

WE ARE A FULL SERVICE MANUFACTURER OF TURBOCHARGERS AND REPLACEMENT PARTS.

Rotomaster began operations in 1978 as an alternative supply for turbochargers to original equipment manufacturers. In 2002, Rotomaster was reborn with new tooling to accompany its already existing range. Since then, Rotomaster has rapidly developed to provide a quality driven supply of complete turbochargers, cartridges, service kits and components.

Rotomaster is ISO certified to meet the demand for high quality manufacturing required for its market segment, and has developed with such standards to be recognized in the industry as a 'top tier' company. Rotomaster offers a wide range of products for Off Highway, Industrial, Commercial Transport, Marine, Light Truck and Passenger Car diesel/gas applications worldwide.

Concentration on engineering, flexible manufacturing, material testing, quality assurance, and technical support has driven Rotomaster to where it is today as the aftermarket leader. Rotomaster's 'in house', one of a kind, test facility provides solutions to the aftermarket and OEM manufacturers. Backed by attention to detail and excellent customer service, Rotomaster has momentum for the future and aims to establish effective aftermarket distribution worldwide.

Rotomaster welcomes new business and thanks its motivated dealers.

WAUKESHA TURBOCHARGERS

Anyone who makes aftermarket turbocharger parts invariably concentrates on the T04B series or the Big Three: Caterpillar, Cummins and Detroit.

At long last there is an aftermarket source for Waukesha applications. Rotomaster™ is proud to present our line of Waukesha replacement turbos and components. But this is only the start. We will be constantly expanding this product line with lower volume applications and the newest releases.

Check with us regularly to see what's new!

Rotomaster™

KOMATSU TURBOCHARGERS

Rotomaster™ is pleased to announce that we have developed our own line of Komatsu KTR110 and KTR130 replacement turbochargers. After closely inspecting the offshore product that is currently available, we decided to answer the need for a high quality alternative.

The following KTR110 and KTR130 turbochargers are available.

FAMILY	MODEL	ROTOMASTER NUMBER	KOMATSU NUMBER
KTR110	KTR110-1A	Q6505-52-5510N	6505-52-5510
	KTR110G-F45C	Q6505-51-5032N	6505-51-5032
	KTR110-GL87B	Q6505-52-5570N	6505-52-5570
	KTR110L-3H4E	Q6505-65-5020N	6505-65-5020
KTR130	KTR130-9G2	Q6502-12-9005N	6502-12-9005
	KTR130-11F	Q6502-13-2003N	6502-13-2003

In addition to the KTR110 and KTR130 Rotomaster™ also manufactures the following Komatsu turbochargers.
