

REMOVE AND INSTALL SELECT HENDRICKSON HEAVY DUTY REAR & FRONT SUSPENSION BUSHINGS

HENDRICKSON REAR & FRONT SUSPENSION

Replace rusted and frozen heavy-duty suspension bushings faster and easier.

These all-new suspension bushing tools for Heavy Duty vehicles make Pivot and D-pin bushing removal and installation easier tasks. Because the patented design allows the tool to be mounted to the suspension piece, the weight of the tool does not need to be held in place during operation. Also included are centering adapters that align the tool and reduce the likelihood of bushing damage or improper installation.

REAR SUSPENSION

4246

Hendrickson Rear Suspension Bushing Tool Kit

- Patent-pending design is suspension-mounted, eliminating the need to hold the tool during operation.
- Remove and install Hendrickson PRIMAAX EX, COMFORT AIR, FCCC V Ride™ Pivot and D-Pin Bushings.
- Save time and effort during suspension service to get trucks back on the road faster.
- Included adapters align tool with the suspension to ensure proper bushing installation and reduce the chance of misalignment and bushing damage.
- Includes an OTC 4106A 25-ton high-force cylinder.

4246

4247
