

Installation Instructions

Windshield Channel Header (No Drill), Black, 97-06 Jeep Wrangler

Hardware List

- A) 1-Windshield Retainer
- B) 2- Brackets
- C) 2- Bolts
- D) 2- Washers

INSTALLATION INSTRUCTIONS

1. Remove any hard or soft top currently on your Jeep.
2. Place the Windshield Retainer above the windshield as shown. (fig's. 1,2)

fig. 1

fig. 2

3. Unbolt two Brackets from the Windshield Retainer (fig. 3), insert them into slots in Jeep (fig. 4), and bolt them back to the Windshield Retainer (fig.5). To assure a good seal, apply firm pressure to the Windshield Retainer downward and toward the Jeep's front while bolting.
