

The following upgrade guide is in relation to updating the firmware by copying an update file to the SD card via the supplied USB cable. Our Dash Cams can also be updated via our <u>My Nextbase Connect</u> [®] mobile app (Wi-Fi cameras only) and <u>My Nextbase Player</u> [®] (NBDVR222 and above).

	Windows	Mac
 Download the latest version of firmware for the NBDVR422GW via the Support & Downloads page for your Dash Cam. 		
 The firmware update will be saved to your PC as a file called 'NBDVR422GWA- RXX.X.zip' (where XX.X denotes the version number). This will usually be located within the downloads folder on your computer. 	NBDVR422GWA- R14.8.zip	NBDVR422GWA- R14.8 2 Items
 Double click on the downloaded zip file to display the files that it contains. You should find two files, FW422GWA.bin and LD422GWA.bin. <u>NOTE: You won't be able to</u> open these files on your PC. 	FWXXXX.bin	BIN FWXXXX.bin
4. Click and hold the mouse button and drag a box around both files to select them, then Right click (CTRL & click if using a mac) on the bin files inside the zip file and select the option that says 'Copy'	Open with Open with Delacam Player 7.2p CRC SHA Sam with Windows Defender Made Star Chive Scan with WIRE Add to arthree Add to arthree Compress on SPM000Krar* and email Send to Cut Copy	Open Open With Move to Trash Get Info Rename Compress "FWXXXX.bin" Duplicate Make Allas Quick Look "FWXXXX.bin" Clean Up Selection Share
5. Go to page 4 of the Dash Cams Setup Menu and you will see an option to format the SD card. Tap this option.	Keep User Settings Format SD Card Default Settings	Keep User Settings Format SD Card Default Settings

 Plug the Dash Cam into your PC using the supplied USB cable and tap the option 'Firmware Update'. 	PC Connection Access Files Power On Firmware Update	PC Connection Access Files Power On Firmware Update
 The Dash Cam should then appear as a storage device called 'NEXTBASE' within File Explorer (Windows) or Finder (Mac). 	evices and drives (5) Local Disk (C) 503 GB free of 930 GB Local Disk (E) 55.9 MB free of 449 MB Removable Disk (H)	Image: Base of the second
8. Click on your SD card as it appears within File Explorer/ Finder to view the contents of the card.	 Devices and drives (5) Local Disk (C:) Local Disk DVD RW Drive (D:) CD Drive Local Disk (E:) Local Disk NEXTBASE (G:) Removable Disk Removable Disk (H:) 	Other States O
9. Once the contents of the card are displayed, right click in the white space and select the option that says 'Paste'. This will copy the files from your downloaded zip file and place them onto the SD card where they can be read by the Dash Cam.	View > Sort by > Group by > Refresh Customize this folder Paste Paste shortcut Undo Move Ctrl+Z Give access to > New > Properties	New Folder Get Info Paste Item View Clean Up Clean Up By Arrange By Show View Options
10. Please ensure that the bin files are not renamed in anyway, the update will fail if the file appears as FW422GWA(1).bin for example.	FWXXXX.bin	BIN FWXXXX.bin
11. Once you have copied 'FW422GWA.bin' and 'LD422GWA.bin' to the Dash Cam you can now unplug the Dash Cam from your PC. It will shut down and you will see the Nextbase logo.		
12. After the Dash Cam has shut down completely, plug it back into your PC and the update should begin automatically.	The Firmware Update has started. The amera will automatically restart buloe. Please do NOT disconnect power or press any buttons until you see the First Time Use screen.	The Firmware Update has started. The camera will automatically restart buce. Please do NOT disconnect power or press any buttons und you set the first Time Use screen.

13. After the update has installed your Dash Cam will restart and display the PC Connection Screen. Tap the 'Power On' option to continue.	PC Connection Access Files Power On Firmware Update	PC Connection Access Files Power On Firmware Update
14. Tap the Menu button and then tap 'Setup' to open the Setup Menu, Swipe across to page 4 you will see 'System Info'. Tap 'System Info' and the firmware version installed on your Dash Cam will be displayed.
