Sportz Dome-to-Go Tent

Niagara Falls, NY (2014) - The **Sportz Dome-to-Go Tent** by Napier Outdoors is the only vehicle tent on the market designed to fit compact vehicles. The patented removable vehicle sleeve is designed to custom fit hatchbacks and station wagons. The innovative **Sportz Dome-to-Go Tent** allows you more versatility and flexibility when camping.

What makes the **Sportz Dome-to-Go** unique is the patented removable vehicle sleeve. The sleeve wraps around the cargo area of the vehicle allowing you total access to the vehicle for additional sleeping space, or to store your gear. Plus, the adjustable vehicle sleeve always achieves a custom fit to ensure that no water or bugs disrupt your stay in the outdoors.

The **Sportz Dome-to-Go Tent** is perfect for any compact vehicle owner who loves the outdoors. This 8.5' x 8.5' tent sleeps 4 people, plus room for more with the additional space provided by your vehicle. If you need to drive away from your campsite, simply unzip the vehicle sleeve and leave behind a stand-alone ground tent!

During wet weather, the full-length rainfly will keep you and your gear dry thanks to the superb waterproofing design. The rainfly's 6' x 6' awning provides plenty of shade and protection from the sun. Keep your gear off the ground by storing items in the tent's mesh pockets and upper gear loft. With skylights for star gazing and two convenient entrances, the Sportz Dome-to-Go is truly a well-designed and versatile tent. Plus it sets up in minutes and comes with a custom carrying bag for easy transport and storage.
