VICE SERIES RCA AUDIO CABLES

PRODUCT OVERVIEW

The Vice Series from Raptor will have a new look, going from black and orange colors to red with a new twisted cable design. The amp kits also have higher quality fuse holders and can handle more power, with the R3AK4 kit going from 600 watts to 1,000 watts and the R3AK8 kit doubling from 300 watts to 600 watts. The Vice Series will also have two new reducers added to the product line, for 0 to 4 gauge and 4 to 8 gauge cable sizes.
