

**ROCK HARD 4X4 JEEP GRAND CHEROKEE
1999-2004 ROCKER GUARDS
PART #: RH-7053
Installation Manual**

Thank you for your purchase! Whether you bought this Rock Hard 4x4 product from one of our fantastic dealers or our factory direct team, we thank you for your business.

Rock Hard 4x4 is a family owned and operated business. We are headquartered in Saint Paul, Nebraska where we design, fabricate, and produce every single one of our products. Every single part we manufacture is 100% Made in the USA and exclusively in house by the Rock Hard 4x4 team.

We outsource zero processes.

To you, that means the product you are installing is the highest quality and longest lasting component on the market.

To us, that means you've selected a part we've spent years developing. Each Rock Hard 4x4 part has gone through more research and development and evolution than most people realize. While our parts may have the same striking look year after year, subtle revisions and refinements we implement maintain their status as the most durable and easy to install on the market.

1. Position rocker guard with plates at drip rail. Vise grip in place.
2. Mark all 8 holes at drip rail and mark 6 holes where plates meet frame. Remove rocker guard.
3. Drill drip rail $\frac{1}{4}$ " holes. Drill frame $\frac{3}{16}$ " or $\frac{1}{2}$ " if you don't have $\frac{3}{16}$ " drill bit.
4. Install molly jacks in frame with tool provided.
5. Re-install rocker guard with hardware provided. Do not tighten any bolts until all bolts are started.
6. Tighten all bolts.
