Mityvac Transmission Refill Kits and Adapters

New adapters and accessory kits from Mityvac convert the MV7201 Fluid Evacuator Plus into a convenient system for refilling or topping-off today's sealed automatic transmissions.

Features/Benefits

- Quick-change coupler allows fast adapter changes
- Brass ball valve controls the flow of fluid
- Ten (10) adapters fit Ford, Toyota, BMW, Honda, Nissan, VW, Audi, and Mercedes transmissions
- Includes custom-molded storage case for adapters
- Connects directly to MV7201 Fluid Evacuator Plus
- Fluid flow is shut off automatically when coupler is disconnected from adapter

MVA7216 ATF Refill Kit

This kit includes a connection hose (MVA7210) with flow control valve and quick-change coupler, and set of ten adapters (MVA5800) for connecting to most manufacturer's sealed transmissions. See back for component details.

Mityvac Transmission Refill Kits and Adapters

Several automotive manufacturers including Ford and Toyota have eliminated the transmission dipstick tube from many of their new models. In these cases, special equipment is required to top-off or refill the automatic transmission when the fluid level is low or following a filter change. For these applications Mityvac now offers accessory kits and adapters that transform our model MV7201 Fluid Evacuator Plus into a system for refilling or topping-off these sealed transmissions.

MVA5800 ATF Refill Adapter Kit

This kit includes a set of ten adapters for connecting to most all manufacturers' sealed transmissions. Connection hose must be purchased separately.

Features

- Hoses have independent flow control valve and quick-change coupler with built-in automatic shut-off valve
- Hoses connect to standard model MV7201 without modification
- Each adapter is custom designed for specific application(s)
- Adapters snap to hose assembly with a push-to-connect action, and release by pulling back on the coupler sleeve

Adapters available to service a wide range of makes and models.

MVA7210 ATF Refill Hose Assembly

This kit includes the refill tube assembly with shut-off valve and female quick-change coupler. Refill adapters must be purchased separately.

MVA7212 ATF Refill Hose Assembly w/Ford Adapter

This kit includes the refill tube assembly with shut-off valve and female quick-change coupler, and the Ford refill adapter part number MVA580. Additional refill adapters must be purchased separately.

MVA7214 ATF Refill Hose Assembly w/Toyota Adapter

This kit includes the refill tube assembly with shut-off valve and female quick-change coupler, and the Toyota refill adapter part number MVA581. Additional refill adapters must be purchased separately.

ADAPTER	DESCRIPTION	THREAD	APPLICATIONS
MVA580	Ford ATF Refill Adapter	1/8" NPT	Ford
MVA581	Toyota ATF Refill Adapter	NA	Toyota
MVA582	Angled ATF Refill Adapter	NA	BMW, Honda, Nissan
MVA583	VW ATF Refill Adapter, Short	NA	Volkswagen
MVA584	VW ATF Refill Adapter, Long	NA	Volkswagen
MVA585	VW ATF Refill Adapter	10 x 1.0	Volkswagen
MVA586	VW/Audi ATF Refill Adapter	24 x 1.5	VW, Audi w/DSG Transmission
MVA587	Audi ATF Refill Adapter	22 x 1.5	Audi w/CVT Transmission
MVA588	Mercedes ATF Refill Adapter	12 x 1.5	Mercedes w/ 722.9 Transmission
MVA589	Volvo ATF Refill Adapter	5/16-24 UNF	Volvo
