

CARE & MAINTENANCE INSTRUCTIONS:

- Remove Jeep Armor magnetic panels daily and after each use, especially after harsh weather or temperature exposure
- Clean with gentle soap and water. Do not use harsh detergents or rough surface scrubbers.
- Allow both sides of the Jeep Armor's magnetic panels to air dry before reapplying to a clean and dry Jeep exterior
- When not using, store in a clean, dry place avoiding exposure to extreme temperatures
- Do not store in direct sunlight as damage or fading may result
- Store Jeep Armor magnetic panels on a flat and level surface. Storing with insulation such as foam sheets between each set is recommended.

On our website you can discover more about armor & protection.
