**New!**

Rugged Ridge® is proud to introduce the toughest new design in custom wheels for 2007-14 Wrangler. This Hub-Centric design exactly centers the wheel over the hub providing proper balance, clearance for brake rotors, steering components and suspension. Better fit, no wheel vibration! Stainless steel button-head socket cap screws around the perimeter of the outer wheel face give a great 3-piece look, and also let you accessorize with our optional trim ring. Available in five finishes: Satin Black Powdercoated, Satin Black Powdercoated with Machined Lip, Silver Powdercoated, Dual-Stage Polished Chrome, and Gunmetal. The durable powdercoated finish gives an ultra-hard finish for long life and a great look. The chrome finish uses a dual-stage process to give a deep reflective mirror-like shine that commands attention. Rugged Ridge® wheels have been independently tested and certified to meet/exceed SAE J2530 standards for wheel strength and durability. Limited lifetime structural warranty and 1 year finish warranty (see warranty information for details and limitations). Backspacing is 4.53" with a -12mm offset.

### WARNING

Improper wheel/spacer installation and torquing may degrade handling and result in wheel separating from vehicle.

TO REDUCE RISK OF INJURY OR DAMAGE ALWAYS:

- Torque lugs using vehicle manufacturer's recommendations & sequence, assuring clean threads, wheel cold and compatibility of lugs nuts to wheel surface.
- Inspect & re-torque lugs after 50 miles (80 Km.) of installation or wheel service.

## RIM PROTECTORS FOR XHD WHEELS

Trim rings are available in either Satin Black Powdercoated or Polished Stainless Steel. These trim rings are a great way to protect the wheel lip and tire bead. They also allow you to change the look of your wheels with just a few bolts. For use with Rugged Ridge® aluminum wheels only.

# STEEL D-WINDOW WHEELS

Legendary looks, brutally epic strength. Each Rugged Ridge® steel wheel is stamped from heavy gauge steel and powder coated with a durable black finish. Our wheels have been engineered, tested and certified to meet and exceed the strenuous SAE J2530 standards for wheel strength and durability. Turning a million cycles at double their load capacity to ensure they could hold up the abuses of off road use. Because a Jeep® isn't a Jeep® until its lifted and outfitted with oversized tires. All Rugged Ridge® Steel D Window wheels include a FREE polished center cap!

Steel D-Window Wheels	Part #
07-14 Wrangler, Black, 17X9, 5 on 5 Bolt pattern, 4.5 Backspacing	15500.70

**WARNING**

# HEAVY DUTY TIRE SPACER

Bolts to your existing factory spare tire mount and relocates the tire two inches up and out. Features 5x4.5" and 5x5.5" wheel bolt patterns and tough powder coated black textured finish. Caution: The tailgates on 07-14 Wrangler models are not designed to hold extra large tires. Therefore, do not use a tire larger than a 33x12.50" or equivalent tire with this spacer. If you want to carry a larger tire, we recommend using the XHD Rear Bumper with Tire Carrier.

HD Tire Carrier & Spacer	Part #
07-14 Wrangler, Textured Black, Each	11585.02

**CAUTION:** The tire carrier spacer is designed to fit tires 33" in diameter or less. Do not exceed these tire sizes.

# WHEEL SPACERS & ADAPTERS

These hub centric spacers / adapters move your wheels out to help fit wider tires and give your vehicle a wider track and improve stability. Constructed of double anodized black extra thick 6061T6 aluminum for long life and extra corrosion resistance. All hardware is grade-8 for extra strength. Each part number comes as a spacer pair. Included are 10 pre-installed grade-8 wheel studs, 10 lug nuts and thread locker.

**CAUTION!**  
CAUTION: Rugged Ridge® recommends use of wheel spacers with all suspension lifts to reduce risk of roll over or other accident associated with handling due to increased roll over capabilities. See additional product safety information and WARNINGS at back of catalog.

Wheel Spacer & Adapter Kits	Part #

# STAINLESS STEEL BRAIDED BRAKE HOSES

Rugged Ridge® Braided Stainless Steel Brakes Hoses feature a tuff stainless steel braided outer cover with a flexible Teflon inner core to withstand trail hazards better than OE rubber hoses. They provide up to 4" of additional length over stock hoses, a must for any lifted vehicle! Braided Stainless Steel Brakes Hoses improve braking performance! So, you won't suffer from a soft brake pedal caused by OE rubber hose expansion. Meets or exceeds DOT FMVSS-106 regulations. Backed by the Rugged Ridge® industry leading 5-Year Limited Warranty.
