

**Wire run for part:
70-2003, 70-2103,
70-2104, 70-2105,
70-6522, 70-9003**

Note: The [harnesses](#) listed above are basic and do not provide accessory power.

The included **Red** wire will need to be run to the fuse box to supply accessory power to the aftermarket radio. A brass fuse tap is provided to assist you in tapping into the fuse box.
