Your big rig deserves the best, and RBP delivers. With designs inspired by The Great American Industrial Revolution, RBP Dually wheels are the perfect blend of strength, light weight and a flawless finish. Our RBP Dually wheels are forged right here in America with American aluminum, CNC designed and cut for a perfect fit and finish. Standard finishes are high polish luster, black with machined grooves, full black, full chrome or any custom finish you can dream up.

RBP Forged Wheels are the epitome of high performance luxury wheels. RBP Forged wheels are forged right here in the United States using a proprietary forging process of over 2 million pounds of pressure to custom shape the T-6061 or T-6066 aluminum into the perfect wheel – strong, light and dense. Then, the RBP Forged wheels are CNC custom cut for the perfect design of your choosing. The final finishes can be painted, powder coated or polished to match. We can create anything you imagine.
