DRIVELINE

PREMIUM NEW CLUTCH  
SYSTEMS CATALOG

---

When it comes to a repair as complicated and labor intensive as a clutch replacement, you can't afford a do over. Cheap, inferior parts can cost you hundreds of dollars in unreimbursed labor. Platinum Driveline gives technicians and their customers peace of mind when using genuine Platinum Driveline clutch and clutch system components. Trust the Original-Equipment Quality every Platinum Driveline clutch set affords you. Every Platinum Driveline Clutch Kit is tested and warranted to meet OEM performance specifications. Each Platinum Driveline Clutch Kit contains everything you need to get the job done and done right: **New clutch cover, clutch disc, release bearing, pilot bearing (if required) and alignment tool.** Platinum Driveline offers a complete line of clutch system kits and components, including clutch covers, clutch discs (organic, ceramic button and Kevlar®), hydraulic system components (master cylinders, slave cylinders), flywheels and clutch cables.

## **FEATURES**

This catalog was designed and developed for the reader to make it easy to locate the correct clutch kit and clutch system accessories for your application/fitment. Listings are arranged alpha-numerically by make, model, engine size (cubic inch and liter) and model year. Listings with no specific designation in the "application" column include all variations of the model. Before ordering, refer to any 'notations' for important technical information. The information listed in this catalog concerning applications and part numbers has been compiled from various automotive sources. To the best of our knowledge, the data is correct; however, Platinum Driveline cannot assume responsibility for errors found in this catalog or in existing or future catalogs or bulletins. This catalog supersedes all previous catalogs and listings. For application, diagnostic or installation questions, call Platinum Driveline or your authorized distributor.

**Engineered to precise OE specifications, Platinum Driveline Clutch Sets match ideal clutch components to deliver maximum drivetrain performance. Maintaining ideal power transfer with exacting pedal touch, Platinum Driveline Clutch Sets are always OE Specific.**

**Set Includes:** Platinum Clutch Cover & Disc, Release Bearing, Pilot Bearing (if required), & Alignment Tool

## Features:

-Premium Platinum Clutch Sets conveniently packaged in one box

-OE quality bearing(s) and vehicle specific alignment tool included

-Innovative packaging with layered inserts, patented KORRVU for easy viewing and support (no cutting required)

**Manufactured to precise OE specifications, Platinum Driveline Hydraulics and Flywheels are engineered to deliver maximum vehicle performance. With Platinum Driveline's full complement of manual transmission products and exacting quality standards, our goal is to be your supplier of choice.**

### **Features:**

- Full range of domestic and import fitments
- Over 600 SKU's available and in stock
- Prefilled master cylinders available to eliminate the need to bleed
- Concentric Slave Cylinders (CSC) without bearings

### **Features:**

- CAD engineered and precision CNC machined for superior quality
- Over 200 SKU's in stock
- Wide range of OE dual mass available
- Solid Flywheel replacements for OE
