Section One – Bench Seat Installation

1. Place the Console in the desired position on the bench seat.
2. Locate the webbing strap underneath the Console as shown in Figure 1.
3. Insert the seat belt through the webbing strap (Figure 2).
4. Lock the seat belt in place (Figure 3).
5. Center the Console and tighten the seat belt strap as shown in Figure 4.

Section Two – Adjustable Cup Holder Usage

➤ **NOTE:** Your new Contractor's Bench Seat Console features an adjustable cup holder designed to secure a variety of different size drink containers.

1. Push the adjustable lever in towards the console as shown in Figure 5A and 5B to secure the drink container.

2. To release the adjustable lever, press the release button as shown in Figure 6.
