

Raptor Series

PREMIUM TRUCK ACCESSORIES

2018 PRODUCT CATALOG

The Raptor Difference!

Raptor Series gives you the power of global manufacturing with guaranteed American quality. Unlike most importers, we own and operate all our manufacturing plants and distribution centers.

We quality control all our products start to finish from high polishing stainless steel, to fabrication, to stocking in our expanding central US warehouse. Our 3 stage quality control program guarantees you get the best product the first time, every time. We have more than 20,000 units in stock and in most cases will ship your order in 24 hours.

Our friendly customer service staff, no hassle return policy, and next day tracking information are additional reasons why Raptor Series is quickly becoming the brand of choice.

Raptor Series has developed a unique business philosophy. Our success is not defined by receiving self-serving industry awards but by contributing to the success of our customers!

3" NERF BARS

- Available in Stainless Steel
- Easy no drill installation
- Bolts to factory mounting points
- 3" wide raised saddle style steps
- Vehicle specific applications
- Lifetime Warranty

Raptor Series 3" Round Nerf Bars are made from 304 stainless steel materials, which are polished to a mirror finish. These steps feature a 3" wide raised saddle style step pad for traction. They are designed to bolt to the factory mounting points providing an easy no drill installation and come with a limited lifetime warranty.

- Available in Stainless Steel
- Easy no drill installation
- Bolts to factory stake hole pockets
- Universal drill mounts available
- 1.9" round stainless steel
- Welded & polished foot plates
- Vehicle specific applications
- Lifetime Warranty

Raptor Series 1.9" round truck bed rails are made from 304 stainless steel materials, which are polished to a mirror finish. These bed rails feature a welded and polished foot plate for a premium look. We also offer several universal drill mount applications with or without the welded footplate. All Raptor Series truck bed rails come with a limited lifetime warranty.

1.9" BED RAILS

4", 5" & 6" OVALS CAB LENGTH

- Available in Stainless Steel & Black
- Easy no drill installation
- Bolts to factory mounting points
- 500 lb. weight rating
- Welded end caps
- Vehicle specific applications

Raptor Series Magnum Oval Step Tubes are available in stainless steel and black and are made for most applications. These steps feature welded end caps and you can choose from a 4", 5" or 6" wide raised saddle style step pad. They are designed to bolt to the factory mounting points providing an easy no drill installation. The stainless steel ovals come with a limited lifetime warranty and our black E Coated ovals are backed by a superior 10 year warranty.

- Available in Stainless Steel & Black
- Easy no drill installation
- Bolts to factory mounting points
- 500 lb. weight rating
- Welded end caps
- Vehicle specific applications

Raptor Series Wheel to Wheel Oval Step Tubes are available in stainless steel and black and are made for most applications. Our wheel to wheel oval steps provide an extra step to give you easier access to the bed of your truck. These steps feature welded end caps and you can choose from a 4", 5" or 6" wide raised saddle style step pad. They are designed to bolt to the factory mounting points providing an easy no drill installation. The stainless steel ovals come with a limited lifetime warranty and our black E Coated ovals are backed by a superior 10 year warranty.

4", 5" & 6" OVALS WHEEL TO WHEEL

4" & 5" OE OVALS CAB LENGTH

- Available in Stainless Steel & Black
- Easy no drill installation
- Bolts to factory mounting points
- 500 lb. weight rating
- Welded end caps
- Vehicle specific applications
- 30 Degree OE style bends on each end

Raptor Series OE Curved Oval Step Tubes are available in stainless steel and black and are made for most applications. These steps feature welded end caps, a 30 degree bend on each end, and you can choose from a 4", 5" or 6" wide raised saddle style step pad. They are designed to bolt to the factory mounting points providing an easy no drill installation. The stainless steel ovals come with a limited lifetime warranty and our black E Coated ovals are backed by a superior 10 year warranty.

- Available in brushed aluminum and black textured aluminum
- Vehicle-specific, no-drill applications
- Bolts to factory mounts
- 400 lb. weight rating
- 6" step area
- Slip resistant step treads

Raptor Series OEM Running Boards are made from aircraft grade aluminum materials. These boards feature high impact, ABS plastic end caps and a 6" step area, providing sufficient footing for any family member. The boards are designed to bolt to the factory mounting points, providing an easy, no-drill installation on most models. The brushed aluminum steps come with a limited lifetime warranty, and the black textured aluminum steps come with a 10 year warranty on the finish.

6" OEM RUNNING BOARDS

7" SSR BOARDS

- Available in Stainless Steel & Black Textured Stainless Steel
- Mounting brackets pre-installed on board
- Bolts to factory mounting points
- 400 lb. weight rating
- 7" extra wide step area
- Slip resistant step pads
- End caps that act as mud guards
- Vehicle specific no drill applications
- Lifetime Warranty

Raptor Series 7" SSR Boards are made from 304 stainless steel materials. These boards feature high impact ABS plastic end caps and a 7" stepping area providing the best footing for any family member, even the little ones. The mounting brackets come pre-installed and are designed to bolt to the factory mounting points providing an easy no drill installation (most models). The polished stainless steel boards come with a limited lifetime warranty and the Black Textured Stainless Steel boards feature a 10 year warranty on the finish.
