# NEW 4 INCH SUSPENSION KITS

**AVAILABLE NOW!** Pro Comp is proud to announce the release of new 4-inch suspension systems for GM and Toyota. These systems provide clearance for 33-inch tall tires and are 100% compatible with the factory StabiliTrak electronic stability control system. Each kit features heavy duty one-piece crossmembers, CNC-machined steering knuckles and nitro-charged gas shocks.

## 4-INCH KITS
