

MOLE CHASER®

No more moles, no more holes!

The Molechaser® is the easiest and most environmentally friendly way to get rid of moles, voles, gophers, shrews, and other burrowing rodents. Made of sturdy high impact materials, the Molechaser® is weather proof and proven effective.

Penetrating sonic pulses of 300 Hz at 15 second intervals irritate burrowing rodents and motivates them to move to a more comfortable home. The unit can be buried flush with your lawn, allowing easy mowing without detracting from the look of your landscape.

The Molechaser®'s battery cylinder allows you to change the batteries while the unit remains in the ground. With a battery life of 4 to 6 months and a lifetime warranty, the Molechaser® is very cost effective, convenient and reliable

- Up To 9,000 Sq. Feet (1/5 Acre) Coverage
- Bury Flush With Ground For Easy Mowing
- Rodents Are Chased Away Unharmmed
- Does Not Affect Pets
- Convenient Battery Change Cylinder
- 100% Waterproof

Specifications:

Model:	P7901
Power:	6V DC
Battery:	4 X D alkaline batteries
Battery Life:	4-6 months
U.S. Patent Number:	6157594
Frequency:	300 Hz
Duty Cycle:	15 seconds
Coverage:	9,000 sq. feet (1/5 Acre)
Weight:	7 oz.
Dimensions:	16" X 2"

Specifications subject to change without notice.
