

## RKSPORT FRONT GRILL INSTALL

Tools needed- Drill bit size 1/4in. – screw driver

1. YOU NEED TO PULL BACK THE BLACK STOCK FRONT GRILL OFF THE CAR
  - There are two clips on the bottom of the black grill that you need to remove.
  - There is one clip on each side of the grill that you need to remove
  - There are three clips on the top of the grill, these will be hard to remove you will see your bumper bow out as you pull (that's ok).
2. MOUNT THE RKSPORT GRILL WHERE IT BEST FITS YOUR CAR
3. DRILL ONE HOLE ON EACH SIDE OF THE GRILL IN TO THE BUMPER
4. SCREW THE PLASTIC FASTENERS IN TO BUMPER
5. WHEN INSTALLING THE MESH ON TO THE GRILL MAKE SURE THE MESH IS FLUSH WITH THE OUTSIDE OF THE GRILL
