**Thank you for your purchase! Whether you bought this Rock Hard 4x4 product from one of our fantastic dealers or our factory direct team, we thank you for your business.**

Rock Hard 4x4 is a family owned and operated business. We are headquartered in Saint Paul, Nebraska where we design, fabricate, and produce every single one of our products. Every single part we manufacture is 100% Made in the USA and exclusively in house by the Rock Hard 4x4 team.

We outsource zero processes.

**To you**, that means the product you are installing is the highest quality and longest lasting component on the market.

**To us**, that means you've selected a part we've spent years developing. Each Rock Hard 4x4 part has gone through more research and development and evolution than most people realize. While our parts may have the same striking look year after year, subtle revisions and refinements we implement maintain their status as the most durable and easy to install on the market.

1. Remove three factory bolts securing canister to vehicle floor pan using 16MM socket. Save bolts as they will be reused. Discard hanger.

*TECH TIP: INSTEAD OF UNPLUGGING HOSES, USE TIN SNIPS TO TRIM AWAY FACTORY EVAP HANGER AWAY FROM EVAP CANISTER.*

2. Remove bolt and nut that holds canister to factory evap canister hanger using 13MM socket.
3. Install Rock Hard 4x4 skid plate using OEM bolts and 16MM socket.

CONGRATULATIONS! Now go wheel your rig with a whole new level of confidence and capability.
