2017 Product Catalog

Since 2008 Paramount Automotive has provided automotive enthusiasts with innovative, stylish, and high quality products at extremely competitive pricing. As a leading industry manufacturer, we have integrated Robotic Welding and CNC equipment into our relentless pursuit of increasing product quality and reliability. Driven by feedback from our customers, sales staff, and customer service, our engineers and design team work diligently to develop perfect product that launches the absolute latest trends and improvements for a wide variety of vehicles and restyling tastes.

Whether you drive a Truck, Jeep, or SUV, Paramount Automotive understands your basic desire and design a vehicle that matches your particular style, personality, and interests. If you're a hard core dedicated off-roader, or simply prefer to cruise the local boulevard looking good, Paramount Automotive has an impressive selection of products to display the proper attitude and flair.

At Paramount Automotive, our goal is to constantly expand, improve, and refine the quality of our products. And also constanly improve the customer service. With assistance from our highly valued customers, we feel confident that Paramount Automotive will continue to develop more high quality products that promote sustained market growth well into the future.

Traildriver JK Fender Flares

Add an aggressive off-road appearance to your Jeep JK with Paramount Traildriver flares.

Made from high impact thermoformed materials Our flares combine maximum durability and flexibility with rugged good looks. Choose the design that best suits your driving needs. The Flat-style flares have a narrow profile for rugged off-road driving or the wider rivet-flares which offer additional tire coverage and protection. Both styles are made with pride in the USA and will provide years of trouble free service.

58-0304 07-17 Jeep Wrangler JK [Rivet—Pocket Style Fender Flares 4pc Set]

FEATURES

- Larger wider extreme surface provides 2 1/2 inches of additional tire coverage.
- .200 super wall thickness for maximum durability and flexibility during harshest weather.
- Virtually unbreakable PE construction will stand up to the harshest off-road conditions.
- Unique design allows use of factory splash liner.
- Comes in satin black pebble finish.
- No drilling or cutting your Jeep. Installs in existing factory holes.
- Easy installation using basic tools.
- Design incorporates factory side marker lights.
- Includes installation mounting hardware and instructions.

58-0305 07-17 Jeep Wrangler JK [Flat-Style Fender Flares 4pc Set]

FEATURES

- Heavy-Duty impact resistant Proguard © construction for superior UV protection.
- OEM textured satin finish, can be painted to match your vehicle.
- No drilling or cutting required for installation – mounts to existing factory holes.
- Come complete with LED side marker light.
- Provides additional clearance for large tires.
- Easy installation using basic tools.
- Includes all necessary mounting hardware and instructions.

Paramount Automotive steel flares provide additional protection, durability, and increased clearance, yet their rugged design and precise fitment make for an easy installation.

FEATURES

- Manufactured from durable 1/8" cold rolled steel sheet.
- Protects vehicles from on & off-road debris.
- Tire coverage ranges from 5" to 8.5" inches.
- High quality textured powder coat for corrosion protection and durability.
- Easy bolt-on installation.

JK All Weather Floor Liners

Traildriver All-Weather Floor Liners and Cargo Liners are custom engineered for an exact fit to the shape and contour of your vehicles floor. Generous 2 inch high wall keeps any spilled liquids contained and away from the carpet. Mud, snow, ice, sodas even battery acid won't hurt these tough durable liners. Easy to remove and clean, simply hose them off and reinstall. The raised edge around the hook attachment helps to prevent dirt and moisture from getting through this area and onto the carpet.

FEATURES

- 2" high sidewalls trap spills and keeps your factory carpets fresh and clean.
- Cross hatch pattern provides traction to help remove mud, snow etc from shoes and boots.
- TPO (Thermo Polyolefin) construction provides ultimate long lasting durability.
- Factory hook attachment ensures the floor liners stay in place long after installation.
- Designed engineered and built in the USA.

JK Grille Guard/Bull Bar

Paramount Automotive JK Grille Guard/Bull Bar allows you to select the front end features that work best for you. If you are more concerned with protecting the front end from on and off-road hazards go for the grille guard. If lighting up that dark night is more important, go with the LED Bull Bar featuring dual 30" LED lights. Either one is a brilliant solution.

JK "Tailgater" Rear Bumper

The New E-Z GLIDE® Rear Bumper represent the latest generation in rear bumper design from Paramount Automotive. These bumpers allow you to access the rear storage area by opening the tire carrier and tailgate at the same time, giving you features that come in handy at the mall, with the strength and durability to endure off-road.

FEATURES

- Heavy duty and high quality engineering swing away tire carrier system.
- High quality bearings used at shaft of tire carrier for smoothest open and close.
- Manufactured from durable 5/32" steel sheet.
- High strength D-ring mounts are welded both inside and outside.
- Adjustable OE style third brake light bracket fit up to 37" tire.
- Third brake light mount with plug extension included in the rear tire carrier.
- High quality textured powder coat for corrosion protection and durability.
- D-rings included – 4.75 ton capacity each.
- 2" standard hitch receiver included.
- Easy bolt-on installation.

PART#	YEAR	MAKE	APPLICATION
51-0395	07-17	Jeep	JK Tailgate Rear Bumper

Paramount's Heavy Duty Hinged Tire Carrier provides an easy and elegant solution for mounting your oversize spare tire. Choose from our cast steel or cold rolled steel models. Both tire carriers employ the same unique design which utilizes the factory hinge mounting positions as well as tying into the tire carrier mounting points. This results in additional support and allows for mounting up to a 37" tire.

HEAVYDUTY HINGED TIRE CARRIER

- Easy single action of opening and closing of the tailgate.
- Made of 5/32" cold rolled steel.
- Adjustable tire mount up to 37" maximum tire size.
- Load carrying capacity of 135 lbs.
- Protective EPDM gaskets included to protect factory finish.
- CNC machined hinge/pivot structure.
- Third brake light mount included.
