

BRAKE PAD GAUGE

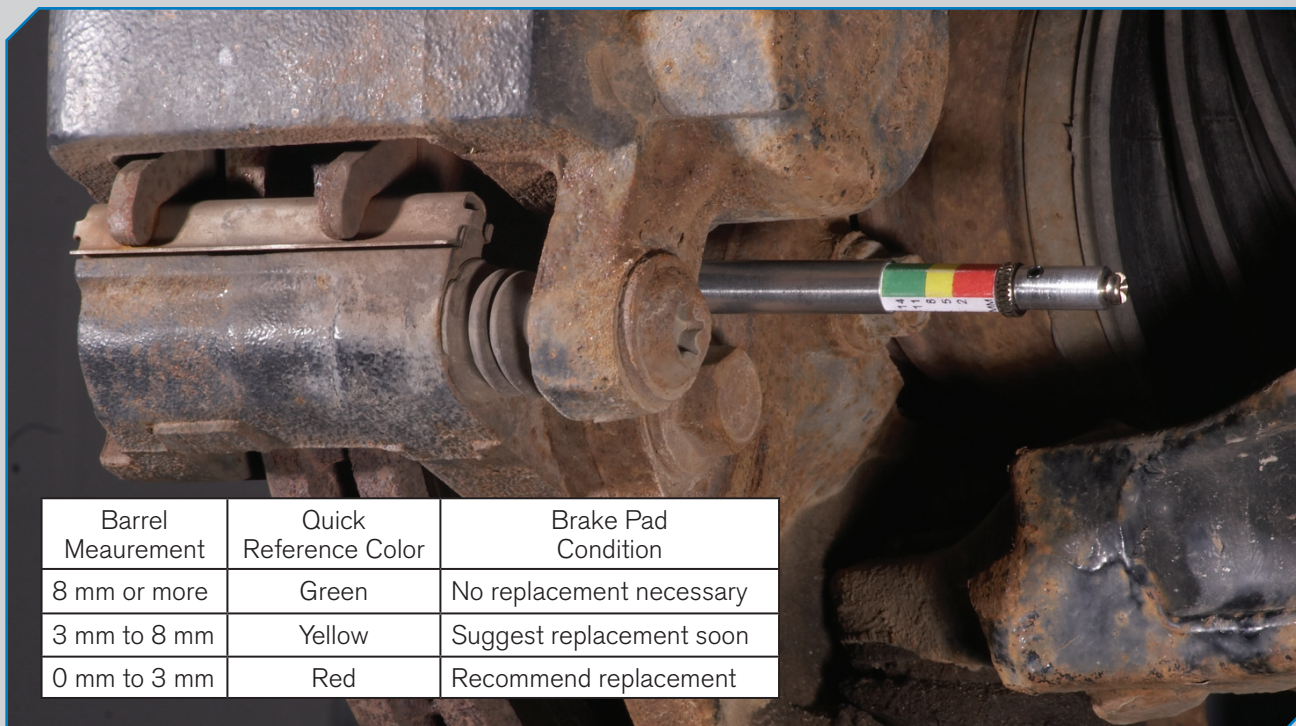

Quick reference of brake pad condition via color code scale

SPEED UP your inspection process.

The 6596 Brake Pad Gauge allows for a definitive measurement of brake pads to determine remaining life.

Unique design allows for measurement on the vehicle without the removal of any components in most cases (wheel assembly or brake caliper).

Barrel Measurement	Quick Reference Color	Brake Pad Condition
8 mm or more	Green	No replacement necessary
3 mm to 8 mm	Yellow	Suggest replacement soon
0 mm to 3 mm	Red	Recommend replacement

Attain measurement without removing any parts from the vehicle.
