- 2479 AERO UNIVERSAL STORAGE BAG
- 2585 SAFETY MIRROR STRAPS x 2

We have re-engineered this third generation of mirror protectors to give the highest level of protection. We have introduced a ribbed form to the outer edges of the protector. This design deflects objects for improved performance, it also acts to offer improved protection to the side indicator. Another innovation is the new multi-layer design with shell thickness up to 6mm thick in areas most commonly subjected to impact. Conforms to all Vehicle Safety Standards.

Fits: Fiat Ducato, Peugeot Boxer and Citroen Relay 2007 onwards.

4220 FALCON MIRROR CLAMPS
4213 FALCON MIRROR PADS

4237 FALCON MIRROR HEAD
4893 GRAND FALCON MIRROR HEAD

4381 FALCON SUPER STEADY MIRROR TWIN PACK

These new high quality budget Mirrors are in a completely different league in terms of quality and design to other budget mirrors. They are simple to fit due to the one screw strap free operation.

- Innovative Clamp Design
- Steel Thumb Screws
- Strap Free Operation
- Fits virtually all cars and 4x4's etc.

2103 FALCON SAFETY TOWING MIRROR CONVEX - SINGLES

The Safety Mirror is simple to fit, but more importantly, it meets all the latest Safety Regulations for Towing Mirrors. The tensioning Straps and Handles mean they can be adjusted to fit most typical car mirrors.

3872 MGI STEADY XL TOWING MIRROR FLAT TWIN PACK

This is a large strap on Mirror with long articulated arms so it can fit vehicles with large mirrors, such as Vans, 4x4's etc.

The MGI Steady XL Towing Mirror is simple to fit, but more importantly, they meet all the latest Safety Regulations for Towing Mirrors. The tensioning Straps and Handles mean they can be adjusted to fit most typical car mirrors.

Simply The Best

ORIGINAL WHEELCLAMP

Continuously Improved . . . and still the Best!

This Wheelclamp has won every attack test for the past decade, with exceptional and unsurpassed attack resistance. Our Wheelclamp is Certified to far exceed Sold Secure Gold and is approved to the world's highest accredited Caravan Security Standard SCM MP03.

It has exceptional quality features which include the best pick-proof, ultra-high security with a built in locking mechanism, steel construction to resist from sawing and freezing. The locking mechanism has been re-engineered making it far easier to line up and consequently much easier to fit.

The Milenco Wheelclamp comes complete with three keys and fits both Steel and Alloy Wheels. A foam back is used on the Wheelclamp to protect your Alloy Wheels. Made in Milton Keynes, England.

This Wheelclamp fits:

- 0598 C13 CARAVANS WITH 13" SINGLE AXLE WHEELS AND 14" TWIN AXLES
- 0871 C14 CARAVANS WITH 14" AND 15" SINGLE AXLE WHEELS
- 1946 MOTORHOME WHEELCLAMP M15
- 1779 MOTORHOME WHEELCLAMP M16
- 0857 LOCK & 3 KEYS FOR ORIGINAL WHEELCLAMP

Wheelclamps . . .

1199 NEW WRAITH WHEEL LOCK

1236 NEW ACE WHEEL LOCK

3520 COMPACT C WHEELCLAMP FOR ALLOY AND STEEL WHEELS

This is the lightest Wheelclamp to be accredited to the International Standard SCM MP03 as well as Sold Secure Gold to the new 2013 standard.

Weights only 2.7kg.

Fits in under 20 seconds!

Simply hooks through Caravan chassis and then passes through the wheel and is locked by a Ultra High Security Lock. Prevents movement of Caravan and rotation of wheel.

Extremely high security and attack resistance.

2745 COMPACT WHEELCLAMP

The easiest Wheelclamp to fit, ever!

The Compact Wheelclamp is Insurance Approved and fits all Caravan and Motorhome Wheels from 12" to 16" & 145 to 225 size tyres. Fits both Steel and Alloy Wheels.

The unique design has an integrated locking mechanism with winding handle offering complete security.

A foam back is used on the Wheelclamp to protect your Alloy Wheels. Comes complete with Storage Bag.

Simply turn the winding handle to clamp onto the wheel and then push the handle in to lock the clamp.

Lighter Wheelclamps

THE ORIGINAL LIGHTWEIGHT WHEELCLAMPS

Milenco don't make Wheelclamps for anyone else.

1533 LIGHTWEIGHT WHEELCLAMP - FITS 13", 14" AND 15" WHEELS

This is an exceptional Wheelclamp that is lightweight and easy to use. It fits virtually all touring Caravans with 12", 13", 14" and 15" wheels.

The Lightweight Wheelclamp is ideal for low risk applications. It is insurance approved but NOT Sold Secure. For users that require a high level of security we would recommend the Original Milenco Wheelclamp or the Compact C Wheelclamp.

0970 LIGHTWEIGHT WHEELCLAMP - FITS 8" AND 10" WHEELS

This is a smaller version of the Lightweight Wheelclamp specifically designed for 8" to 10" Wheels, such as Boat Trailers, small Trailers etc.

WHEELCLAMP SPARES

1885 LIGHTWEIGHT WHEELCLAMP KEY BLANKS X2

SUPERIOR HIGH QUALITY BRITISH MADE SOLD SECURE APPROVED HITCHLOCKS!

These Hitchlocks have been engineered and designed to be the strongest Hitchlocks ever made. Super Heavy Duty 4mm Steel combined with the strongest lock ever used in one of these products. Far exceeds all standards for security. SCM MP03 Approved and Sold Secure Gold. Fits Hitched or Unhitched. Made in Milton Keynes, England.

**2004 SUPER HEAVY DUTY 3004
HITCHLOCK**

Fits Alko, AKS, 2004, 3004 AK10 Hitches. Complete with Carry Case and Security Ball.

**2851 SUPER HEAVY DUTY WS
3000 HITCHLOCK WINTERHOFF**

Fits all Winterhoff WS3000 since 2002 (without side lever) Complete with Carry Case and Security Ball.

4534 LIGHTWEIGHT HITCHLOCK

This is our Insurance Approved Lightweight Non Sold Secure Hitchlock.

This design is lightweight and easy to fit to all Alko unstabilised Hitches and stabilised Hitches.

For users that require a high level of security we recommend the Super Heavy Duty Hitchlock (above).

Compact Hitchlocks

5005 BPW/WINTERHOFF COMPACT HITCHLOCK

4992 AKS COMPACT HITCHLOCK

- Complete with security nuts and plastic carry case
- Compact lightweight design
- High security
- Fast and simple to fit
- Sold Secure and SCM Approved

2431 BALL-TYPE HITCHLOCK WITH SECURITY NUTS

This is a clever little device that actually locks inside the ball socket. It is fast and simple to use and can be used in any type of 50mm or 2" hitch. For maximum security this is supplied complete with Security Nuts to stop the removal of the hitch itself. For non stabilised Hitches.

3841 SECURITY HITCH BALL (SINGLES)

Supplied standard with Super Heavy Duty Hitchlocks. Used with Hitchlocks in order to enhance security.

Also, enables handle retraction on Winterhoff Stabiliser.

1557 STABILISER ANTI-THEFT NUTS

4633 STABILISER ANTI-THEFT NUTS x 100 = 50 HITCHES

These stainless steel security nuts are designed to stop the stabiliser itself being stolen. As used by many Caravan Dealers to protect stabilisers on display Caravans. Simply tighten until Nut Head shears off.

GEL BUMPER PROTECTORS

Fit one of these and you won't need to worry about accidental scratches when hitching or unhitching your towed unit. The gel itself is a complex co-polymer that is clear, so once fitted it is virtually invisible.

2394 BUMPER PROTECTOR SINGLES

2400 BUMPER PROTECTOR 50's (50 IN A BOX)

4251 WHEELBOLT INDICATORS - Blister Pack of 10 Bailey

3803 WHEELBOLT INDICATORS x1000 (WORKSHOP PACK)

Internal Security

2028 SLEEP SAFE ALARM

This alarm has been specifically designed to protect you in your Caravan or Motorhome and also to combat the problem of sleeping gas attacks that are becoming more common at Motorway services on mainland Europe. Protects against other types of attacks and burglary on your Caravan or Motorhome.

Importantly all of these alarm units have flashing LEDs so any would-be attacker is deterred, as a very loud 118 decibel siren will sound, attracting attention when anyone attempts to open a door or window.

AS SEEN OUTSIDE

2035 SLEEP SAFE ALARM SPARE BATTERIES

Remember to keep Safe!

Spare Batteries (LR44) are available as a set of 18.

LED Lighting to help
improve safety and
appearance!**

HIGH SECURITY V

Following the recent dramatic increase in thefts from vans, we have engineered and designed this lock to provide a new and unrivalled level of security.

Made from hardened steel and fitted with an ultra high security lock, there is no other van lock that offers this high level of strength and security.

This is the first and only lock to be approved to the new 2017 Automotive Gold Standard. Includes an internal release.

- 4411 HIGH SECURITY VAN DOOR LOCK WHITE SINGLE
- 4435 HIGH SECURITY VAN DOOR LOCK WHITE TWIN PACK
- 4459 HIGH SECURITY VAN DOOR LOCK WHITE TRIPLE PACK

- 4404 HIGH SECURITY VAN DOOR LOCK BLACK SINGLE
- 4428 HIGH SECURITY VAN DOOR LOCK BLACK TWIN PACK
- 4442 HIGH SECURITY VAN DOOR LOCK BLACK TRIPLE PACK

VAN DOOR LOCKS

2660 MULTI-LOCK SINGLE

2929 MULTI-LOCK TWIN PACK

2998 MULTI-LOCK TRIPLE

The Milenco Multi-Lock utilises an innovative high security design system offering versatility for multiple applications. A very high quality rattle free design, utilising only the very best materials available. High quality powder coated finish with stainless steel fixing screws. For door frame mounting only requires a minimum door gap of 3.5mm.

- Fits Frame Mounted
- Fits Wall Mounted
- Fits Surface Mounted
- Fits Van Doors
- Fits Sliding Van Doors
- Fits Cab Doors

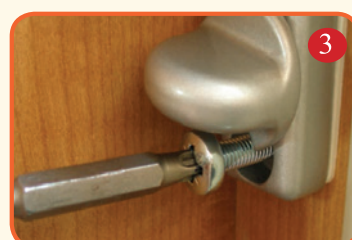

Remember... Sec

At last a High Security Door Lock that locks from both the outside and the inside!

High Security Door Lock, which locks from both inside or outside.

This new improved design only requires a 30mm gap between door frame and furniture at wall board level (knob requires 50mm to turn, 33mm off wall board see pic 4 below) ensuring this lock now fits most Caravans and Motorhomes in either Portrait or Landscape positions.

4718 INSIDE/OUTSIDE SECURITY DOOR LOCK - SINGLES

Security Comes First

2042 DOOR LOCK - SINGLES

2059 DOOR LOCKS - TRIPLE PACK

(All locks keyed alike)

Enhance your Caravan or Motorhome security with this quality frame-mounted Door lock. Bolts through Caravan wall with Mounting Plate, Cover and 4x M6 bolts

Width: 105mm x Height: 90mm **INSIDE VIEW OF MOUNTING COVER**

2646 DOOR FRAME LOCK - SINGLES 3230 DOOR FRAME LOCKS - TRIPLE PACK

This Door Lock enables the fitment of the Lock when there is no space (due to wall furniture) to fit the Mounting Plate. The Lock is fast and simple to fit into your Caravan door frame surround. Simply slide left or right to lock and secure your Caravan Doors, Lockers or Garage.

Requires a minimum of 5mm gap between door and frame.

Security Handrails

2066 LARGE SECURITY 41 HANDRAIL

5258 SMALL SECURITY 31 HANDRAIL

These handrails have a unique twin-locking design for ultimate security. In the open position, they offer a sturdy grab handle to help you get in and out of your Caravan and in their locked position they fold across the door giving added visible security.

2653 HANDRAIL FRAME MOUNTING KIT

This Kit enables the fitment of the Security Handrail when there is no space behind (due to wall furniture) to fit the Mounting Plate.

Simply screws into the side of the frame. Also has a facility to screw through the wall with screw caps. Requires a minimum of 5mm gap between door and frame.

Security Handrail Fitting

Use Gasket to mark drill position.

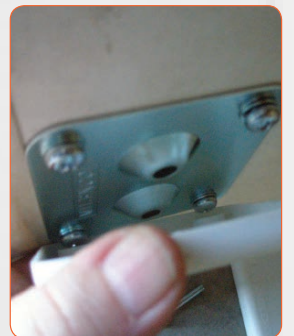

Drill 2 x 4 holes 7mm dia.

Mount 2 inside backing plates and insert 8 screws.

Fit 2 x Gaskets and then tighten 8 x M6 screws.

Fit 2 x Trim Cover Plates.

Safety Handrails

4480 SAFETY HANDRAIL WHITE

4565 SAFETY HANDRAIL XL BLACK

NON Lockable Safety Handrails with Superior Milenco Quality.

- Simple to fit by only 4 screws from outside or inside
 - The safe way to mount a step Safety Handrail
 - Rust Proof Stainless Steel fittings

SIMPLY LIFT UP AND PULL OUT!

Beat the keyless

High Security Steering Wheel Lock

TWO AND A HALF TIMES TOUGHER THAN THATCHAM CATEGORY 3

We have taken a classic designed High Security Steering Wheel Lock which was originally approved to the Thatcham standard and completely reengineered it, to enhance its security, so it would pass and exceed the Sold Secure Gold Automotive standard, which is 2 and half times tougher than the Thatcham Standard.

Following of the termination of the Thatcham security standard, which was only 120 second, attack tested. We have had this approved to the Gold Sold Secure standard which is far tougher test with an extreme 300 second, professional attack.

High Security Steering Wheel Lock is a Gold Sold Secure powerful theft deterrent. Exceptional quality featuring an ultra high security lock in a steel construction. Designed to be compact in size, easy to fit yet extremely strong and resistant to all types of attack. Fits all car, Van and Motorhome steering wheels.

0499 HIGH SECURITY STEERING WHEEL LOCK YELLOW

0505 HIGH SECURITY STEERING WHEEL LOCK SILVER

3339 SPARE KEYS AVAILABLE

Vehicle thieves

Classic Steering Wheel/Brake Locks

This classic designed Security Steering Wheel Lock has been engineered to offer additional, strong mechanical security and act as a theft deterrent against vehicle theft which is unfortunately increasing, due to the ease of which standard fit electronic components, can now be overcome by readily available devices.

The Classic Steering Wheel Lock is manufactured with hardened steel to prevent cutting by hacksaw. It is a highly visible and powerful theft deterrent.

0482 CLASSIC STEERING WHEEL LOCK

0475 CLASSIC BRAKE LOCK

This product locks the steering wheel to the brake pedal or clutch pedal to effectively immobilise the vehicle.

The Brake Lock is manufactured with hardened steel to prevent cutting by hacksaw.

It is a highly visible and powerful theft deterrent.

Can be used on conjunction with all Milenco steering locks.

Door Security

3056 VAN DOOR LOCK - SINGLES

High Security Van Door Lock that locks outside!

The Van Door Lock enhances the security of your Van Conversion Motorhome.

This lock is specially designed to secure van rear doors and sliding side doors. An ideal theft deterrent which can be used to protect you and your family.

3063 VAN DOOR LOCK - TWIN PACK

4572 VAN DOOR LOCK - TRIPLEPACK
(all locks keyed alike)

3070 CAB DOOR LOCK - TWIN PACK

A purpose designed lock for internal locking of Cab Doors. Can be combined with the Security Door Lock to protect the whole vehicle. Locks from inside of the vehicle.

Fits: Fiat Ducato (2007 onwards)
Peugeot Boxer (2007 onwards)
Citroen Relay (2007 onwards)
Ford Transit (2004-2013)

IMPORTANT: ENSURE MOUNTING POSITION CLEARS DOORFRAME

3506 SPRINTER/RENAULT MASTER ADAPTOR

Corner Steady Locks

2172 LEG NUTLOCK SINGLE

2196 LEG NUTLOCK TWIN PACK

Manufactured to the highest standard, these Corner Steady Nutlocks fit onto the caravan corner steadies, locking the legs in the down position immobilising the caravan.

Ideally suited for additional security when used in conjunction any Milenco Wheel Clamp and Hitchcock. Sold in Singles and in Twin Packs.

CORNER STEADY LOCKS – LOCKS SHAFT FROM TURNING

3094 ADJUSTABLE CORNER STEADY
TWIN PACK

Why not give your caravan or trailer extra security with a set of Corner Steady Locks. The Corner Steady Lock is of a robust design that offers complete security and is simple to fit.

Milenco's Corner Steady Locks actually lock the central shaft from turning, unlike many other designs which are simply overcome by pliers used to turn the shaft and raise the leg.

2165 ADJUSTABLE CORNER STEADY LOCK TUBE TYPE

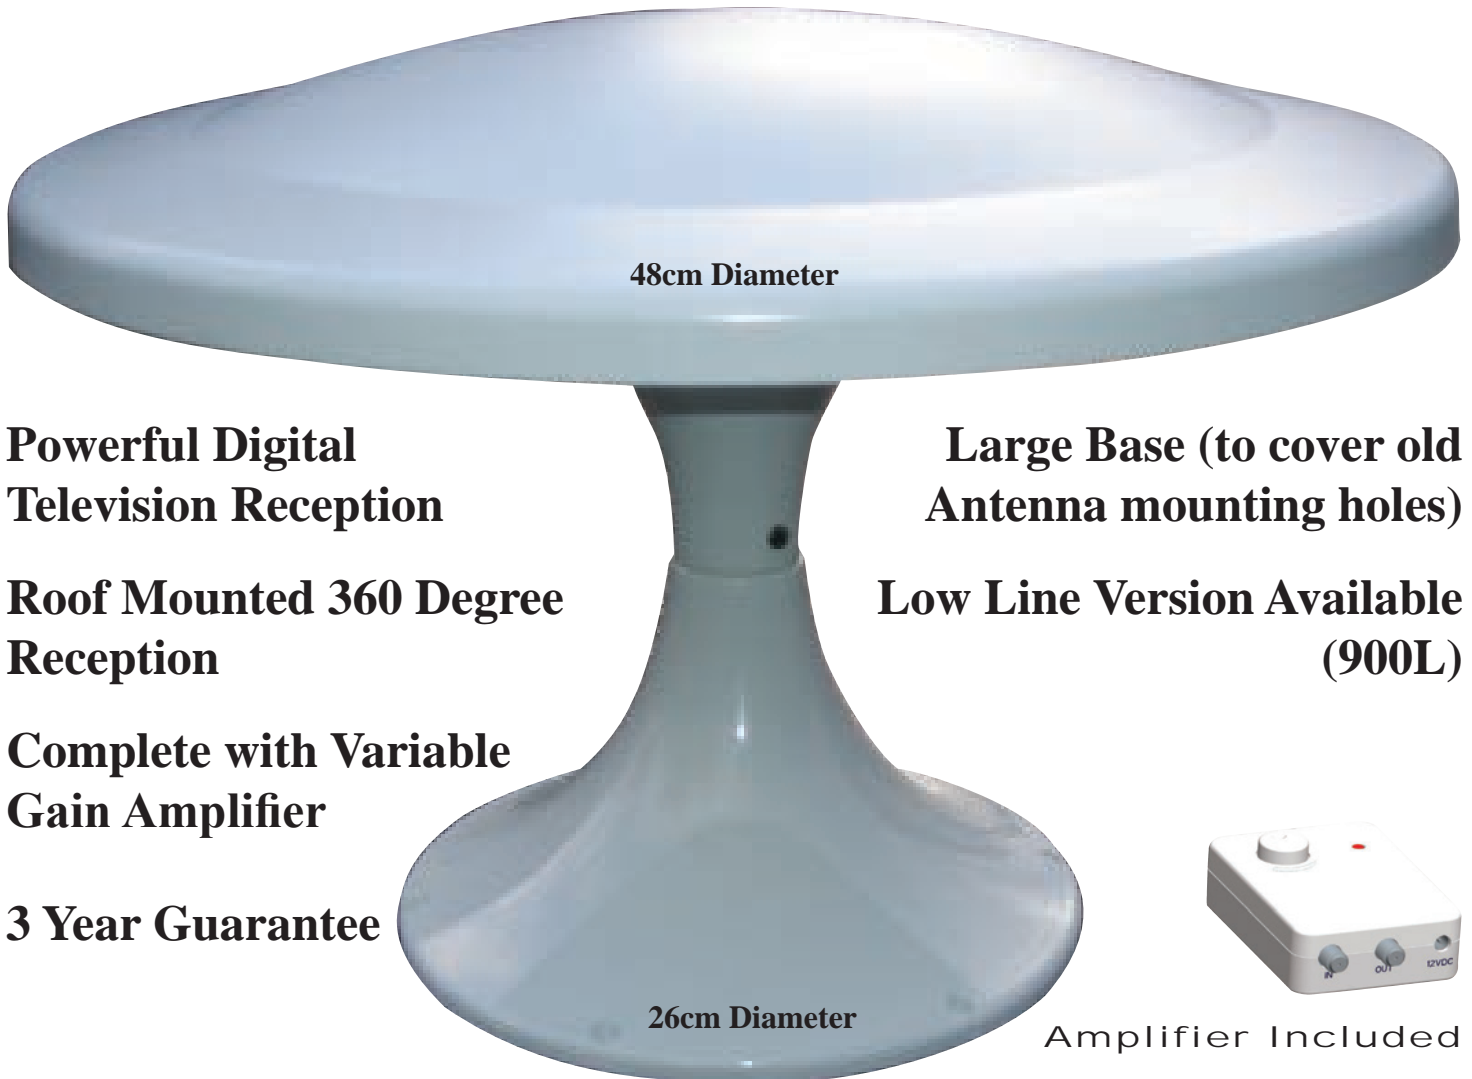

MILENCO

POWER 900

Caravan Antenna System

OMNIDIRECTIONAL - NO NEED TO ROTATE Fits all Caravans & Motorhomes

**Powerful Digital
Television Reception**

**Roof Mounted 360 Degree
Reception**

**Complete with Variable
Gain Amplifier**

3 Year Guarantee

**Large Base (to cover old
Antenna mounting holes)**

**Low Line Version Available
(900L)**

Amplifier Included

**Our aim when we developed this Antenna, was to
make the best Antenna ever made for a Caravan!**

We believe that this is the largest and most powerful omnidirectional Antenna ever made for a Caravan with an exceptional 38 db gain.

When MMM tested it against a directional Antenna they said "it comfortably outperformed a current market-leading brand".

On site you will still need to retune your television, however you can avoid the inconvenience of rotating the Antenna every time the caravan moves. Nor do you need to push it up or pull it down.

State of the art electronics and developed with the new 4G Telephone Network to avoid interference.

4275 Power 900 Antenna (height 32cm)

4756 Power 900L Antenna (height 25cm)

Don't Overload . . .

2691 PRECISION CALIBRATED NOSEWEIGHT GAUGE

Milenco's new Precision Calibrated Noseweight Gauge to BS7961 is the only Noseweight Gauge approved and calibrated to the British Standard for these instruments.

This Noseweight Gauge offers calibrated precision, accuracy, reliability and technical superiority over other Gauges. It has a clear large scale to ensure the precise and safe loading for this safety critical area for ultimate stability when towing. Far superior accuracy and within 3% after a 1000 compressions (as per BS7961). Measures up to 130kg.

3155 HEAVY DUTY
PRECISION
CALIBRATED 400 kg
BALL WEIGHT GAUGE
Measures up to 400 kg

Cargo Bars

These quality steel telescopic Cargo Bars are designed to keep any load in place safely and securely whilst travelling. Also, is an aid to stabilise your Caravans loading. To check load stability use in conjunction with the Precision Calibrated Noseweight Gauge.

These Cargo Bars are available in Lengths of:

2721 CARGO BAR SMALL 0.5 - 0.91M (20" - 36")

2738 CARGO BAR LARGE 0.89 - 1.67M (35" - 66")

Award Winning Steps

SUPER LIGHTWEIGHT ALUMINIUM STEPS

The full Aluminium range includes **SINGLE** and **DOUBLE STEPS**.

All of our Steps meet strict safety guidelines (EN 1645) to ensure criteria such as the ability to carry a load in excess of 200kg, and a tread that is non-slip, even when it is wet. Not to be confused with dangerous Chinese Steps that are slippery when wet.

The key to the Milenco Award Winning Steps safety performance is that the base is larger than the top. This ensures the step cannot topple over under any circumstances. Each Step is designed so that it will **NOT** sink into the ground - or damage awning carpet in any way.

0277 ORIGINAL ALUMINIUM DOUBLE STEP

Tread Size: 360mm x 210mm Height: 180mm x 360mm

0307 ORIGINAL ALUMINIUM SINGLE STEP

Tread Size: 360mm x 210mm Height: 220mm

3131 ALUMINIUM RUBBER TOP DOUBLE STEP

Tread Size: 360mm x 210mm Height: 180mm x 360mm

3377 ALUMINIUM RUBBER TOP SINGLE STEP

Tread Size: 360mm x 210mm Height: 220mm

AWARD WINNING STEPS
Practical Caravan Accessory of the Year Awards

MGI EXTRASAFE PLASTIC STEPS

All of our Extrasafe Steps meet strict safety guidelines (EN 1645) to ensure criteria such as the ability to carry a load in excess of 200kg

The MGI Extrasafe Steps are produced using 100% recycled plastic, making them environmentally friendly.

4770 MGI SINGLE EXTRASAFE STEP

Length: 840mm

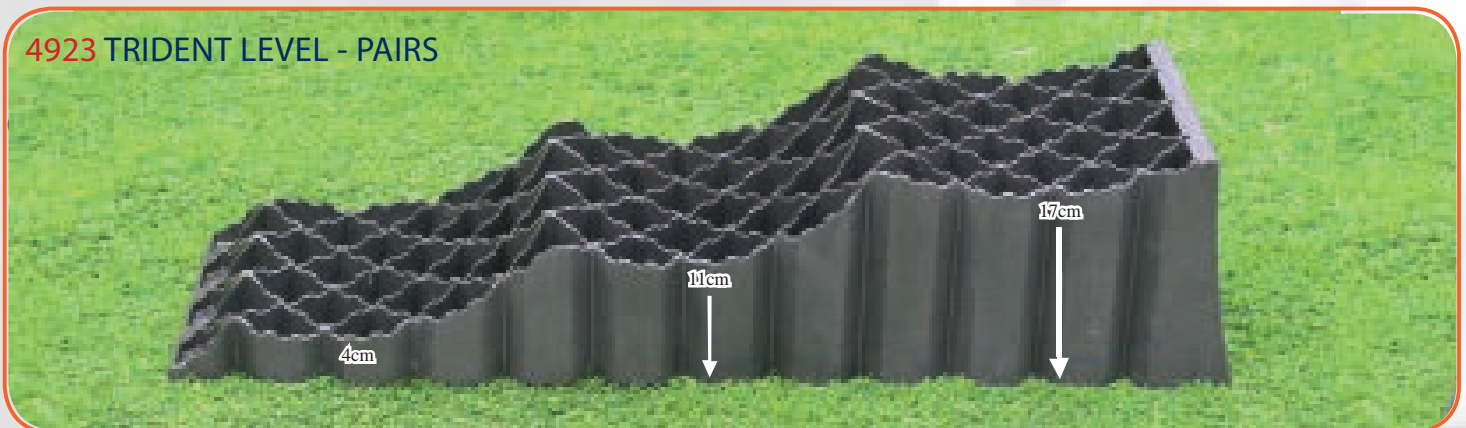

Superior Levels

MILENCO TRIPLE/TRIDENT/QUATTRO LEVELS

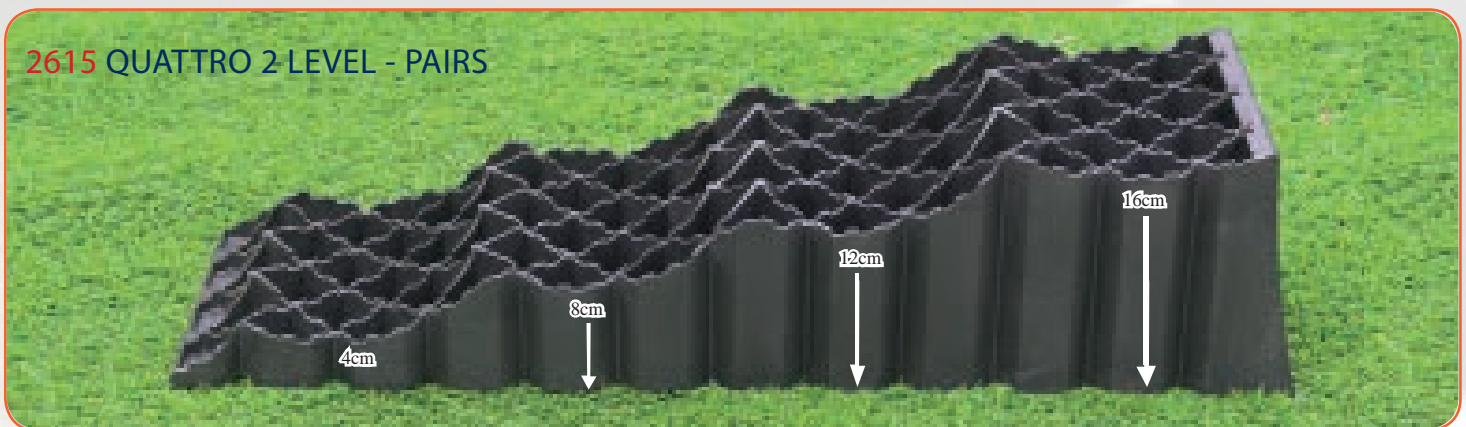

These Levels incorporate lattice, high-grip upper tread surface. They pocket the wheel at every height, therefore eliminating the need for chocks. This shape also **better preserves the tyre and protects against flat spots. They have a solid base** which is ideal for use on soft ground or sand. Unique lightweight (Patents Pending and Registered) design. All come complete with a Storage Bag.

The Triple Levels are ideal for Caravan use. 6 Tonnes Maximum. Dimensions in bag H: 28cm x L: 60cm x W: 24cm

The Trident Level offers the same lifting height as the Quattro 2 Level. It incorporates only 3 height levels but has larger pockets. 8 Tonnes Maximum. Dimensions in bag H: 20cm x L: 81cm x W: 24cm

The Quattro 2 Level is ideal for both Caravan and Motorhome use. 8 Tonnes Maximum. Dimensions in bag H: 20cm x L: 81cm x W: 24cm

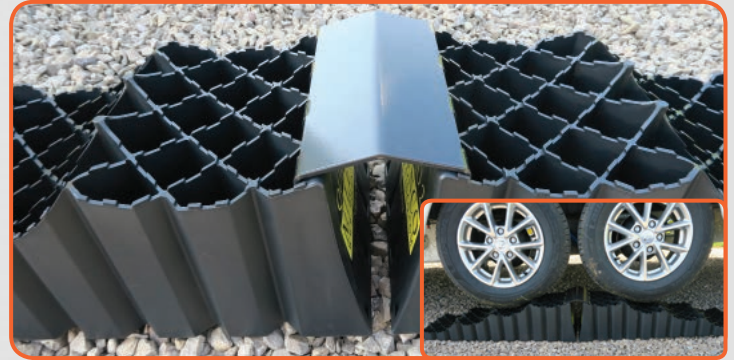

2202 GRIPPER PLATE

Holds Levels in place preventing any possible slippage when driving onto the Levels. Can be used in conjunction with the lattice Grip Mat to extend the gripping surface. Suitable for use with the Quattro, Trident and Triple Levels.

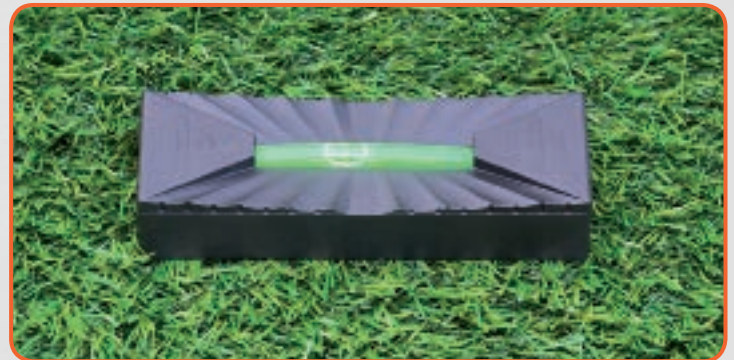

2622 QUATTRO BRIDGE

Designed as a solution to levelling Twin Axle Caravans. Used to Bridge the gap between the Quattro Levels when placed back to back. Just drive up and over the bridge to achieve desired lift. Recommended for use with the Quattro Level but can also be used with the Triple Level.

3117 SUPERLEVEL INDICATOR

Level Indicator for Quattro and Triple Levels. Use this clever gauge for fast and easy levelling. Simply place on caravan floor to instantly see which step to use on your Milenco Triple or Quattro Level for instant levelling.

2776 ALUMINIUM LEVELLER

This new superior lightweight Aluminium Level is complete with carry case. Easily lifts 1000kg per wheel (caravan 2000kg, Motorhome 4000kg). Weighs less than 5kg. It comes with its own ratchet, which enables precise levelling in seconds, with the minimum of effort. Simply slide under the wheel and use the supplied ratchet to lift or lower the caravan or motorhome, no need to crawl under the caravan or motorhome to use.

4336 ALUMINIUM LEVELLER REPAIR SECTION

Grip Mats...

The Best in the World

3278 TRIPLE CARAVAN SINGLE LEVEL SET

The Triple Caravan Single Level Set comes complete with a Superlevel Indicator. Simply place on caravan floor to instantly see which step to use.

3001 STACKA LEVEL 6 (With Bag)

3018 STACKA LEVEL 3 (No Bag)

3032 STACKA LEVEL SINGLES

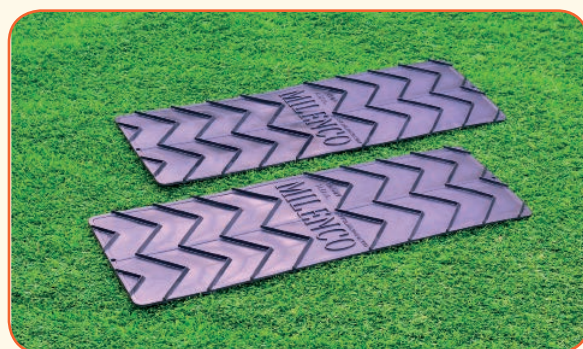

3292 STACKA LEVEL BAGS

2639 QUATTRO LEVEL ACCESSORY BAG

2752 MILENCO EXTRA WIDE GRIP MAT

This is a very heavy duty Grip Mat which gives an excellent grip in wet, slippery, snow and muddy conditions. It has unique open-toothed ends and barbed profile grips which hold the tyre, guiding it onto the mat when wheels are stuck.

2905 GIANT LATTICE GRIP MAT

- Interlocking – can be linked together.
- Heavy tread yet lightweight.
- Mud gripping lattice design.
- Super high grip.

Dimensions: L:106cm W:33cm.

The Stacka System

The Stacka product range utilises a clever design system which allows them all to be used in conjunction with each other.

3728 STACKA CORNER FEET X4
3735 STACKA CORNER FEET SINGLES

This product uses a unique 'Clip and Lock' System incorporating a rattle proof, sprung-loaded design.

Robust Steel Retaining Shaft. Durable and High Quality.

Can be used with Stacka Jacka pads on soft ground.

3780 STACKA JACKA PADS X4

The Pads are heavy duty and durable with a 40mm lift.

The Stacka Jacka Pads are to be used with Milenco Stacka Corner Feet. Interlocking with solid base.

3995 JOCKEY POCKET

This is a high quality and durable product which is designed to support and protect the Jockey Wheel. It can be used in conjunction with the Stacka Jacka Pads or the Stacka Level Single.

Universal Thermal Blinds

2714 EXTERNAL UNIVERSAL THERMAL BLIND

We've come up with another real winner with our one-size-fits-all External Thermal Blind (Registered Design).

The Blind comes with a unique zip-down panel so you can see out or just add a little light into your Motorhome cab.

Fits externally using the doors to keep it secure and is ideal to prevent condensation forming on the inside of your cab. This blind has a unique elasticated edge making it easier to fit to every Motorhome standard cab.

This Thermal Blind will help keep your Motorhome cool in summer and warm in winter.

2110 INTERNAL UNIVERSAL THERMAL BLIND

We've come up with another real winner with our one-size-fits-all Internal Thermal Blind (Registered Design).

The Blind comes with superior quality Suckers with their own little handles and because these are in black they won't let any distracting light through, so you get a good night's sleep - guaranteed!

Cool in Summer and Warm in Winter.

2448 UNIVERSAL SUCKER PADS FOR BLINDS

Unique original design does not damage eyelets in Thermal Blind with superior suction. The pads have a special release action making them easy to remove.

CARPETINA CLASSIC is the ultimate environmentally friendly awning floor covering.

Woven awning carpets are now the fastest selling. We are flattered by all of the copies of Carpetina, however this is the original breathable woven awning carpet. No of these copies perform as well.

It is designed not to soak up dampness and not to damage the grass underfoot. It is comfortable and easy to clean - just rinse it out. It is produced using a special lightweight, woven material which makes it easier to handle and with this design it means you won't get worm casts and is easy to store. **Carpetina Classic** has a superb all-round performance, is Caravan Club Approved, making it acceptable on every campsite!

This compact Dual Tub Washer/Spinner is a portable washing machine with a spin dryer facility.

The aqua blue transparent tub has a washing capacity of 3.0kg and the removable spin bucket has a spin capacity of 2.0kg. It has a washing cycle and spin cycle adjustable up to 15 minutes. It is ideal for when space is limited - approximate size H52cm D36cm and W36cm. It is easy to use and quiet when in use. It has a Timer Control for setting the washing and spin cycles. Filling Jug is included. Easy to drain. 240W.

MILENCO

OptiMATE

Milenco lead the World in their British Designed and Engineered Award Winning Caravanning Accessories

5500 Optimate 6 UK plug

MILENCO *OptiMATE* 6

- | Automatic reactive programming for superior battery care
- | Constantly analyses battery status and adjusts its pulse charge accordingly
- | Optimised for long term maintenance on 12V leisure batteries
- | Can recover batteries with as little as 2V output
- | Controls battery temperature to avoid overheating
- | Totally safe for vehicle electronics

5302 Optimate 6 EU plug

5524 Optimate 20 UK plug

MILENCO *OptiMATE* 20

- | Professional quality battery care for 6V and 12V batteries of all sizes
- | Automatic reactive programming for superior battery care
- | Optimised for long term maintenance for all 6V and 12V leisure and automotive batteries
- | Constantly analyses battery status and adjusts its pulse charge accordingly
- | Can desulfate and charge a near dead battery automatically to restore and maintain battery performance

5333 Optimate 20 EU plug

5593 OPTIMATE 6FT EXTENTION LEAD

5616 OPTIMATE 15FT EXTENTION LEAD

When a vehicle battery is left uncharged a process called battery sulfation occurs.

This is when sulphate builds up on the lead plates within the battery, this process starts almost immediately, and if left even over a relatively short period of time this sulphate will not only reduce battery performance, but dramatically shorten the life of the battery.

The only solution to remove sulphate from the lead plates and restore battery performance is to use a Desulfating Deep Pulse Charger/Maintainer.

The Milenco Optimates are the worlds most efficient and advanced Desulfating Charger/Maintainers available.

5517 Optimate 10 UK plug

5319 Optimate 10 EU plug

MILENCO *OptiMATE* 10

- | Automatic reactive programming for superior battery care
- | Constantly analyses battery status and adjusts its pulse charge accordingly
- | Optimised for long term maintenance on 12V leisure and automotive batteries
- | Can desulfate and charge a near dead battery automatically to restore and maintain battery performance
- | Saves batteries with as little as 2V output
- | Controls battery temperature to avoid overheating

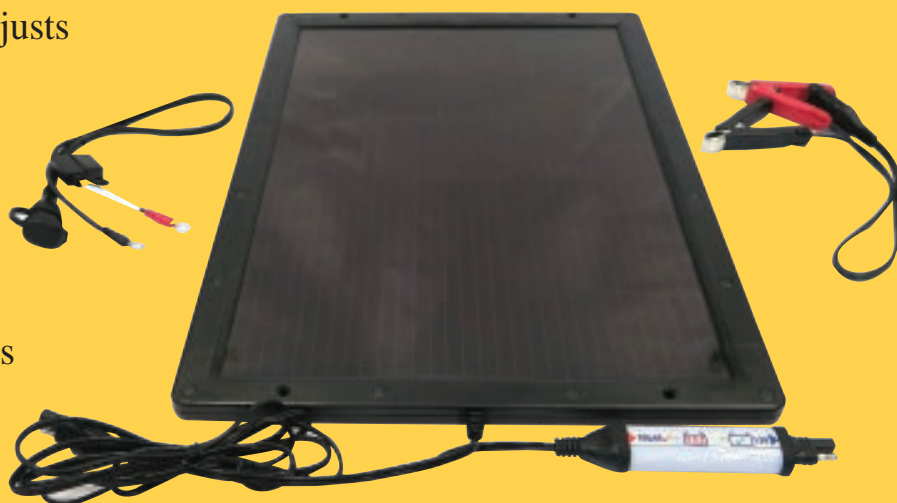

4596 Solar OptiMATE

MILENCO *Solar OptiMATE*

- | Constantly analyses status and adjusts Pulse Charge accordingly
- | Optimised for long term maintenance on all 12V leisure batteries
- | No need for battery removal
- | Totally safe for vehicle electronics
- | Extra length charging lead for roof to battery box connection
- | 3 year warranty included
