

Rostra 52-0357 Shift Solenoids for GM 4T40E/4T65E Installation Instructions

For your convenience, Rostra's OEM replacement solenoids for the GM 4T40E and 4T65E are designed so that one part number, 52-0357, replaces both styles of OEM shift solenoids. Installation is easy and straightforward with the following steps.

4T40E Applications

In 4T40E applications, simply remove the old solenoids and install the new Rostra solenoids.

4T65E Applications

Remove the original solenoid from the valvebody by removing the retaining clip. Install the new Rostra solenoid.

Old Solenoid

New Solenoid
