REPEAT

Install and remove depending on your needs

SWITCHBLADE™

by

ALLOWS FULL REAR VISIBILITY | NO BULKY PANELS

EASY TO INSTALL

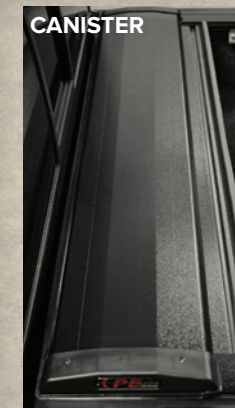

Switchblade™ is designed for quick and easy installation and removal. Its design makes it the ideal truck bed cover for people who want secure cargo space some of the time and full bed access the rest of the time. Switchblade™ requires only a Phillips screwdriver and 7/16" wrench for installation and removal. One-year warranty.

THE SWITCHBLADE™ INSTALLATION KIT INCLUDES:

- Canister
- Two drain tubes
- Two side rails
- Two locator bolts
- Four screws
- Four rail clamps

INSTALLATION INSTRUCTIONS

1. Center canister on truck rails and push completely forward.
2. Position rail against the side of the truck's interior bed rail.
3. Slide clamps into the notches in the rail and tighten.
4. Tighten locator bolts.
5. Position the top cover on the canister and mount with four screws.

ROLL CLOSED

All Pace Edwards covers roll and stow inside a tough, flush-fitting canister behind the cab with quick, clamp-on installation. Installed and serviced by North America's largest dealer network, Pace Edwards retractable covers are covered by our industry-leading warranties.

These premium retractable truck bed covers work with our commercial rack systems when combined with Pace Explorer series rails:

Tough, Coated Aluminum Deck **FULL-METAL™ JACKRABBIT®**

- Tough powder-coated aluminum exterior
- Easy maintenance – low-profile design
- Retracts into a canister box at the front of the truck bed when you turn the lock knob

Total Remote Control **BEDLOCKER® ELECTRIC**

- Hands free – remote operation
- Cover opens/closes in less than 30 seconds – can stop at any point
- Heavy-duty, powder-coated aluminum exterior with low-profile blanket design
- Retracts into a canister box at the front of the truck bed
- Wires to truck battery; manual override release provides back up

Hard-Cover Security, Soft-Top Look **THE ORIGINAL JACKRABBIT®**

- Retracts into a canister box at the front of the truck bed when you turn the lock knob
- Strong aluminum panels with ArmorTek automotive-grade, polymer-vinyl exterior
- Low-profile, flush-fit design
- Closes easily with a built-in pull strap — can be key-locked along the rail every 12 inches

Clamps come standard for no-drill installation on most models.

WORKS AS HARD AS YOU

ROLL OPEN

With a Pace Edwards Retractable Truck Bed Cover, you have the option of riding with an open truck bed or with a secure, locked cover for your tools. And in addition to security, a Pace Edwards cover increases your fuel efficiency by improving the aerodynamics of your truck.

A SMARTER WAY TO WORK

Durable Pace Edwards Commercial Fleet Products are reliable and efficient truck solutions that are versatile and secure. Lock up tools and equipment under the cover, or carry oversized cargo with the cover retracted. Transport other cargo or building materials with our rugged rack systems, specifically designed to work with the BedLocker®, Full-Metal™ JackRabbit® and the JackRabbit® Retractable Truck Bed Covers.

PACE | EDWARDS

UTILITY RIG RACK SYSTEM WITH JACKRABBIT®

- Aluminum trusses for exceptional front-to-rear stability
- PVC insert on rig crossmember reduces friction when loading and unloading
- Durable stainless steel fasteners on all components
- Removable rear truss for hauling large items

EXPLORER SERIES™ RAILS

- Increase cargo capacity above the cover
- Fits many brands of racking components
- Accommodates Pace Edwards utility and contractor racks

CONTRACTOR RIG RACK WITH FULL METAL™ JACKRABBIT®

- Aluminum extension beams support longer loads
- Durable stainless steel fasteners on all components
- Rust-proof system with removable rear cross member and adjustable handles
- Four work winches included

WORK WINCH™

Tough tie-down system secures large loads to the Contractor Rig Rack

Full-Metal JackRabbit's tough, black powder-coated aluminum deck is constructed with interlocking silicone hinges for strength and flexibility.

JackRabbit's weather resistant, ArmorTek™ deck provides hard cover security with a "soft top" look.

RETRACTABLE UTILITY BED COVER

Available in Manual & Electric

- Designed specifically for service-body applications, fits most 8' and 9' models
- Made of tough, black, powder-coated aluminum panels, interlocked for strength and durability
- Cover retracts into a front canister for easy access to the truck bed
- Fully secure when closed, even when the tailgate is unlocked

ELECTRIC COVER FEATURES

- Electromagnetic brake locks the cover in any position
- Drive system release mechanism for opening during a power failure or emergency
- Patented silicone weather hinge provides a tight seal between aluminum panels
- Operating switch can be in the cab, an exterior locking compartment or both

MANUAL COVER FEATURES

- Heavy-duty spring helps retract the cover smoothly
- Built-in pull strap engages the latch at 12" intervals
- Independent latch and lock handle system offset to driver side

RETRACTABLE UTILITY BED COVER

AVAILABLE IN MANUAL & ELECTRIC

- Designed specifically for service body applications, fits most 8' and 9' models: longer applications available
- Made of tough, black, powder-coated aluminum panels, interlocked for strength and durability
- Cover retracts into a front canister for easy access to the utility bed
- Works with or without tailgate.

ELECTRIC COVER FEATURES

- Electromagnetic brake locks the cover in any position
- Drive system release mechanism for opening during a power failure or emergency
- Patented silicone weather hinge provides a tight seal between aluminum panels
- Operating switch can be in the cab or exterior locking compartment or both

MANUAL COVER FEATURES

- Heavy-duty spring helps retract the cover smoothly
- Built-in pull strap engages the latch at 12" intervals
- Mechanical weather hinge provides a tight seal between aluminum panels
- Independent latch and lock handle system offset to driver side

PACE | EDWARDS

QUICK, EASY ACCESS REDUCES DELIVERY TIMES

THE PACE EDWARDS VERTICAL DOOR SYSTEM

An alternative for fleet managers, commercial truck upfitters and truck body manufacturers

An efficient, versatile option for all delivery and service vehicles, the Pace Edwards electric Vertical Door System offer advantages over traditional hinged and pocket doors. Designed with interlocking, retractable aluminum extrusion technology, these doors enhance safety for drivers and operate more efficiently, helping you improve delivery times.

FEATURES

- Interlocking aluminum panels
- Powerful, reliable motorized operation with manual override
- Available for 12V and 24V electrical systems
- 3-way control: At the door, in the cab, by remote keyfob
- High-speed operation: Fully open or closed in seconds
- Electromechanical brake
- Retracts into a compact, self-contained overhead canister
- Easy-access service panel
- Custom sizes: fits a wide range of applications
- Bump stop protects personnel and cargo
- Rain management drip rail
- Door-open alarm

ADVANTAGES

- Vertical door is unaffected by gusts of wind and does not swing into traffic
- Safer access – no door blocking movement or line of sight
- Better for confined spaces
- Frees hands for delivery tasks
- Lightweight aluminum reduces weight and saves fuel
- Electric operation reduces driver strain and use injuries

Service body and pick up applications are also available.
