

NISSAN NV200
THIRD BRAKE LIGHT BACKUP CAMERA
RVS-919

The Nissan NV200 Backup Camera sits right underneath the third brake light in the NV200 vans for a clean, factory-like install. With 580 TV lines and a 170° viewing angle, this camera combines a high quality image with an ultra wide viewing angle for the perfect view behind your vehicle. Camera comes with RCA connections to connect to any monitor with RCA inputs and a one year warranty.

Note: Works on NV200 models from 2010 and up.

NISSAN NV200 THIRD BRAKE LIGHT CAMERA

The Nissan NV200 camera mounts like a factory installed camera right under the third brake light. Its CMOS-CMD-III lens provides stunning image quality with 580 TV lines and with a 170° viewing angle this camera has an ultra wide, all encompassing view. Night vision is supported and with a very limited amount of ambient light, this camera will provide a crystal clear image.
