## 120° Viewing Angle

Ultra wide angle

## 8 Infra-Red Lights

For perfect vision even in the darkest night

## Flushmount

Mounted with bracket or flush on vehicle

## Heavy Duty Metal

## Compact Design

Less than an inch in diameter

## IP68 Rating

Protected against complete, continuous submersion in water

## FLUSHMOUNT BACKUP CAMERA

This color MT9V139 camera is designed to sit flush on the vehicle but comes with a mounting bracket as a second option.

It has a viewing angle of 120° and 480 TV lines, which means you get the best quality image with no blind spots.

The 8 infra-red lights allow you to see up to 30 feet even in the darkest night and the foam around the lens guarantees no glare from these infra reds. With an IP68 weatherproof rating this camera will be fit to ride out any storm and boasts a 15G vibration rating as well as aircraft grade cable connections.
