

RED LINE EXTRALIGHT 2.5WT SUSPENSION FLUID

- Popular in NASCAR's professional categories, motocross and road racing, where top engineers try to run the lightest fluid possible that maintains its viscosity and stability.
- Many motocross tuners use it as a direct replacement in the front forks on Showa and Kayaba forks, with or without revalving
- Also used in road racing and circle track as a direct replacement for Penske's 2.5wt Silkolene fluid
