**Thank you for your purchase! Whether you bought this Rock Hard 4x4 product from one of our fantastic dealers or our factory direct team, we thank you for your business.**

Rock Hard 4x4 is a family owned and operated business. We are headquartered in Saint Paul, Nebraska where we design, fabricate, and produce every single one of our products. Every single part we manufacture is 100% Made in the USA and exclusively in house by the Rock Hard 4x4 team.

We outsource zero processes.

**To you**, that means the product you are installing is the highest quality and longest lasting component on the market.

**To us**, that means you've selected a part we've spent years developing. Each Rock Hard 4x4 part has gone through more research and development and evolution than most people realize. While our parts may have the same striking look year after year, subtle revisions and refinements we implement maintain their status as the most durable and easy to install on the market.

*INSTALL TIP: U-BOLTS ARE DESIGNED TO FIT VERY SNUG. SOME POWDER COAT MARRING MAY OCCUR.*

*REVISION TIP: EARLIER TANK MOUNTS INCLUDED A METAL J-HOOK. THIS HAS BEEN REPLACED BY OUR INCLUDED STRAP. J-HOOKS ARE STILL AVAILABLE BUT SOLD SEPARATELY.*

1. Set tank mount on tire carrier, a helper may need to hold it in place.
2. Install u-bolts from bottom up, with washers and nuts on top side of angled mounting plate.
3. Tighten all hardware, install plastic end caps.

*STRAP INSTALL INSTRUCTIONS:*

1. **BOTTOM PLATE:** Down outer hole, up innermost hole, down middle hole, give yourself some slack, then loop around and go back up outer hole.
2. **TOP VERTICAL PLATE:** Through upper hole, in bottom hole, back out through middle, give yourself some slack, and back in upper hole.

**CONGRATULATIONS!** Now go wheel your rig with a whole new level of confidence and capability.
