APPLICATION GUIDE

Master Catalog

The Best in Brakes Made Easy.

Raybestos® has been a giant in the automotive aftermarket industry for over a century. As an industry leader, Raybestos® is committed to manufacturing high-quality brake parts that offer unparalleled performance and safety. From friction to rotors, calipers to hydraulics, Raybestos® produces dependable brake parts with expansive coverage. All of our products are extensively tested so you can be sure you are buying a product that is reliable and safe. Raybestos delivers brake parts you can count on.

Raybestos® had our customers in mind when we decided to realign our product offering into three distinct lines. When you think of Raybestos®, you think of The Best in Brakes®. That is what our R-Line delivers. It is a reliable family of products focused on every day driving. Our Element3™ line is The Best in Brakes® with enhanced, innovative product attributes for increased performance and a long life. Our Specialty line helps you cover all of your niche market and unique application needs, delivering outstanding stopping power in extreme-use situations. You now will get the same great product in easy-to-understand family packaging all with no part number changes.

RELY ON RAYBESTOS® AS YOUR PREMIER BRAKE PARTNER TO HELP GROW YOUR BUSINESS.

PREMIUM LINE ENHANCED FOR ULTIMATE PERFORMANCE

This innovative offering features upgraded product attributes including EHT friction formulations, coated rotors, new plated calipers, and new OE-matched hydraulics providing a full selection of components for complete braking system coverage and unparalleled performance.

ELEMENT3™ BRAKE PRODUCTS DELIVER
A NEW LEVEL OF CONTROL AND CONFIDENCE.

SUPERIOR STOPPING POWER

Our Raybestos® R-Line provides a reliable solution for every day driving. Now packed in easy-to-match packaging so you can quickly select ceramic or semi-metallic brake pads, OE-matched professional grade rotors and drums, reman plated and non-plated calipers, and three generations of wheel hubs for a complete brake job. Rely on Raybestos® for the Best in Brakes®.

Specialty

FULL-LINE COVERAGE FOR CRITICAL TARGET CATEGORIES

Bringing together innovation and superior engineering, Raybestos® specifically designed these specialty disc pads and rotors with application-specific formulas and full-line coverage for critical target categories. Special product features such as mechanical retention system backing plates, enhanced metallurgy rotors, and custom designs allow for exceptional performance in high-temperature and severe duty situations across many significant niche markets.
