to modify short water pump for clearance. Blower setups...call for different Idler arrangements **NOTE: Chevelle, Monte Carlo, El Camino. 1970 and newer Camaro and S-10 require remote power steering kit.**

Kit Includes: • Alternator and A/C brackets • Tensioning rods and adjustable rod ends • Alternator relocation arm • Idler bracket with dual idlers • Heater hose extension fitting • Crank pulley, water pump pulley with nose cover and alternator pulley with fan and nose cover • A/C clutch cover • Grade 8 Mounting hardware • Power steering kit includes power steering bracket and pulley

Optional: • #450 Billet Aluminum remote power steering reservoir, (See Page 73) • Stainless braided power steering line kits

"Outward Mount" Serpentine Kit

For Blower & Ram Jet Engines Alternator and A/C, Optional Power Steering

Designed to help solve the problem of mounting accessories on motors with blowers. This system bolts to the front of any 1969 or later small block Chevy heads. Comes complete with stainless steel tensioning rods and chrome moly rod ends for high performance operation. All necessary hardware included. Our high water flow ratios increase water flow and fan speed.

Application: Blower Ram Jet and Multi Carbs Setups. This kit is designed to fit 1955 or later Chevys and 1963-1982 Corvettes. Kit requires 1984-1991 Corvette reverse rotation short water pump. Ram Jet engines use cast iron head kits. **NOTE: Chevelle, Monte Carlo, El Camino. 1970 and newer Camaro, and S-10 require remote power steering kit. If using ZZ4 style timing cover you will have to modify short water pump for clearance.**

Kit Includes: • Alternator and A/C brackets • Tensioning rods and adjustable rod ends • Alternator relocation arm • Idler bracket with dual idlers • Heater hose extension fitting • Crank pulley, Water pump pulley with nose cover and alternator pulley with fan and nose cover • A/C clutch cover • Grade 8 Mounting hardware • Power steering kit includes power steering bracket and pulley

Optional Accessories: • #450 Billet Aluminum remote power steering reservoir, (See Page 73) • Stainless braided power steering line kits

*Perfect for Low Hood Applications
like 63 to 82 Corvettes*

Ultra Style with Clear Powder Coated brackets, pulleys and pulley covers. Highly styled separate alternator, power steering and air conditioning bracket. Option of remote or canister power steering or no power steering. Comes complete with alternator, an alternator pulley with fan and nose cover, A/C compressor and nose cover, a water pump with pulley and nose cover, a crank pulley and the alternator/A/C bracket. Kits with power steering include a type2 remote power steering pump or Saginaw canister style pump and the power steering pump pulley with nose cover. These kits also include all the mounting hardware you'll need and detailed instructions so installation is a snap.

Application: Chevy Small Block Short Water Pump, Fits 1963 -1982 Corvettes , Chevy 2, Camaro , Malibu, Full size Chevy.

NOTE: GM A Body, 1970 and newer F Body, and G Body Vehicles require remote reservoir power steering kits.

Kit Includes: • 105 Amp Alternator Satin (Chrome In Ultra Kits) • Alternator pulley with fan • Matching Chrome A/C compressor • Sanden A/C Compressor Satin (Chrome In Ultra Kit) • Water pump and Hardcoated pulley • Alternator and A/C Brackets • Crank pulley (Larger Dia for better accessory drive) • Four idlers for perfect no-slip belt wrap • All mounting hardware

Kits with power steering include: • GM Type 2 power steering pump (does not include hoses or reservoir) • Saginaw Canister steering pump (no reservoir or lines required) • Power steering pulley • Bracket with mounting hardware.

Optional: • #450 Billet Remote Power Steering Reservoir • Stainless Braided Power Steering Hose Kits • 418-06 Chrome A/C Manifold • 140 amp or 320 amp Alternator

Early Model Corvette Serpentine Kits

Alternator & Optional A/C & Power Steering

SHORT WATER PUMP

**CORVETTE
SMALL BLOCK**

Early Model Corvette

These new kits makes use of a unique easy to use belt tension adjustment tool for the alternator and A/C. Once the belt tension has been set, the adjustment tool is easily removed and stowed away. As a result, the Style Track or Revolver displays a much cleaner appearance. A separate easy to use rod end at the power steering pump allows accurate adjustment of the crank, power steering and water pump belt. Two separate idlers ensure perfect "no-slip" belt wrap.

Application: Chevy Small Block in 1963 - 1967 C2 Corvettes and 1968 - 1982 C3 Corvettes.

Kit Includes: • 105 Amp Chrome Alternator, • Alternator pulley with fan and nose cover • Matching Chrome A/C compressor • A/C Compressor nose cover • Water pump and pulley with nose cover • Alternator/A/C Bracket • Crank pulley • Idlers • GM Type 2 power steering pump (does not include hoses or reservoir) • Power steering pulley with nose cover • Power steering Bracket with adjustment rod and mounting hardware. • Belt Tensioning Tool • All mounting hardware

Optional: • #450 Billet Aluminum remote power steering reservoir, (See Page 73) • 418-06 Chrome A/C Manifold • 140 amp or 320 amp Alternator • P622 Polished Stainless fasteners, (kits with Alt & P/S only) P623 (kits with Alt, A/C & P/S)

"Revolver & Style Track" Electric Water Pump Bracket Kits

Billet or Chrome Alternator and Power Steering

This newly styled Revolver serpentine drive kit from March Performance is specially designed to address the problem of driving the alternator and power steering on engine with the popular electric water pumps. This rigid one-piece bracket is the perfect solution. It's easy to install and incorporates two idlers to ensure perfect "no-slip" belt wrap. Like our other Revolver kits it makes use of a unique easy to use belt tension adjustment tool. Once the belt tension has been set, the adjustment tool is easily removed and stowed away until the next time the belt requires adjustment.

Application: Chevy Small Blocks.

Kit Includes: • 140 amp March Billet alternator, (kit #22100) • 105 amp chrome alternator, (kit #22105) • Chrome Sanden A/C compressor (kits 22110, 22115) • Alternator pulley with fan and nose cover • Alternator / Power Steering Bracket • March Billet Canister Style power steering pump (kit#22100) • Chrome Canister Style power steering pump (kit #22105) • Meziere Electric Water Pump and radiator adaptor • Two Idlers • Crank pulley • All mounting hardware • Power Steering Pulley with Nose Cover

Chevy "Ultra" Electric Water Pump Bracket Kits

Electric Water Pump Serpentine Kits for Meziere, CSR & Proform Pumps

Designed to solve the problem of how to mount accessories to engines with the popular electric water pumps.

These ULTRA brackets feature show quality styling and March's own non-polishing clear powder coat. Pulleys are CNC machined from solid billet 6061-T6 aluminum. This translates into a spectacular looking new machine finish with perfect fit and extra high strength. Complete with stainless steel tensioning rod and chrome moly rod ends.

Application: Kits for Meziere, CSI/CSR, and Proform electric water pumps.

Kits Include: • Crank Pulley • Alternator bracket • Alternator pulley • Alternator fan and cover • Tensioning relocation arm • Stainless tensioning rod and rod ends. • Power steering kit includes bracket and pulley. • All grade 8 mounting hardware and bolts

Optional: • #360 Power Steering Nose Cover (shown) • #P901 Small Block Meziere Electric Water Pump (clear anodized) • #P908 Meziere Electric Water Pump radiator hose adapter

Chevy LS Motor Serpentine Systems

Alternator, Air Conditioning and optional Power Steering

This newly styled serpentine kit for Chevy LS Motors offers an exciting new look when mounting an accessory drive in your muscle car or street rod.

A separate bracket allows the option of power steering or no power steering. Two separate idlers guarantee the ultimate in belt to pulley contact area for sure "no slip" operation. Precision CNC machined from 6061-T6 aluminum for strength and perfect fit. Hardcoated on high wear areas. A OEM style tensioner ensures perfect belt tension. Precision CNC machined from 6061-T6 aluminum for strength and perfect fit and Hardcoated on high wear areas for durability.

Kit 20050 is great for application not requiring A/C and comes with our own Billet alternator and a Billet case for the power steering pump.

Application: Chevy LS Motors Our Standard Kit is designed with clearance for wider Electronic (drive by wire) throttle bodies. Narrow Kits require mechanical throttle linkage.

NOTE: Requires additional balancer hub for mounting crank pulley see below. LS3 Requires water pump backing plate hardware to be changed. Call for specs. WILL NOT WORK WITH VARIABLE VALVE TIMING (VVT)

Kit Includes: • Aluminum water pump • 105 amp chrome alternator or March Billet Alternator (Kit 20050) • Alternator pulley with fan and nose cover • Chrome Sanden A/C compressor • A/C nose cover • Water pump pulley with nose cover • Alternator Bracket • A/C Bracket • Polished spring loaded belt tensioner • Crank pulley • All mounting hardware

Kits with power steering include • Chrome type 2 remote power steering pump • Billet Power Steering Pump Case (Kit 20050) • Power steering pulley with nose cover • Bracket with idler and all mounting hardware.

Optional: • #450 Billet Remote Power Steering Reservoir • Stainless Braided Power Steering Hose Kits • 140 amp or 320 amp Alternator

Sport Track for Corvettes

Alternator, Air Conditioning and Power Steering

**CHEVY
LS MOTORS**

**March Quality and Innovation
for the Budget Engine Builder**

Low Cost Option for LS Engines

New Innovative Kit uses one part number for all LS motors: Corvette, Camaros, and truck offsets This low cost all inclusive kit takes out the aggravation of searching for the many parts required to assemble a serpentine kit. Designed as a Economical kit that can handle the power and torque of high performance engines. CNC machined from 6061-T6 billet plate for extra strength. Silver or Black powder coated for Low Maintenance operation. Four idlers for excellent no-slip belt wrap. OEM style power steering pump and pulley.

Application: LS Motors.

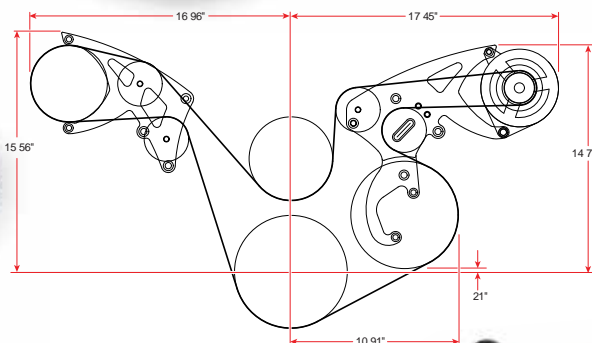

Kit Includes: 140 amp Alternator • Alternator pulley with fan
• Alternator bracket • A/C bracket • Sanden A/C Unit • Power steering brackets • Type 2 Remote Reservoir Power Steering Pump
• Idlers • All mounting hardware

Chevy LS Motor Serpentine Systems

Alternator, Air Conditioning and optional Power Steering

CHEVY
LS MOTORS

Pro-Track

*Light weight,
Extra Strength, Race Proven*

Designed for Use In High Performance Applications on LS Based Engines Just the thing for mounting accessory components on the popular LS motors when used in hot rod and street rod applications.

Precision CNC machined from 6061-T6 aluminum for strength and perfect fit and Hardcoated on high wear areas for durability. A OEM style tensioner ensures perfect belt tension and a canister style power steering pump provides compact hydraulic pressure for power steering. Clear powder coated for maintenance free operation, available in black powder coating as well.

Application: Chevy LS Motors.

NOTE: LS3 Requires water pump backing plate hardware to be changed. Call for specs. WILL NOT WORK WITH VARIABLE VALVE TIMING (VVT),

NOTE : Requires Additional Hub For Mounting Crank Pulley

Kit Includes: • Aluminum water pump • 140 amp Alternator • Alternator pulley with fan and nose cover • Alternator bracket • A/C bracket • Sanden A/C Unit • Power steering brackets • Type 2 Power Steering Pump • Power steering pulley with nose cover • Crank pulley • Idlers • All mounting hardware
Requires balancer hub adapter (see below)

LT-1 "Style Track" Serpentine Kits

Alternator, Air Conditioning and Power Steering

LT-1

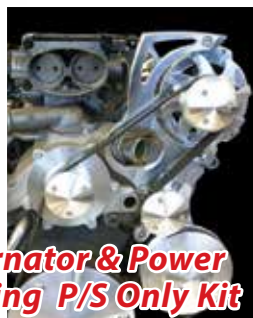

See Web Site for Dimensions

Built especially for Chevy LT-1 motors.

This serpentine kit offers an exciting new look when mounting and accessory drive in your muscle car or street rod.

Compact design and extremely adaptable with options for everything from alternator only to alternator, A/C, and Remote Power Steering. Two separate idlers guarantee the ultimate in belt to pulley contact area for sure "no slip" operation. Separate crank pulley hub adapters to fit Corvette or Camaro LT-1 motors.

Alternator & Power Steering P/S Only Kit

Application: Chevy Corvette or Camaro LT-1.

NOTE: Requires crank hub adapter to fit your type motor, see below. Motors from other applications may require modification to hub for crank pulley alignment.

Kit Includes: • 105 Amp Chrome Alternator • Alternator pulley with fan and nose cover • Aluminum Water Pump • Billet Water Pump Cover • Alternator Bracket • Chrome 7176 A/C Compressor & Billet Nose Cover • A/C Bracket • Idlers and Idler Covers • All mounting hardware Kits With Power Steering Include: • Type 2 remote power steering pump • Power steering pulley with nose cover • All Mounting Hardware

Optional: • #450 Billet Remote Power Steering Reservoir • Stainless Braided Power Steering Hose Kits • 418-06 Chrome A/C Manifold • 140 amp Alternator

V-Belt Pulley Sets

Long and Short Water Pump

SHORT WATER PUMP

LONG WATER PUMP

**CHEVY
BIG BLOCK**

Traditional V-Belt Pulleys
Lightweight Aluminum.
Powder Coated to be
Maintenance Free

Performance Ratios

Our performance serpentine pulley sets replace your low performance V-belts and eliminate belt throwing while retaining your standard rotation water pump. Increases horsepower by reducing accessory drag. 12-15 h.p. at rear wheels typical. Precision CNC machined to run perfectly true. 6061-T6 aluminum for extra strength and wear.

High Water Flow Ratios

Increases cooling by speeding up water flow and fan speed. This helps at critical low speed driving where most overheating occurs.

NOTE: Long water pump engines, If you do not have a P/S pump we recommend ordering #616 or #623 and a 1971-1974 Chevy Impala V8 keyed P/S pump P#300, #P304 or 9600. See Page 73

Chevy Big Block Brackets

Serpentine and V-Belt, Short Water Pump

SHORT WATER PUMP

"Inward Drivers Side Mount" Alternator Bracket

Alternator bracket fits serpentine and V-belt applications. This design will adjust to compensate for V-belt water pump flange misalignment. Comes complete with tensioning rod and grade 8 mounting hardware. Powder coated to eliminate polishing.

Part #20601 Big Block fits short water pump Chevys. Requires GM alternator with 6 & 12 o'clock mounting position

"Inward Passenger Side Mount" A/C Bracket

A/C bracket fits serpentine and V-belt applications. Comes complete with tensioning rod and grade 8 mounting hardware. Powder coated to eliminate polishing.

Part #20602 Big Block fits short water pump Chevys. Requires Sanden #505 or #508 A/C compressor

Application:

Ideal for narrow tall hooded cars, requires 13.5" above center of water pump, will fit some later cars.

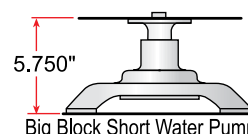

"Inward Mount" Combination Alternator & A/C Bracket

Unique design incorporates alternator and A/C bracket into one compact unit. Fits serpentine and V-belt applications. Comes complete with tensioning rod and grade 8 mounting hardware. Powder coated to eliminate polishing.

Part #20750 Big Block fits short water pump Chevys

Single carb intakes only, Requires GM alternator with 6 & 12 o'clock mounting position and Sanden #508 A/C compressor. For 9.8" deck block only

Big Block Short Water Pump

For Black Powder Coating, Add "-08" to kit number..... "12345-08"

Matching Alternator, Water Pumps, Power Steering Pumps, A/C Compressors, Etc..... See Pages 71-76

Chevy Big Block Brackets

"Outward Drivers Side Mount" Deluxe Alternator Bracket

Superior style brackets fit perfectly and can handle high torque and vibration. Complete with stainless steel tensioning rods and chrome moly rod ends for perfect belt tension.

Part#20136 Big Block short water pump Chevys. Requires GM alternator with 6 & 12 o'clock mounting position

"Outward Passenger Side Mount" Ultra A/C Bracket

Part#20206 Big Block short water pump Chevys (require serpentine pulley kit #7680) Requires Sanden #505 or #508 A/C Compressor

**CHEVY

"Outward Mount" Alternator Brackets

Performance Series 6061-T6 Powdercoated billet aluminum brackets are precision CNC machined for perfect fit and alignment. To get belt tension perfect we supply you with stainless steel tensioning rods and chrome moly rod ends and alt. adapter.

Part #20135 Bracket fits Chevy Big Block Short Water Pump Engine Requires GM alternator with 6 & 12 o'clock mounting position

(Requires alternator with 6&12 o'clock mounting position)

"Low Mount" Alternator Bracket

Performance Series 6061-T6 Powdercoated billet aluminum brackets are precision CNC machined for perfect fit and alignment. To get belt tension perfect we supply you with high strength stainless steel tensioning rods, chrome moly rod ends and an alternator bracket.

Part #20315 Fits short water pump Big Block Chevys

Alternator & Power Steering Brackets

Serpentine and V-Belt, Long Water Pump

Part #20127

"Mid Mount" Alternator Bracket

Chevy Big block Alternator bracket fits serpentine and V-belt applications. Comes complete with tensioning rod with chrome moly rod ends for perfect belt tension and all grade 8 mounting hardware. Powder coated to eliminate polishing.

Part #20127 Ultra Big Block fits long water pump Chevys. Requires GM alternator with 6 & 12 o'clock mounting position For 9.8" deck block only

Rear Support Bracket Ideal for 572ci

Part # 20123 Allows use of #20127 with head deck heights taller than 9.8", 572ci, or misaligned or damaged alternator support threads. includes hardware.

Part #20123

"Mid Mount" Power Steering Bracket

Exceptionally styled Chevy Big Block power steering bracket fits serpentine and V-belt applications. Comes complete with all grade 8 mounting hardware. Powder coated to eliminate polishing.

Part #20151 Ultra Big Block fits long water pump Chevys. Requires 1966-78 Canister Style P/S pump Cannot use 2 groove P/S pulley

Part #20151

Allows Higher mounting of power steering pump to clear steering gear box. Shown with optional Billet P/S Pump Case

"High Performance" Alternator Brackets

Our Performance Series 6061-T6 Powdercoated billet aluminum brackets are precision CNC machined for perfect fit and alignment. To get belt tension perfect we supply you with high strength stainless steel tensioning rods and chrome moly rod ends.

Part #20125 Chevy Big Block long water pump engine. Requires GM alternator with 6 & 12 o'clock mounting position For 9.8" deck block only

Rear Support Bracket Ideal for 572ci

Part # 20128-09 Allows use of #20125 with deck heights taller than 9.8", 572ci, or misaligned or damaged alternator support threads. Includes hardware.

Part #20150

Power Steering Brackets

March Performance's Front Mount power steering bracket eliminates the need or the search for all the wrap-around and header mounting brackets required for belt tensioning.

Part #20150 Big Block Long water pump engines, Kit includes upper and lower brackets. Fits 1966-1978 Canister Style power steering pumps

Cannot use 2 groove V-belt power steering pulley

NOTE: Does not work with Chevelle, Monte Carlo, El Camino. 1970 and newer Camaro. See bracket # 20151

Part #20128-09

Part #20125

Electric Water Pump Bracket Kits

For Meziere, CSR and Proform Pumps

Solves the problem of how to mount accessories to engines with the popular electric water pumps.

These ULTRA brackets feature show quality styling and March's own non-polishing clear powder coat, Pulleys are CNC machined from solid billet 6061-T6 aluminum. This translates into a spectacular looking new machine finish with perfect fit and extra high strength. Complete with stainless steel tensioning rod and chrome moly rod ends.

Application: Kits for Meziere, CSI/CSR, and Proform electric water pumps. Does not work with Aerospace Components water pump. For 9.8" deck height blocks. Some high volume pumps may interfere with alt bracket. Power steering kits will not work with gen 6 timing cover.

Kits Include: • Crank Pulley • Alternator bracket • Alternator pulley • Alternator fan and cover • Tensioning relocation arm • Stainless tensioning rod and rod ends. • Power steering kit includes bracket and pulley. • All grade 8 mounting hardware and bolts

Optional: • #360 Power Steering Nose Cover (shown) • #P900 Big Block Meziere Electric Water Pump (clear anodized) • #P908 Meziere Electric Water Pump radiator hose adapter

Bracket Kits Only

As Above but with out accessories and pulleys. Complete with brackets, adapters and stainless steel tensioning rods with chrome moly rod ends

Adapter Brackets Included

Part #23003 Big Block Alternator Bracket:

Kit Requires GM alternato with 6 & 12 o'clock mounting position For 9.8" deck block only

Part #23004 Big Block Power Steering Bracket:

Requires 1966-78 Canister Style pump. Cannot use 2 groove P/S pulley. Will not work with Gen 6 timing cover.

Style Track and Revolver Electric Water Pump Bracket Kits

Alternator, Air Conditioning and Optional Power Steering

Once Piece Design Revolver or Style Track for Driving Accessories on Chevy Big Blocks with Electric Water Pumps.

This rigid one-piece bracket is the perfect solution. It's easy to install and incorporates two idlers to ensure perfect "no-slip" belt wrap. Like our other Revolver kits it makes use of a unique easy to use belt tension adjustment tool.

Application: Chevy Small and Big Blocks. Will work with tall decks

Kit Includes: • 140 amp March Billet alternator, (#23100) • 105 amp chrome alternator, (kit #23105) • Alternator pulley with fan and nose cover • Alternator / Power Steering Bracket • March Billet Canister Style power steering pump (#23100) • Chrome Canister Style power steering pump (#23105) • Meziere Electric Water Pump and radiator adaptor • Two idlers • Crank pulley • Power Steering Pulley with nose cover • All mounting hardware

"Ultra Drive" Serpentine Kit

"Front Mount" Compact Design
Alternator, Air Conditioning and Power Steering

The Ultimate Show Kit

This system has been designed for mounting accessories below the valve covers and in between the width of the heads. Precision CNC machined from 6061-T6 aluminum for strength and perfect fit. Hardcoated on high wear areas.

Application: Kit is designed to fit Ram Jet, Tuneports, Single and multi carb engines. Will not fit pre 1982 corvettes without modification to chassis

Kit 1. Ultra: As pictured

Includes: • Chrome Sanden A/C compressor • 140 Amp Alternator, Tuff Stuff • Edelbrock Aluminum reverse rotation water pump • Tuff Stuff Type 2 power tensioner pump • Dayco Spring Loaded tensioner with Housing Cover • A/C bracket & nose cover • Alternator bracket • Billet P/S bracket and housing cover • Crank pulley • Hard Coated Water pump pulley with fairing and nose cover • Alternator pulley with machined fan and nose cover • Billet Power steering & Tensioner Pulley Nose Covers • Wing Cross emblem • A/C line fittings • Grade 8 mounting hardware

Kit 2. Deluxe: Ideal for cars with minimal engine to radiator clearance, see dimensional diagrams. **Includes:** All above mentioned parts, **minus** - A/C nose cover - Alternator pulley nose cover - Water pump pulley nose cover - Tensioner pulley nose cover - Power Steering pulley nose cover

Kit 3. Custom: A low cost system that gives up nothing in performance. Uses non-polished A/C compressor, and alternator. **Includes:** All above Deluxe Kit parts, **minus** - All nose covers - Power steering housing cover

Upgrades for Deluxe or Custom Kits: • #392 A/C nose cover • #222 Alternator fan • #332 Water pump nose cover • #307 Alternator cover • #20357-B Power steering housing cover • #780 Tensioner pulley nose cover • #302 Power steering pulley cover

Optional for all Kits: • #450 Billet Aluminum remote power steering reservoir, (See Page 73) • Stainless braided power steering line kits • P628 Polished stainless fastener kits

"Style Track" Serpentine Kit

Alternator, A/C & Optional Power Steering or Alternator & Power Steering Only

March Performance All Billet Aluminum Style Track serpentine system is created with a combination of style and low price that is sure to find favor among car enthusiasts everywhere. The highly styled one piece alternator and air conditioning bracket provides a rigid support for the alternator and A/C compressor; a separate bracket allows the option of power steering or no power steering. Best of all, March's Style Track bracket kit cost less than other similar units on the market.

The Style Track makes use a unique easy to use belt tension adjustment tool. Once the belt tension has been set, the adjustment tool is easily removed and stowed away until the next time the belt requires adjustment. As a result, the Style Track displays a much cleaner appearance.

Application: Chevy Big Block with Short Water Pump.

NOTE: Chevelles, Monte Carlos, El Caminos and 1970 and newer Camaros & S10s will require remote power steering kits.

Kit Includes: • 105 Amp Chrome Alternator • Alternator pulley with fan and nose cover • Matching Sanden Chrome A/C compressor • Edelbrock Aluminum Water pump and Hardcoated pulley • Alternator and A/C Brackets • Crank pulley (Larger Dia for better accessory drive) • Belt Tensioning Tool • All mounting hardware

Kits with power steering include: • GM Type 2 power steering pump (Kit #21250, does not include hoses or reservoir) • Canister Style power steering pump (Kit #21255, does not include hoses) • Power steering pulley with nose cover • Bracket with mounting hardware.

Optional: • #450 Billet Aluminum remote power steering reservoir, (See Page 73) • Stainless braided power steering line kits • #418-06 Chrome A/C Manifold • 140 amp or 320 amp alternator • Polished Stainless Steel Fasteners #P627 (kits 21200, 21250, 21255) #P626 (kits 21240, 21245)

Early Model Corvette Serpentine Kit

Alternator, A/C & Optional Power Steering or Alternator & Power Steering Only

Early Model Corvette

New Big Block Style Track and Revolver serpentine systems are designed with a unique two belt systems that allows the crank pulley to sit back and clear the front frame cross member on early model Corvettes

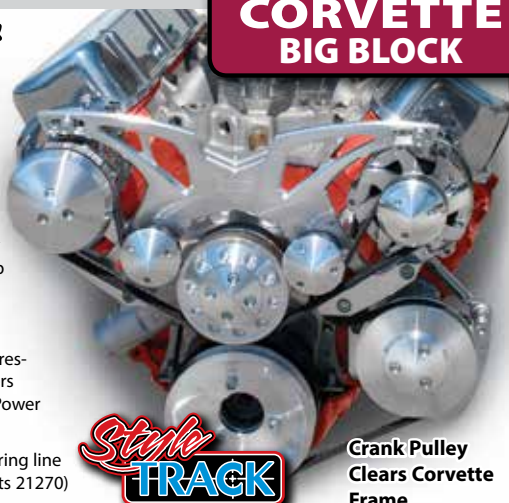

These kits makes use of a unique easy to use belt tension adjustment tool for the alternator and A/C. A separate easy to use rod end at the power steering pump allows accurate adjustment of the crank, power steering and water pump belt. Two idlers ensure perfect "no-slip" belt wrap.

Application: Chevy Big Block in 1963 - 1967 C2 Corvettes and 1968 - 1982 C3 Corvettes.

Kit Includes: • 105 Amp Chrome Alternator • Alt. Pulley with fan and nose cover • Matching Chrome A/C compressor • A/C Compressor nose cover • Water pump and pulley with nose cover • Alt/A/C Bracket • Crank pulley • Idlers • GM Type 2 power steering pump (does not include hoses or reservoir) • Power steering pulley with nose cover • Power steering Bracket with adjustment rod and mounting hardware. • Belt Tensioning Tool • All mounting hardware

Optional: • #450 Billet Aluminum remote power steering reservoir, (See Page 73) • Stainless braided power steering line kits • 418-06 Chrome A/C Manifold • 140 amp or 320 amp Alternator • Polished Stainless Steel Fasteners #P630 (kits 21270) #P629 (kits 21230, 21235, 21275, 21280)

*March Quality and Innovation
for the Budget Engine Builder*

Designed for the budget minded builder with the same March Performance quality and innovation as our Style Track kits. Complete with pulleys and a strong compact one piece combination alternator and a/c bracket, manufactured from 6061-T6 billet aluminum but with a more economical finish.

Top brand name accessories such as Sanden and Tuff Stuff. No Slip operation. Replaces your low performance V-belts, pulleys. Simple to bolt on! Eliminates belt throwing. Larger crank pulley aids in driving your alternator, A/C and water pump for better cooling and improved charging during low speed driving.

All accessories including Alternator, A/C compressor, power steering unit, water pump, pulleys, brackets and all mounting hardware. Available in a black or silver face plate

Application: Chevy Big Blocks with Short Water Pump..

NOTE: No cylinder head accessory holes needed for mounting. Chevelle, Monte Carlo, El Camino, 1970 and newer camaro and S10 will require remote power steering kits

Kits Includes: • 105 Amp Alternator • Alternator pulley with alternator fan • Sanden Air Conditioner • Alternator & A/C Bracket • Water Pump & Pulley • Crank Pulley • Power Steering Kits includes Pump, Brackets and Pulley • Mounting Hardware.

"Ultra" Serpentine Conversion

Mid Mount Passenger Side Air Conditioning & Alternator With Optional Power Steering Long Water Pump

Ultra Style Kit

Ingeniously designed mid mount serpentine kit incorporates a combination bracket that provides a compact and strong mounting for the alternator and air conditioner. The addition of an idler provides excellent belt wrap around the alternator and A/C compressor pulleys for "No Slip" operation. Replaces your low performance V-belts, pulleys and brackets while retaining your standard rotation water pump. Simple to bolt on! Eliminates belt throwing. CNC machined from solid billet 6061-T6 aluminum. This translates into a spectacular looking new machine finish with perfect fit and extra high strength. Kits comes complete with stainless steel tensioning rod, chrome moly rod ends and necessary grade 8 mounting hardware.

Application: These kits fit most mid and full size cars from the early 1950's and newer. Other cars check water pump nose to radiator clearance. Long water pumps extend out 8.5" from the engine block, plus clearance for mechanical or electric fans. For 9.8" deck height block

Will Not fit 572 motors, See our Style Track Kit.

NOTE: Chevelle, Monte Carlo, El Camino.
1970 and newer Camaro require remote power steering kit.

Ultra Kits Includes: • Alternator/Air Conditioner brackets and idler • A/C nose cover • Crank pulley • Water pump pulley with nose cover • Alternator pulley with alternator fan and nose cover • Power steering kit includes power steering brackets and pulley • Grade 8 mounting hardware

Optional: • #360 Power Steering Nose Cover (Page 74) • 417 A/C Manifold • Stainless braided power steering line kits

"Ultra" Serpentine Conversion

Standard Mount Alternator, Air Conditioning and Power Steering Long Water Pump/Standard Rotation

LONG WATER PUMP

CHEVY
BIG BLOCK

Ultra Style Kit

Our performance serpentine kits replace your low performance V-belts, pulleys and brackets while retaining your standard rotation water pump. Simple to bolt on! Eliminates belt throwing. Kits are available with performance pulleys for increase horsepower (approx. 12 h.p.) or high water flow ratios for increased cooling. CNC machined from solid billet 6061-T6 aluminum. This translates into a spectacular looking new machine finish with perfect fit and extra high strength. Our kit comes complete with stainless steel tensioning rod, chrome moly rod ends and necessary grade 8 mounting hardware.

Application: These kits fit most mid and full size cars from the early 1950's and newer. Other cars check water pump nose to radiator clearance. Long water pumps extend out 8.5" from the engine block, plus clearance for mechanical or electric fans. For 9.8" deck height block

NOTE: Chevelle, Monte Carlo, El Camino. 1970 and newer Camaro require remote power steering kit. Or see Mid Mount kit.

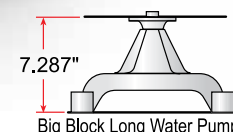

Rear Support Bracket Part # 20128-09 Allows use of kit with 572ci, deck heights taller than 9.8", or misaligned or damaged alternator support threads. includes hardware.

Kit Includes: • Crank pulley • Alternator bracket • Water pump pulley with nose cover • Alternator pulley with alternator fan and nose cover • Power steering kit includes power steering brackets and pulley • Air conditioning kit includes A/C bracket idler and A/C nose cover • Grade 8 mounting hardware

Optional: • #360 Power Steering Nose Cover (Page 74) • Stainless braided power steering line kits

Mid Mount Serpentine Conversion

Alternator, and Power Steering Long Water Pump
Standard Rotation

Ultra "Mid Mount"

Alternator & Power Steering Kit

Simple yet exceptionally styled this new "Mid Mount" Alternator and Power Steering serpentine kit from March Performance offers an exciting new look, these brackets are even machined on the engine facing side for a great appearance from all sides. Looks wonderful with our new billet power steering pump case (as pictured). A new higher mounted power steering pump bracket helps clear the steering gear box in some vehicles. Retains your standard rotation water pump. CNC machined from solid billet 6061-T6 aluminum for a spectacular looking machine finish with perfect fit and extra high strength. Kit comes complete with stainless steel tensioning rod, chrome moly rod ends and necessary grade 8 mounting hardware.

Application: These kits fit most mid and full size cars from the early 1950's and newer. Kit also fits Chevilles, Camaros and Nova's. Other cars check water pump nose to radiator clearance. Long water pump kit extends out 8" from the engine block with nose cover in place, plus clearance for mechanical or electric fans. For 8.5" deck height block

Rear Support Bracket Part # 20123 Allows use of kit with 572ci, deck heights taller than 9.8", or misaligned or damaged alternator support threads. includes hardware.

Ultra Kits Includes: • Crank pulley • Water pump pulley with nose cover • Alternator pulley with alternator fan and nose cover • Alternator Bracket with relocation arm and adjustment rod • Power steering kit includes power steering brackets and pulley with nose cover • Grade 8 mounting hardware

"Deluxe" Serpentine Conversion

**CHEVY
BIG BLOCK**

Outward Mount Alternator and Air Conditioning Optional Power Steering

This system simply bolts to the front of any big block Chevy heads. Precision CNC machined from solid billet 6061-T6 aluminum to fit perfectly and handle high torque and vibration. This bracket kit comes complete with stainless steel tensioning rods and chrome moly rod ends for high performance operation. All necessary hardware included. Powdercoated to eliminate polishing in those hard to reach places. High tensile strength means much longer wear. We go as far as hard coating the high wear areas on our pulleys! Our street rod ratio increase water flow and fan speed. This helps at critical low speed driving.

Application: Kits fit most 1955 and newer Chevys Corvettes from 1968-1982. If your Corvette has air conditioning, you will have to use short valve covers with shorter adjusting rod. Contact our technical department for more details on Corvettes.

Water pump with nose cover extends forward 6.5" from front of engine block, plus clearance for mechanical or electric fan.

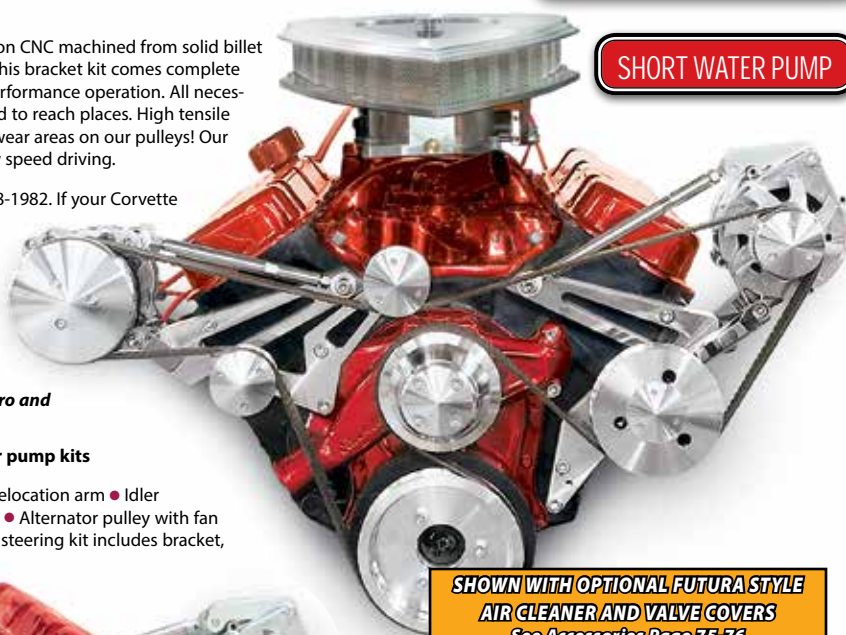

***Most applications with power steering will require remote reservoir style pump. Blower Setups...Call for different Idler arrangement**

NOTE: 64 to 82 Chevelle, Monte Carlo, El Camino. 1970 and newer Camaro and Corvette require remote power steering kit.

Edelbrock aluminium water pumps #8854 & #8864 use cast iron water pump kits

Kit Includes: • Tensioning rods and adjustable rod ends • Alternator relocation arm • Idler bracket with dual idlers • Crank pulley, water pump pulley and nose cover • Alternator pulley with fan and nose cover • A/C clutch cover • Grade 8 mounting hardware • Power steering kit includes bracket, and pulley

Optional: • #450 Billet Aluminum remote power steering reservoir, (See Page 73) • • Stainless braided power steering line kits

Chevy 409Ci Serpentine Conversion Kits

Alternator, Air Conditioning with optional power steering or Alternator & Power Steering Only

This one piece bracket provides a rigid support for the alternator and A/C compressor; a separate bracket allows the option of power steering or no power steering. Four separate idlers guarantee the ultimate in belt to pulley contact area for sure "no slip" operation.

Includes all the mounting hardware you'll need and detailed instructions. You can also forget about polishing this assembly, as it features a maintenance-free coating in Clear, Black or optional Chrome

Application: Chevy 409ci V-8.

Kit Includes: • 105 Amp Chrome Alternator • Alternator pulley with fan and nose cover • Matching Chrome A/C Compressor • Edelbrock Water pump and pulley • Alternator/A/C Bracket • Crank pulley (Larger Dia for better accessory drive) • 4 Idlers for better belt wrap • Belt Tensioning Tool • All mounting hardware

Kits with power steering include:

• Canister Style Power Steering Pump (Kits 21385 , 21390).
Type 2 Remote Reservoir Pump • Power steering pulley with nose cover • Bracket with mounting hardware.

Optional: • 418-06 Chrome A/C Manifold
• 140amp or 320 amp Alternator • Stainless braided power steering line kits • P631 Polished stainless fastener kit (kits 21350 & 21360)

Our larger diameter crank pulley aids in driving your alternator, A/C, and water pump at idle where it counts.

Designed Especially for the Chevy 409ci Motor

**March Quality and Innovation
for the Budget Engine Builder**

Designed for the budget minded builder with the same March Performance quality and innovation as our Style Track kits. Complete with pulleys and a strong compact one piece combination alternator and A/C bracket, manufactured from 6061-T6 billet aluminum but with a more economical Silver or Black finish.

Top brand name accessories such as Sanden and Tuff Stuff. No Slip operation. Replaces your low performance V-belts, pulleys. Simple to bolt on! Eliminates belt throwing. Larger crank pulley aids in driving your alternator, A/C and water pump for better cooling and improved charging during low speed driving. CNC machined from solid billet 6061-T6 aluminum. All accessories including Alternator, A/C compressor, power steering unit, water pump, pulleys, brackets and all mounting hardware.

Application: Pontiac 326, 350, 389, 400, 421, 428, and 455c.i. V-8.

Note: Kits require 1968 - newer balancer (4 bolt balancer without v-groove). 1969 or newer 11 bolt timing cover.

Kit Includes: • 105 Amp Alternator Satin (Chrome In Ultra Kit) • Alternator pulley with fan • Sanden A/C Compressor Satin (Chrome In Ultra Kit) • Edelbrock Water pump and pulley • Alternator/A/C Bracket • Crank pulley (Larger Dia for better accessory drive) • 3 Idlers for better belt wrap • Belt Tensioning Tool • All mounting hardware

Kits with power steering include • GM Type 2 power steering pump (does not include hoses or reservoir) • Power steering pulley with nose cover • Bracket with mounting hardware.

Optional: • Stainless Braided Power Steering Hose Kits • 140 amp or 320 amp Alternator

Our larger diameter crank pulley aids in driving your alternator, A/C, and water pump at idle where it counts.

Buick "Style Track" Serpentine Conversion

Alternator and Air Conditioning Optional Power Steering

BUICK
430/455 C.I.

Hard to Find Serpentine Conversion for Your Buick V-8!

One piece bracket provides a rigid support for the alternator and A/C compressor; a separate bracket allows the option of power steering or no power steering. Multiple idlers guarantee the ultimate in belt to pulley contact area for "no slip" operation. Makes use of a unique easy to use belt tension adjustment tool. Once the belt tension has been set, the adjustment tool is easily removed and stowed away until the next time the belt requires adjustment. Complete alternator, alternator pulley with fan and nose cover, A/C compressor and nose cover, water pump with pulley and nose cover, crank pulley and the alternator/A/C bracket, complete with the belt tensioning tool. Kits with power steering include a Remote Style power steering pump and the power steering pump pulley with nose cover.

Application: Buick 430ci 455ci V-8.

Kit Includes: • Chrome 105 Amp Alternator • Alternator pulley with fan and nose cover • Matching Chrome A/C Compressor • Aluminum Water pump and pulley • Alternator/A/C Bracket • Crank pulley (Larger Dia for better accessory drive) • Idlers for better belt wrap • Belt Tensioning Tool • All mounting hardware

Kits with power steering include • Type 2 Remote power steering pump • Power steering pulley with nose cover • Bracket with mounting hardware.

Optional Accessories: • #450 Billet Aluminum Power Steering Reservoir • Stainless Steel Braided Power Steering Lines (Page 73) • 418-06 Chrome A/C Manifold • 140 amp or 320 amp Alternator • P636 Polished Stainless Fastener Kit

Style TRACK

Our larger diameter crank pulley aids in driving your alternator, A/C, and water pump at idle where it counts.

"Style Track" Serpentine Conversion

Alternator, A/C with optional Power Steering or Alt. Only

This March Performance serpentine conversion is the best way to get modern serpentine belt reliability and "No Slip" operation in one Highly Styled package. And Now you can have the comfort of Air Conditioning and a Clever Center Mounted Remote Power Steering Pump to boot.

Compact in design with inward mounted alternator and A/C units that fits nicely in tall narrow hoods. A 105 amp alternator supplies all your electrical needs. Two water pumps with 45 or 90 degree motor mounts provide the cooling and two idlers guarantee all the belt wrap this kit needs for no belt slip operation. Best of all a unique center mounted remote power steering pump not only provides power for your steering setup but also acts as an easy belt tensioning mechanism. Available without P/S pump.

Application: Fits 1949 - 1953 Ford Flathead Motors with 90 degree or 45 degree motor mounts

Kit Includes: • 105 Amp Chrome or Billet Alternator, • Sanden Chrome 7176 A/C Compressor • A/C Compressor nose cover • Alternator/A/C Bracket • Two Ford Flathead Water pumps • Water Pump Pulleys with Nose Covers • Crank pulley • Two Idlers for better belt wrap

Kits with power steering include • Corvette Type 3 Remote Power Steering Unit • Power Steering Pulley • Power Steering Pulley Nose Cover • Bracket with mounting hardware

Optional Accessories • #450 Billet Aluminum remote power • 418-06 Chrome A/C Manifold steering reservoir, (See Page 73) • Stainless braided power steering line kits. • P643 Polished Stainless Fastener Kit

Ford Serpentine Pulley Sets for 5.0 and 4.6

Lower cost Custom series aluminum sets are machined from the same high strength 6061-T6 billet aluminum as our Deluxe sets but have a machined aluminum finish with no powder coating. Unlike some of our competitors bargain pulleys we still hard coat the water pump pulley high wear areas for reliability and the crank pulley seal area to prevent oil seal leakage. Our Performance Series pulley sets increases horsepower by reducing accessory drag as much as 12.5 h.p. at rear wheels. Our Power & Amp Series Increases horsepower by 11 h.p. and are designed for vehicles with automatic transmissions or higher amperage needs. EXCELLENT for heavy stop and go driving.

Performance Serpentine Pulleys

5.0 1979 and Later

"Best of the 5.0 Performance Products"

"12.5 h.p.. at 5000 rpm's. 13.6 ft. lbs. of torque at 3900 rpm's"

These little power-making gems have been around for more than a decade. Whether you bolt them to a 5.0 or a modified 347 they still make power.

Performance Series Increases horsepower by reducing accessory drag. 12.5 h.p. at rear wheels typical. Eliminates belt throwing. Designed for normal street driving.

Power & Amp Series Increases horsepower by reducing accessory drag. 11 h.p. at rear wheel. Designed for vehicle with automatic transmission or high amperage need. EXCELLENT for heavy stop and go driving. Aluminum Sets are machined from 6061-T6 billet aluminum for extra strength and wear.

Part #755 6.5 inch Air Pump (3 bolt) pulley Fits Ford and Moroso Evac. Pumps

Serpentine and V-Belt Brackets

5.0 - 351W A/C or A/C and Power Steering Eliminator Bracket

This bracket can eliminate up to 45 lbs. of front end weight thereby improving front to rear weight transfer for better traction. Mounts between water pump and power steering pump. CNC machined from 6061-t6 aluminum. All grade 8 mounting hardware included. Will not work with 94-95 Mustang, 89-93 T-Bird/Cougar and 96 and newer Explorer timing covers. For 79-93 5.0 Mustang style accessory drives.

Part #1460-09 5.0

Part #30080-09 351W.

Requires 1986 - 1993 Mustang Tensioner.

Adjustable Alternator Bracket Kit

This kit comes complete with bracket, stainless steel adjusting rod, chrome moly rod end and mounting hardware for serpentine or v-belt set ups. For 79-93 5.0 Mustang style accessory drives.

Serpentine and V-Belt Brackets

Ford 5.0 - 351 Brackets

Precision CNC machined from solid billet 6061-T6 aluminum to fit perfectly and handle high torque and vibration. Kits comes complete with stainless steel tensioning rods and chrome moly rod ends for high performance operation. All necessary hardware included. **ULTRA** and **DELUXE** have clear powder coat, **LOW COST CUSTOM** has silver powder coat.

If used with standard rotation water pump use ford racing pump # M-8501-G351 or 1985-87 crown vic alum. water pump. P/S brackets will not work with factory a/c brackets

Bracket Kits Only:

- Part #30025** **DELUXE** 302 Alt. Bracket with Tensioner
- Part #30028** **ULTRA** 302 Alt. Bracket with Adjustment Rod
- Part #30025-09** **LOW COST CUSTOM** 302 Alt. Bracket with Tensioner
- Part #30035** **DELUXE** 302/351W Power Steering Bracket.
- Part #30037** **ULTRA** 302/351W Power Steering Bracket for mounting Canister Style Keyway style pumps. (must use 623 pulley)
- Part #30038** **ULTRA** 302/351W Power Steering Bracket for Standard Ford pumps.
- Part #30035-09** **LOW COST CUSTOM** 302/351W Power Steering Bracket..
- Part #30040** **DELUXE** 302, 351W Idler Bracket with Idler.
- Part #30055** **DELUXE** 351 Alt. Bracket with Tensioner.
- Part #30055-09** **LOW COST CUSTOM** 351 Alt. Bracket with Tensioner.

Will not work with 94-95 Mustang, 89-93 T-Bird/Cougar and 96 and newer Explorer timing covers.

- Part #30356*** Power Steering Bracket 289/302 w/pulley
- Part #30396*** Power Steering Bracket 351W w/pulley

*Requires early 71-76 Mustang power steering pump.

NOTE: #30356 and #30396 includes required P/S/pulley

Electric Water Pump Serpentine Drive Kits for 5.0 Ford

Fits Meziere Backplate Style, CSI/CSR and Aerospace electric water pumps. Will not work with 94-95 Mustang, 89-93 T-Bird/Cougar and 96 and newer Explorer timing covers.

Kit includes: Performance crank pulley (aluminum) alternator bracket, tensioner rod, Idler pulley and alternator pulley (aluminum)

- Part #30065** 5.0 (302c.i.) uses 38" 6-rib belt
- Part #30060** 351 Windsor uses 40" 6-rib belt

Shown with Optional Alternator fan #221

Ford 289/302 & 351W Electric Water Pump Bracket Kits

March Performance ULTRA styling with separate alternator and Canister Style power steering bracket. CSI Water Pump Only. Will not work with 94-95 Mustang, 89-93 T-Bird/Cougar and 96 Explorer and newer timing covers. Requires electric fuel pump. Requires Saginaw keyed power steering pump (1971 Chevy Impala)

Kit includes: Performance Aluminum Crank Pulley Alternator Bracket and Tensioner Rod, Aluminum Alternator Pulley. Kits with Power Steering include P/S Bracket. Rear Support Bracket, P/S Pulley.

- Part# 30070** - 289/302 Alternator Only
- Part# 30075** - 289/302 Alternator and Power Steering
- Part# 30090** - 351W Alternator Only
- Part# 30095** - 351W Alternator and Power Steering

Windsor / Cleveland Serpentine Conversion

FORD
302-351

Replace your low performance V-belt pulleys while retaining your standard rotation water pump.

Simple to bolt on! Increases horsepower and eliminates belt throwing.

Performance Series Increases horsepower by reducing accessory drag. 12.5-15 h.p. at rear wheels typical. Eliminates belt throwing. Designed for normal street driving. CNC machined to run perfectly true. 6061-T6 aluminum for extra strength and wear.

High Water Flow Increases cooling by speeding up water flow and fan speed. This helps at critical low speed driving where most overheating occurs.

Requires: • Factory 4 bolt damper • Standard rotation water pump • Driver side lower radiator hose **Note: Damper face to water pump flange face 3.25". For use with march alternator brackets 30025 & 30055 only must also use ford racing water pump 8501-G351 or 1985-1987 Crown Vic aluminium water pump only. Cannot use power steering or A/C NOTE: If you have a aftermarket damper please contact March tech support before ordering. Optional water pump pulley cover #312, Billet Alternator Fan #221**

Shown with optional
Alt. cooling fan

Alternator, Air Conditioning and Power Steering

FORD
289/302/351W

Style TRACK

Available In
CHROME!

March Performance new All Billet Aluminum Style Track serpentine system for Ford motors are created with a combination of style and low price that is sure to find favor among car enthusiasts everywhere. The highly styled one piece alternator and air conditioning bracket provides a rigid support for the alternator and A/C compressor; a separate bracket allows the option of power steering or no power steering. Kit # 30480 is perfect for those who do not require A/C, comes with Chrome Alternator and Power Steering Pump

This new Style Track makes use a unique easy to use belt tension adjustment tool. Once the belt tension has been set, the adjustment tool is easily removed and stowed away until the next time the belt requires adjustment. As a result, the Style Track displays a much cleaner appearance.

Application: Ford 289, 302, 351 Windsor. Uses 1994 -1995 Ford short water pump for the ultimate in radiator clearance. **Requires 90 degree thermostat housing and the use of an electric fuel pump and a pan mounted side dip stick tube**

Kit Includes: • 105 Amp Chrome Alternator, • Alternator pulley with fan and nose cover • Matching Chrome Sanden A/C compressor • A/C Cover • Aluminum short Water pump and timing cover with Hardcoated pulley • Alternator and A/C Brackets • Chrome Canister Style P/S Pump (kit 30480) • Crank pulley (Larger Dia for better accessory drive) • Belt Tensioning Tool • All mounting hardware

Kits with remote power steering include: • Power steering pulley with nose cover • Power steering pump • Bracket with mounting hardware.

Optional Accessories: • #450 Billet Aluminum remote power steering reservoir • Power Steering lines for remote power steering • 140amp or 320 amp Alternator • Stainless Braided Power Steering Line Kits • #418-06 Chrome A/C Manifold • P648 Polished Stainless Fasteners (kit 30480) P649 Polished Stainless Fasteners (kits 30410, 30420, 30485, 30490)

Alternator, Air Conditioning and Power Steering

FORD
289/302/351W

Low Price

SPORT TRACK

High Performance

**All Inclusive
March Quality and
Innovation for the
Budget Engine Builder**

Designed for the budget minded builder with the same March Performance quality and innovation as our Style Track kits. Complete with pulleys and a strong compact one piece combination alternator and A/C bracket, manufactured from 6061-T6 billet aluminum but with a more economical Silver or Black finish.

Top brand name accessories such as Sanden and Tuff Stuff. No Slip operation. Replaces your low performance V-belts, pulleys. Simple to bolt on! Eliminates belt throwing. Larger crank pulley aids in driving your alternator, A/C and water pump for better cooling and improved charging during low speed driving. CNC machined from solid billet 6061-T6 aluminum. All accessories including Alternator, A/C compressor, power steering unit, water pump, pulleys, brackets and all mounting hardware.

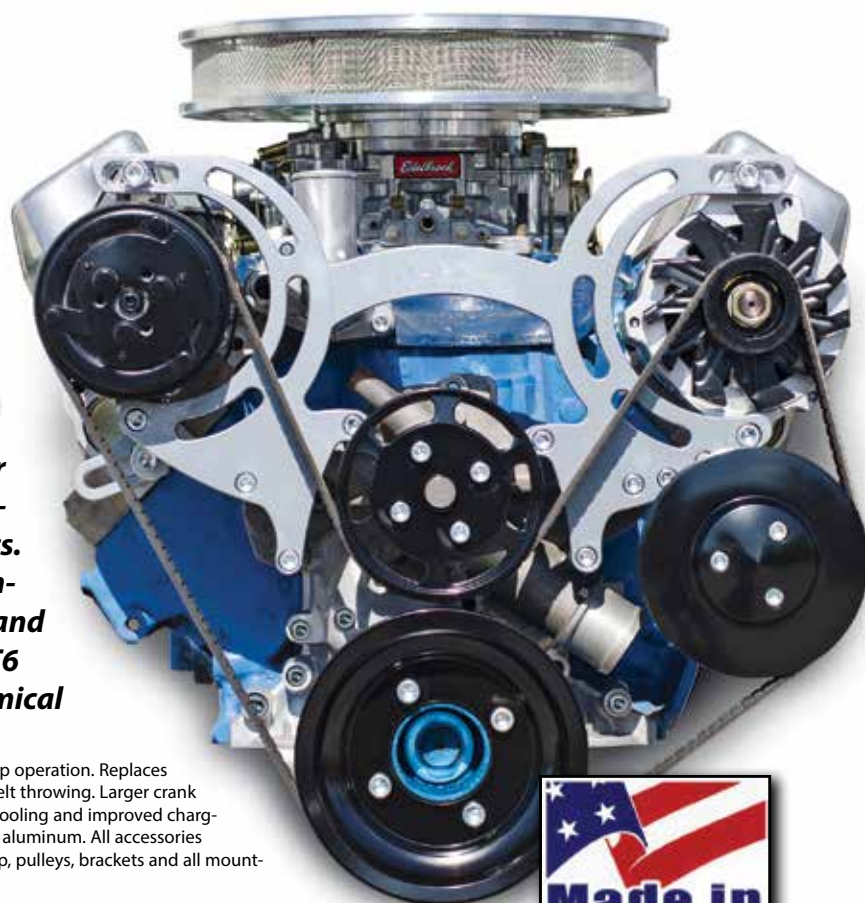

Note: Ultra Kit Includes Chrome Alt And A/C With Nose Covers And Clear Powder Coat .

Application: Ford 289, 302, 351 Windsor. Uses 1994 -1995 Ford short water pump for the ultimate in radiator clearance. **Requires 90 degree thermostat housing and the use of an electric fuel pump and a pan mounted side dip stick tube**

Kit Includes: • 105 Amp Alternator Satin (Chrome In Ultra Kit) • Alternator pulley with fan • Sanden A/C Compressor Satin (Chrome In Ultra Kit) • Alternator pulley with fan • Aluminum short Water pump and timing cover • Water pump pulley • Alternator /A/C Brackets • Crank pulley (Larger Dia for better accessory drive) • Belt Tensioning Tool • All mounting hardware

Kits with remote power steering include: • Power steering pulley • Power steering pump • Bracket with mounting hardware.

Optional Accessories: • Power Steering lines for remote power steering • 140amp or 320 amp Alternator • Stainless Braided Power Steering Line Kits

Silver or Black

Powder Coated
NO Polishing Required

Our larger diameter crank pulley aids in driving your alternator, A/C, and water pump at idle where it counts.

"Ultra" Serpentine Drive Kits

Passenger Side Mid Mount Air Conditioning, Alternator and Power Steering

This great looking new compact serpentine drive kit mounts the A/C unit low and under the alternator using a unique one piece bracket.

Designed to fit both carb and fuel injection motors with reverse rotation water pumps. Two power steering brackets are available, one for mounting your standard Ford Mustang pump unit or you can get a bracket for mounting a Canister Style pump. Looks fantastic with March Performance own billet aluminum Saginaw Canister style power steering pump and billet alternator.

Kit comes complete with stainless steel tensioning rods and chrome moly rod ends for high performance operation. All necessary hardware included. Matching serpentine pulleys are precision CNC machined

Application: Requires reverse rotation water pump on kits with P/S and A/C with 3.25" from balancer face to water pump mounting flange face. **Requires 90 degree thermostat housing.**

Kit Includes: • Combination Alternator/A/C bracket with idler, tensioners and hardware Non A/C kits have alternator only bracket without idler • Crank pulley, water pump pulley with nose cover • Alternator pulley with fan and nose cover • Power steering kit includes bracket kit for Ford or Canister pump unit and pulley • Tensioning rod and rod ends • Grade 8 mounting hardware

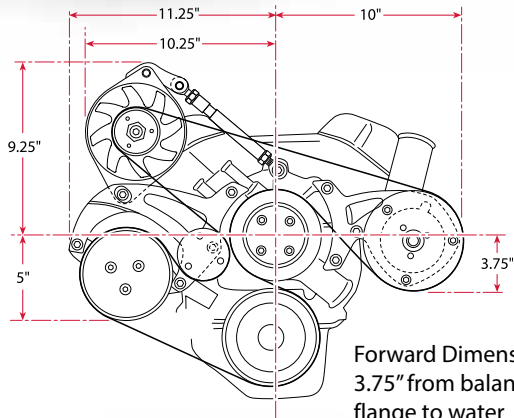

Optional Accessories: • #9665 March billet alternator • #9600 Canister style billet power steering pump, for kits #30127, #30168 and #30388 • #P304 Chrome Canister power steering pump • #360 Power Steering Nose Cover (Page 74) • P417 A/C Manifold • Stainless Braided Power Steering Line Kits

"Deluxe" Serpentine Drive Kits

FORD
289/302/351W

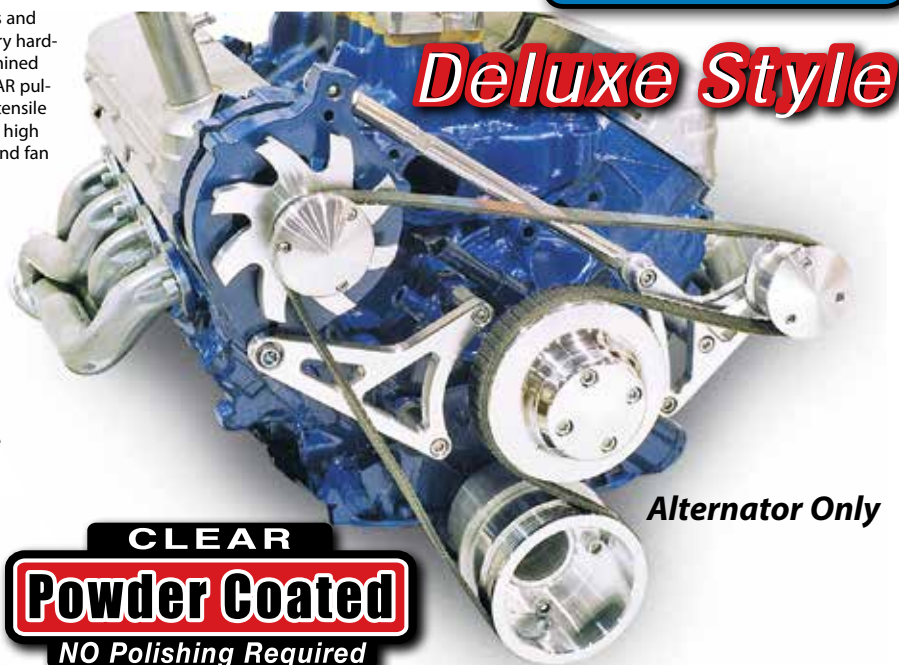

Alternator Only, AC optional Power Steering

This bracket kit comes complete with stainless steel tensioning rods and chrome moly rod ends for high performance operation. All necessary hardware included. Matching serpentine pulleys are precision CNC machined from 6061-T6 aluminum. This is the same material we use for NASCAR pulleys! These pulleys will not fracture like common cast pulleys. High tensile strength means much longer wear. We go as far as hard coating the high wear areas on our pulleys! Our street rod ratio increase water flow and fan speed. This helps at critical low speed driving.

Applications All of these kits require a 90° angle thermostat housing. These kits also require the use of a water pump and radiator with a drivers side lower radiator hose. Some kits may require crank pulley spacers. Must use electric fuel pump with kits that include power steering

Kit Includes: • Alternator bracket and tensioner • Crank pulley • Water pump pulley with nose cover • Alternator pulley with fan and nose cover • Reverse rotation alternator only kit includes idler bracket and idler pulley • Power steering kit includes bracket and pulley • A/C kits include bracket, idler and A/C clutch cover • Grade 8 mounting hardware

Optional: • 360 P/S Nose Cover • Stainless Braided Power Steering Line Kits

Alternator Only

Aftermarket Balancer Spacers

289/302/351W using OE 3 bolt balancer use crank pulley spacer #1432

289/302/351W using Fluid Damper (28 oz.) use crank pulley spacer #1431

289/302/351W using Ford SVO, Summit balancers use crank pulley spacer #1433

289/302/351W using Professional Products balancers use crank pulley spacer #1434

1979-95 Mustang 5.0 engines using stock or Fluid Damper (50 oz.) do NOT require spacers

Matching Alternator, Water Pumps, Power Steering Pumps, A/C Compressors, Etc..... See Pages 71-76

"Ultra" Serpentine Drive Kits

Alternator Only, AC optional Power Steering
Standard Rotation Water Pump

Ultra Style

Precision CNC machined from solid billet 6061-T6 aluminum to fit perfectly and handle high torque and vibration. This bracket kit comes complete with stainless steel tensioning rods and chrome moly rod ends for high performance operation. All necessary hardware included. Powdercoated to eliminate polishing in those hard to reach places. Matching serpentine pulleys. High tensile strength means much longer wear. We go as far as hard coating the high wear areas on our pulleys! Our street rod ratio increase water flow and fan speed. This helps at critical low speed driving.

Kit Includes: • Alternator bracket, tensioners and hardware • Crank pulley, water pump pulley with nose cover • Alternator pulley with fan and nose cover • Power steering kit includes bracket and pulley • A/C kits include A/C bracket, idlerpulley and A/C clutch cover • Grade 8 mounting hardware

289 and 302 kits with power steering require electric fuel pump If you have an aftermarket damper a crank pulley spacer may be required.

Note: 470 Billet power steering only works with Non A/C Kits

Alternator, A/C with optional **Power Steering** 351 Cleveland,
351 and 400 Modified

Three Idlers for
"No Slip" Belt
Wrap

CLEAR
Powder Coated
NO Polishing Required

March Performance new All Billet Aluminum Style Track serpentine system for Ford Cleveland motors is created with a combination of style and low price that is sure to find favor among car enthusiasts everywhere. The highly styled one piece alternator and air conditioning bracket provides a rigid support for the alternator and A/C compressor; a separate bracket allows the option of power steering or no power steering. Idlers provide superior belt wrap for "no-slip" operation. Best of all, the new Style Track makes use a unique easy to use belt tension adjustment tool. Once the belt tension has been set, the adjustment tool is easily removed and stowed away until the next time the belt requires adjustment. As a result, the Style Track displays a much cleaner appearance.

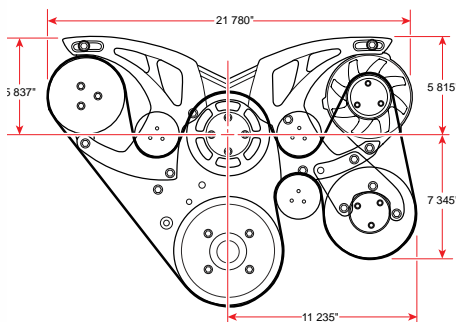

Application: Ford 351 Cleveland, 351M and 400M.

Kit Includes: • 105 Amp Chrome Alternator • Alternator pulley with fan and nose cover • Sanden Chrome A/C compressor • A/C compressor Nose Cover • Edelbrock Aluminum Water Pump and Pulley with Nose Cover • Alternator and A/C Brackets • Idlers • Crank pulley (Larger Dia for better accessory drive) • Belt Tensioning Tool • All mounting hardware

Kits with power steering include • GM Type 2 power steering pump (does not include hoses or reservoir) • Chrome or Billet Canister Style Pump (Kits #30450 and #30460) • Power steering pulley with nose cover • Idler • Bracket with mounting hardware.

Optional Accessories • #450 Billet Aluminum remote power steering reservoir, (See Page 73) • Stainless Braided Power Steering Line Kit (see Page 73) • 140 or 320 Amp Alternator • #418-06 Chrome A/C Manifold • P641 Polished Stainless Fasteners (kits 30430 , 30440) P642 Polished Stainless Fasteners (kits 30450 ,30460)

#30450 with Chrome Alternator & Power Steering

Our larger diameter crank pulley aids in driving your alternator, A/C, and water pump at idle where it counts.

Ford "FE" Ultra Style Serpentine Kit Alternator, Optional Mid Mount A/C and Optional Power Steering

Compact serpentine drive kit mounts the A/C unit low and under the alternator using a unique one piece bracket. Power steering brackets are available for mounting a Canister style pump. Looks fantastic with March Performance own billet aluminum Canister style power steering pump and billet alternator. Kit comes complete with stainless steel tensioning rods and chrome moly rod ends for high performance operation. All necessary hardware included.

Application: Ford FE. **Requires use of a 3 bolt balancer w/o casted v groove**
NOTE : Requires modification of rear A/C compressor mounting ear.

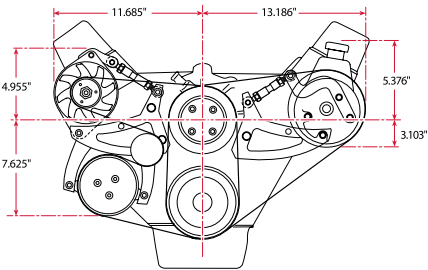

Kit Includes: • Combination Alternator/A/C bracket with idler, tensioners and hardware Non A/C kits have alternator only bracket without idler • A/C Nose Cover • Crank pulley, water pump pulley with nose cover • Alternator pulley with fan and nose cover • Power steering kit includes bracket kit for Canister Style pump unit and pulley • Tensioning rod and rod ends • Grade 8 mounting hardware

Optional Accessories: • #9665 March billet alternator • #9600 Canister style billet power steering pump. • #P304 Chrome Canister Style power steering pump • #360 Power Steering Nose Cover (Page 74) • Stainless braided power steering line kits

"Style Track" Serpentine Drive Kits

FORD
429-460 c.i.

Alternator With Optional A/C and Optional Power Steering March Performance has created a Style Track kit just for the Ford Big Block 429ci and 460ci motor!

The highly styled one piece bracket provides a rigid support for the alternator and A/C compressor; a separate bracket allows the option of power steering or no power steering.

Makes use of a unique easy to use belt tension adjustment tool. Once the belt tension has been set, the adjustment tool is easily removed and stowed away until the next time the belt requires adjustment.

Application: Application: Ford 429 and 460ci Big Block motors.

Kit Includes: • 105 Amp Chrome Alternator • Alternator pulley with fan and nose cover • Matching Chrome Sanden A/C compressor • A/C compressor Nose Cover • Edelbrock Aluminum Water Pump • Water Pump Pulley with Nose Cover • Alternator and A/C Brackets • Idlers • Crank pulley (Larger Dia for better accessory drive) • Belt Tensioning Tool • All mounting hardware

Kits with power steering include: • Bracket with mounting hardware. • GM Type 2 power steering pump (does not include hoses or reservoir) • Chrome or Billet Canister Style Pump (Kits #30280 and #30285) • Power steering pulley with nose cover • Idler • Bracket with mounting hardware.

Optional Accessories: • #450 Billet Aluminum remote power steering reservoir, (See Page 73) • 418-06 Chrome A/C Manifold • 140 amp or 320 amp Alternator • P644 Polished Stainless Fasteners (kits 30270,30275) P645 Polished Stainless Fasteners (kits 30280,30285)

383-440 & 426 Hemi Serpentine Kits

CHRYSLER
383-440 & 426 HEMI

Alternator with Optional A/C and Optional Power Steering

Designed especially for Big Block Mopars and Hemi's this highly styled one piece bracket provides a rigid mount for the alternator and A/C compressor.

A separate bracket allows the option of power steering or no power steering. Four separate idlers guarantee the ultimate in belt to pulley contact area for sure "no slip" operation. Solves the problem of unreliable V-belt accessory drives, no more belt throwing or slipping.

Revolver and Style Track kits it makes use of a unique easy to use belt tension adjustment tool. Once the belt tension has been set, the adjustment tool is easily removed and stowed away. As a result, the Style Track displays a much cleaner appearance.

Precision CNC machined from 6061-T6 aluminum for strength and perfect fit. Hardcoated on high wear areas. Clear powdercoated to eliminate polishing in those hard to reach places.

Application: Mopar 383-440 and 426 Hemi Big Block Motors.

Kit Includes: • 105 Amp Chrome Alternator • Alternator pulley with fan and nose cover • Matching Chrome Sanden A/C compressor • Polished Water pump and pulley • Alternator and A/C Brackets • Idlers for maximum "no-slip" belt wrap • Crank pulley (Larger Dia for better accessory drive) • Belt Tensioning Tool • All mounting hardware

Kits with power steering include: • GM Type 2 power steering pump • Chrome or Billet Canister Style Pump (Kits #40730 and #40735) • Power steering pulley with nose cover • Bracket with mounting hardware.

Optional: • #450 Billet Remote Power Steering Reservoir • Stainless Braided Power Steering Hose Kits • 418-06 Chrome A/C Manifold • 140 or 320 amp Alternator • Polished Stainless Fastener Kits P651 (kits 40720,40725,40740,40745) P652 (kits 40730,40735)

"Ultra" 383-440 & 426 Hemi Serpentine Kits

CHRYSLER
383-440 & 426 HEMI

Alternator With Optional A/C And Optional Power Steering

This stylish serpentine conversion kit for Chrysler 440ci and HEMI, solves the problem of unreliable V-belt accessory drives, no more belt throwing or slipping. A unique combination bracket mounts the alternator and A/C in a compact manner. Our power steering bracket accepts a standard Canister Style pump or for added style our own Billet Pump. Three idlers guarantees plenty of belt wrap for high performance no-slip operation. Matching "high performance" brackets with stainless steel tensioning rods for perfect belt tensioning.

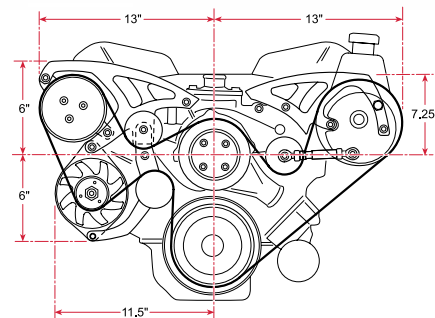

Application: Chrysler 383- 440ci and 426 Hemi motors.

Will not work with billet alternator #9650, requires electric fuel pump.

Kit Includes: • Combination Alternator / A/C bracket and Rear Support
• Power Steering Bracket, and Support • Power Steering Pulley with cover
• A/C Compressor Cover • Crank pulley, Water Pump pulley and Nose Cover
• Alternator Pulley with Cover • Belt Tensioning Rod • Idlers and Covers
• Grade 8 mounting hardware • Power steering pulley with nose cover
• Bracket with mounting hardware.

For Black Powder Coating, Add "-08" to kit number..... "12345-08"

NOTE: Big Block Mopar brackets kits require that your engine have a thermostat housing in which the bolt holes run parallel to the radiator.

Matching Alternator, Water Pumps, Power Steering Pumps, A/C Compressors, Etc..... See Pages 71-76

392c.i. Hemi Serpentine Kit

All Inclusive

Designed especially for the 392 Hemi. a separate bracket allows the option of power steering. Three separate idlers guarantee the ultimate in belt to pulley contact area for sure "no slip" operation.

Application: Mopar 392 Hemi.

NOTE: Requires the use of Hot Heads Research cylinder heads.

Kit Includes: ● Edelbrock big block Chevy water pump ● 105 Amp Chrome Alternator ● Alternator pulley with fan and nose cover ● Matching Chrome Sanden A/C compressor ● Alternator and A/C Brackets ● Crank pulley ● All mounting hardware

Kits with power steering include: ● GM Type 2 power steering pump (does not include hoses or reservoir) ● Power steering pulley with nose cover ● Bracket with mounting hardware.

Optional: ● #450 Billet Aluminum remote power steering reservoir, (See Page 73) ● 140 amp Alternator

5.7, 6.1 & 6.4 Hemi Serpentine Kit

Alternator with Optional A/C and Optional Power Steering

Designed especially for the 5.7, 6.1 and 6.4 motors. This highly styled one piece alternator and air conditioning bracket provides a rigid support for the alternator and A/C compressor, a separate bracket allows the option of power steering. Three separate idlers guarantee the ultimate in belt to pulley contact area for sure "no slip" operation.

Kits makes use of a unique easy to use belt tension adjustment tool. Once the belt tension has been set, the adjustment tool is easily removed and stowed away. As a result, the Style Track displays a much cleaner appearance.

Application: Mopar 5.7, 6.1 and 6.4 Hemi Late Model motors.

Kit Includes: ● 105 Amp Chrome Alternator ● Alternator pulley with fan and nose cover ● Matching Chrome Sanden A/C compressor ● Aluminum Water pump and Pulley with Nose Cover ● Alternator and A/C Brackets ● Crank pulley (Larger Dia for better accessory drive) ● Belt Tensioning Tool ● All mounting hardware

Kits with power steering include: ● GM Type 2 power steering pump (does not include hoses or reservoir) ● Power steering pulley with nose cover ● Bracket with mounting hardware.

Optional: ● #450 Billet Aluminum remote power steering reservoir, (See Page 73) ● Stainless Steel Braided Lines for Remote Power Steering (See Page 73) ● 418-06 Chrome A/C Manifold ● 140 amp or 320 amp Alternator ● P650 Polished Stainless Fastener Kit

Requires Car Timing Cover & Balancer.

Will Not Work With Motors That Have A Variable Valve Timing Or EGR

318/340/360 Serpentine Conversion

CHRYSLER
318, 340, 360 c.i.

Alternator with Optional A/C and Optional Power Steering

Created just for the small block Chrysler motor. Rigid support for the alternator and A/C compressor; a separate bracket allows the option of power steering. Four separate idlers guarantee the ultimate in belt to pulley contact area for sure "no slip" operation. An alternator and power steering only option is available for those who have non a/c applications.

Easy to use belt tension adjustment tool. Once the belt tension has been set, the adjustment tool is easily removed and stowed away until the next time the belt requires adjustment.

Detailed instructions so installation is a snap. You can also forget about polishing this assembly, as it features a maintenance-free powder coating in Clear, Black or Black Onyx.

Application: Chrysler Small Block V-8, 318, 340 and 360c.i.

Kit Includes: • 105 Amp Chrome Alternator
• Alternator pulley with fan and nose cover • Sanden Chrome A/C Compressor • Water pump and pulley
• Alternator/A/C Bracket • Crank pulley (Larger Dia for better accessory drive) • 4 Idlers for better belt wrap
• Belt Tensioning Tool • All mounting hardware

Kits with power steering include: • GM Type 2 power steering pump (kit #40440) (does not include hoses or reservoir) • Canister Style power steering pump (kit #40445)
• Power steering pulley with nose cover • Bracket with mounting hardware.

Optional: • #450 Billet Remote Power Steering Reservoir
• Stainless Braided Power Steering Hose Kits • 418-06 Chrome A/C Manifold • 140 amp or 320 amp Alternator • Polished Stainless Fastener Kits P653 (kits 40430,40440,40445) P654 (kits 40450,40455)
