

# **MSD** INSTALLATION INSTRUCTIONS

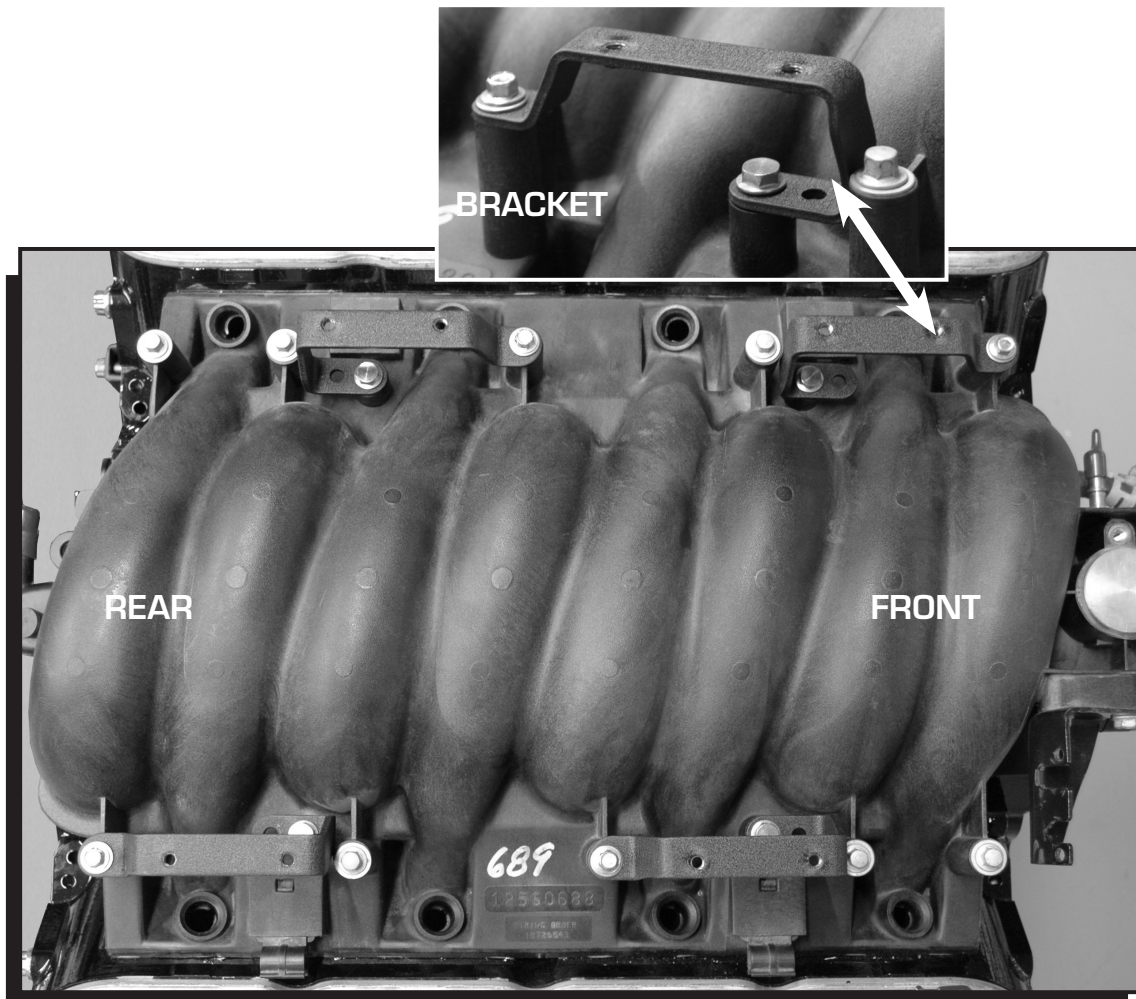

## **Atomic EFI Install Kit LS1 and LS6, EV1 Injector PN 2955**

**ONLINE PRODUCT REGISTRATION:** Register your MSD product online. Registering your product will help if there is ever a warranty issue with your product and helps the MSD R&D team create new products that you ask for!

### **Parts Included:**

- 4 - Injector harnesses for EV1 style injectors
- 4 - Brackets

The PN2955 install kit is used with the PN2950 Atomic LS Master Kit LS2/LS3 for LS1/6 applications. The bracket will use the hardware already provided in the PN2950 kit. Injector harnesses are interchangeable and will be used to fit the EV1 style injectors.
