# Feel safe, drive safe

### Original quality

Philips Xenon Standard is for replacement of the burned-out lamp. It is of the same quality and performance as the original equipped bulb

#### Maximum safety with Xenon HID

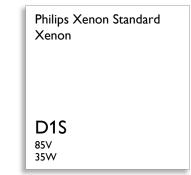

• Powerful light from Xenon HID bulb offers maximum safety

#### Original quality replacement for your headlight

• Xenon Standard is the original quality replacement option

#### Original equipment manufacturer

- Philips is the choice of major car manufacturers
- Adhering to high quality standards of the ECE homologation
- Philips car lamps are made of high-quality quartz glass
- Philips car lamps are highly resistant against humidity
- Philips car lamps are highly UV resistant
- Award-winning car lamp manufacturer

### Xenon D15 85V, 35W Highlights

#### Car manufacturers' choice

For 100 years, Philips has been at the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting.

#### **Commended Car lamps**

Our lamps are often commended by automotive experts.

#### **ECE** homologation

<u>Philips Automotive</u> is dedicated to producing best-in-class products and services in the

Original Equipment Manufacturer market as well as in after-sales market. Our products are manufactured from high-quality materials and tested to the highest specifications to maximize safety and driving comfort of our customers. Our entire production is meticulously tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements.

#### Maximum safety with Xenon HID

Xenon HID (High Intensity Discharge) lamps offer twice as much light\* for safer driving in all conditions. The intense white light produced by the Xenon HID lamps is comparable to daylight. Studies have demonstrated that xenon automotive lighting helps drivers to concentrate on the road and to distinguish obstacles and road signs much faster than traditional lamps.

#### **Original quality replacement**

Philips Xenon Standard offers the original quality light performance of a new car. The quality of the bulb is endorsed by all major car manufacturers.

#### **Resistance against humidity**

Only a burning bulb made of quartz glass (filament 2650°c, glass 800°c) can resist thermal shocks : if a drop of cold water touches the hot bulb, which can happen when you drive through water with a broken headlight unit.

#### **UV Resistant**

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass ideal for all driving conditions and ensures their longevity at the same time.

#### Xenon D1S 85V, 35W

## Specifications

- Product description
  Technology: Xenon
  Application: High beam, Low beam
- Designation: D1S
  Homologation ECE
- Range: Xenon Standard
  Type: D1S
  Base: PK32d-2
- Marking ECE: E1 04J

#### **Electrical characteristics**

- Wattage: 35 W Voltage: 85 V

#### Lifetime

• Life time: B3/Tc = 2000/3000

## Light characteristics • Lumens: 3350 ±300 • Color temperature: 4200
