CHEVY EXPRESS BACKUP CAMERA

Our Chevy Express Backup Camera replaces the third brake light in Chevy Express vans making for a very clean install. It comes with a viewing angle of 130 degrees and it's MT9V139 sensor provides an image quality of 480 TV lines. With strong night vision, this camera will provide a great view at night even with a limited amount of ambient light and with an IP68 rating this camera is fit to ride out any storm. It comes included with aircraft grade cable connections and boasts a 10G vibration rating.
