

Professional Products Limited Warranty

This Limited Warranty is for all products other than EFI systems and components which are covered by a separate Limited Warranty.

THIS IS A LIMITED WARRANTY - Professional Products offers a 12 month limited warranty from date of purchase on all products. (Note there is a separate warranty for the Powerjection line. This includes any part number in the 70000 series.)

Professional Products warrants to the original purchaser of the product that the product and its component parts will be free of defects in material or workmanship for a period of 12 months. This warranty does not apply to products that have been (a) modified or altered in any way; (b) subjected to adverse conditions such as misuse, neglect, accident, improper installation or adjustment, dirt or other contaminants, water, corrosion, or faulty repair; or (c) used in applications other than those recommended by Professional Products.

Professional Products also does not warrant, and disclaims all liability, for products used in racing activities and/or applications other than those specifically recommended in the current Professional Products Catalog or website. This Limited Warranty is extended to the original purchaser only and is not assignable or otherwise transferable. There are no warranties which extend beyond those stated herein. Professional Products offers no warranties, either express or implied, beyond this Limited Warranty.

In the event of an alleged defect in material or workmanship, Professional Products' responsibility is strictly limited to repair or replace the defective product.

Professional Products has no other obligation either express or implied. Final warranty determination will be at the sole discretion of Professional Products. Professional Products will not be responsible for: (a) actual or alleged labor, transportation or other incidental charges, vehicle downtime; or (b) actual or alleged

consequential or other damages incurred by use of any product of Professional Products.

How to Initiate the Warranty Process

In most instances the product should be returned to the place of purchase. If the problem is something like missing parts or some other easily correctable problem, you can contact Professional Products. If it is determined that the product needs to be returned to Professional Products, you will be given an RGA (returned goods authorization) number. This number must be visible on the outside of the return package. Merchandise must be returned prepaid (with a copy of the original sales receipt) and insured. Also include your name, address, phone number, and a complete explanation of the problem. The product must be properly packaged so that no damage occurs in shipment.

This warranty sets forth specific legal rights. The consumer may have other rights as a result of variations in state or provincial laws. This Limited Warranty supercedes all prior warranty statements.

NOTE: Professional Products cannot refund your purchase price on any product that was purchased from a dealer or retailer. All refunds must come from whoever sold the product to you.
