Introduction

Chapter 1: Choose Your Corvette

Fiberglass Bodies

Handling

NCRS and Bloomington Gold

Collector Values

Exterior/Interior Differences

Options

Skills and Capabilities

Chapter 2: A Corvette by the Numbers: What to Look For

Codes, Codes, Codes

Inspection Results

Analyzing a Potential Project

Chapter 3: Getting Started

Types of Restoration

Shop/Garage Requirements

Parts Cleaning

Paint Preparation

Equipment Needs

Sourcing Parts

Disassembly

Lifting the Body

Chapter 4: Bodywork

Components to Consider

Inspection

Fiberglass Repair

Fiberglass Panel Replacement

Fiberglass Panel Removal

Frame Repair

Prepping to Paint

Chapter 5: Paint

Safety Concerns

Choose a Shop

Should You Do It Yourself?

Paint Types

NCRS or Bloomington Gold Paint Refinishing

Practice Applying Paint

Paint Facilities

Body Prep

Post-Paint Work

Body Reinstallation

Chapter 6: Engines

Other Factors to Consider

Engine Disassembly

Machine Shop Service

Short Block Assembly

Top End Assembly

Valve Adjustment

Alternative Engine Options

Bloomington Gold/NCRS Requirements

Chapter 7: Transmissions

Identification

Disassembly

Inspection

Assembly

Transmission Options

Chapter 8: Driveline Restoration

Clutch Linkage

Bellhousing

Differential

Install Driveshaft/Axleshaft

Chapter 9: Brakes

1963–1965 Drum Brakes

Drum Brake Options

Hydraulic System

Master Cylinders

Brake Lines, Fittings, Hardware

Power or Manual Brakes?

Brake Fluid

Parking Brakes

Chapter 10: Suspension

Design Innovations

Alignment Terms

Suspension Restoration

Rear Wheel Bearing Service

Make a Plan of Attack

Chassis Disassembly

Subassembly Disassembly

Rear Trailing Arm Installation

Steering System Installation

Subassembly Installation

Component Installation

Chapter 11: Electrical and Wiring

Electrical System Inspection

Wiring Advances

Component Restoration

Alternators

Using a Multi-Meter

Starter Motors

Ignition Distributors

Electric Motors

Gauge Clusters

Chapter 12: Interior

Seat Covers

Headliner and Insulation

Cowl Vents

Dash Assembly

Carpet

Window Trim

Seats

Door Panels

Convertible Top

Hardtop

Chapter 13: Other Components

Fuel System

Mechanical Fuel Injection

Cooling System

Air Conditioning

Sound System

Ignition Shielding

Wheels and Tires

Power Steering

Power Windows

Exhaust System

Windshield and Glass
