

Warranty

Rust Buster offers the original purchaser a One year warranty from defects in material and workmanship on all products from the original date of purchase. Due to the intended use of our product, our warranty does not cover product that is damaged during installation, improper installation, sustained from offroad use or accidents. Rust Buster Frameworks is not responsible for frames that have been modified or frames that don't have suspension systems that use OE mounting locations. Installation quality is the responsibility of the shop or consumer that is installing the product.

This warranty does not cover shipping damage, misuse, mishandling, road hazards, or product modifications. This warranty does not cover cost for installation, removal, labor or shipping. This warranty only applies to new products installed on the original vehicle. The warranty covers the replacement or repair of any part or parts that are defective and returned to Rust Buster Frameworks accompanied with a bill of sale and RGA number. Warranty claims cannot be determined until goods are inspected. If you live in an area that uses salt or other harsh chemicals for snow and ice removal, it is very important that you keep your product painted and clean. If you allow salt and other harsh snow and ice removing chemicals to stick to your product, this may cause your product to rust prematurely and will void your warranty (warranty will be voided under product neglect). Product hardware and accessories (bolts, etc...) are not covered under any part of our warranty.

Upon our receipt of the damaged product it will be replaced or repaired at our discretion. The warranty is only applicable for the original purchaser of the product; all names of customers are held in a Rust Buster Frameworks database for reference. All returns will be checked and any modifications made to any of these products will void the warranty.

Installation labor, paint, powder coat, or any other finishes are not covered by warranty. We do not cover shipping, insurance or any import fees, duties and taxes for the returned product. If after inspection, we found the product to be defective in materials or workmanship, we will at no cost repair or replace the defective product with the same or comparable product on a "best-effort" basis. This warranty does not cover incidental or consequential damages such as damage to or loss of directly or indirectly caused by the product. Please contact us about product failures regardless of reason.

Disclaimer and Limitation of Liability:

Rust Buster Frameworks products are designed to be sold as repair products and intended to be installed by professionals or certified welders. The buyer assumes all risk and liability whatsoever resulting from the use of said products. There are limitations to the severity of impact that the products sold herein can withstand and the products are not a substitute for safe and careful driving. Rust Buster Frameworks reserves the right to redesign or discontinue products at any time without prior notice.

If the Rust Buster Frameworks product fails to work as warranted above, Rust Buster Frameworks maximum liability under the above warranty is expressly limited to the cost of repair or replacement of any products or components that malfunction in conditions of normal* use. Except as indicated above, in no event will Rust Buster Frameworks be liable for any damages caused by the product or the failure of the product to perform, including any lost profits or wages, business interruption, loss of use or any other commercial or economic loss of any kind, or special, incremental, or consequential damages. Rust Buster Frameworks is not liable for any claim made by a third party or made by you for the third party. This limitation of liability applies whether damages are sought, or a claim made, under this limited warranty or as a tort claim (including negligence and strict product liability), a contract claim or any other claim. This limitation in liability cannot be waived or amended by any person. This limitation of liability will be effective even if you have advised Rust Buster Frameworks, or an authorized representative of Rust Buster Frameworks of the possibility of any such damages or even if such possibility were reasonably foreseeable. This limited liability gives specific legal rights. You may also have other rights that may vary from state to state or from county to country. You are advised to consult applicable state or country laws for a full determination of rights.

When it comes to quality chassis frames and body, Rust Buster is the brand you can depend on.
